Independent Auditors' Report

Plan Trustees
JVA, Inc. Profit Sharing Plan and Trust
Boulder, Colorado

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of JVA, Inc. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JVA, INC. PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 And 2022

1. Description Of Plan And Basis Of Presentation

The following description of the JVA, Inc. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of JVA, Inc. (the Company) who have completed 1,000 hours of service or 3 months of service, whichever is earlier, and have attained age 21. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (the Code), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Empower Annuity Insurance Company of America and Empower Trust Company, LLC (formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, respectively) serves as the trustee, manages Plan assets and maintains the Plan's records. Empower Annuity Insurance Company of America and Empower Trust Company, LLC will be collectively referred to as Empower.

Contributions

Each year, participants may contribute between 1% and 100% of eligible compensation (as defined in the Plan Agreement), as Roth contributions, pre-tax contributions or a combination thereof, subject to certain Internal Revenue Service (the IRS) limitations. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are immediately eligible for Company matching contributions, which are made at the discretion of the Company and are equal to a uniform percentage or dollar amount of a participant's elective deferrals each payroll period. During the year ended December 31, 2023, the Company matched the lesser of 40% of deferrals not exceeding 6% of eligible compensation or 2.4% of eligible compensation. The Company, at its discretion, may also make nonelective contributions in addition to the matching contributions outlined above. Participants who complete 1,000 hours of service or 3 months of service, whichever is earlier, during the Plan year are eligible to share in the nonelective contributions. There were no nonelective contributions made during the year ended December 31, 2023.

JVA, INC. PROFIT SHARING PLAN AND TRUST

Notes To Financial Statements (*Continued*)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions and allocations of Company nonelective contributions, Plan earnings or losses, forfeitures and Plan expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Investment Options

The Plan offers participants a variety of investment options through various mutual funds, a common/collective trust fund and a guaranteed investment contract. A participant may direct contributions to any of the investment options provided by the Plan. Participants may change their investment elections or future contributions at any time during the year.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their vested account balance, or \$50,000, whichever is less. Note receivable terms range up to five years. The notes receivable are secured by no more than 50% of the vested balance in the participant's account and bear interest at the Prime Rate plus 1% at the time the note receivable originated. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave or cashier's checks for the full payoff of the notes receivable. Participants may have one loan outstanding at a time.

Benefit Payments

Upon termination of employment, retirement, disability or death, a participant, or their beneficiary in the instance of death, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. The Plan allows in-service distributions and partial distributions of vested account balances to participants age 59½ or older. Furthermore, the Plan allows for terminated participant vested account balances of \$1,000 or less to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan into an individual retirement account.

Active participants who experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to the Plan and established IRS safe harbor provisions.

JVA, INC. PROFIT SHARING PLAN AND TRUST

Notes To Financial Statements (*Continued*)

Vesting

Participants are immediately vested in their voluntary salary deferral contributions, Company matching contributions, rollover contributions and any income or loss thereon.

The Company's discretionary contributions, if any, vest according to the following schedule:

<u>Years Of Service</u>	<u>Vested Percentage</u>
Less than three years	0%
Three years or more	100%

A participant's account becomes 100% vested upon death or disability while an employee or attaining normal retirement age (age 65).

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are placed in a separate account and can be used as an additional discretionary nonelective contribution, an additional discretionary matching contribution or to pay Plan expenses. There were no forfeitures available at December 31, 2023 and 2022, and no forfeitures were used during the year ended December 31, 2023.

Administrative Expenses

Each participant pays administrative expenses based ratably on the size of the participant's account balance or expenses may be charged equally to each participant. In addition, some expenses are only charged to participants based on their use of a Plan feature or receipt of a distribution. Administrative expenses may be paid by the Company, or by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

The Plan has an expense account which accumulates a balance through fee reduction agreements with Empower and interest allocations. The account may be used to pay certain Plan expenses at the discretion of the Plan Administrator. As of December 31, 2023 and 2022, the Plan expense account had a balance of \$4,000 and \$2,558, respectively, and is reported as cash on the statement of net assets available for benefits.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract and is reported at contract value on the statement of net assets available for benefits.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation represents the difference between an investment's aggregate fair value at year end and its value at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

JVA, INC. PROFIT SHARING PLAN AND TRUST

Notes To Financial Statements *(Continued)*

The Company has concluded that no allowance for credit losses was necessary at December 31, 2023 or 2022.

Payment Of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants as of December 31, 2023 and 2022, and investment income and interest income on notes receivables from participants for the year ended December 31, 2023, disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower. This information has not been audited by the Plan's independent auditor.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets,
 - Quoted prices for identical or similar assets or liabilities in inactive markets,

JVA, INC. PROFIT SHARING PLAN AND TRUST

Notes To Financial Statements (*Continued*)

- Inputs other than quoted prices that are observable for the asset or liability and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Assets are valued at the daily closing price as reported by the funds. Mutual funds are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (the NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

Common/Collective Trust

These are valued at the unit value or the NAV of the shares held by the Plan at year end. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the number of shares outstanding. All of the underlying investments held by the Plan may be redeemed daily. The common/collective trust held by the Plan is not required to be reported in the fair value hierarchy. The common/collective trust held by the Plan files an annual report on Form 5500 as a direct filing entity. The common/collective trust has no unfunded capital.

JVA, INC. PROFIT SHARING PLAN AND TRUST

Notes To Financial Statements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023 and 2022:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,093,587	\$ —	\$ —	\$ 17,093,587
Total Investments At Fair Value	\$ 17,093,587	\$ —	\$ —	17,093,587
Common/collective trust at net asset value per share (a)				212,860
				<u>\$ 17,306,447</u>

	Decemeber 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,344,051	\$ —	\$ —	\$ 13,344,051
Total Investments At Fair Value	\$ 13,344,051	\$ —	\$ —	13,344,051
Common/collective trust at net asset value per share (a)				177,090
				<u>\$ 13,521,141</u>

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorize in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There have been no changes in the valuation methodologies used at December 31, 2023 or 2022.

5. Guaranteed Investment Contract With Insurance Company

The Plan has a group annuity contract with Empower Annuity Insurance Company of America that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest-crediting rate is based on the earnings of the underlying assets in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest-crediting rate is reset quarterly and may not be set below 0.00%. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. For the years ended December 31, 2023 and 2022, the crediting interest rate was 1.23% and 0.93%, respectively.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan Agreement (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Party In Interest Transactions

The Plan invests in a guaranteed investment contract and mutual funds issued and managed by Empower. Certain employees have outstanding loans with the Plan as of December 31, 2023 and 2022. These are considered to be allowable party in interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Income Tax Status

The Plan uses a pre-approved defined contribution plan sponsored by Empower. Empower has received its latest opinion letter on June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
