INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Fall River Health Services 403(b) Plan
Hot Springs, South Dakota

Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Fall River Health Services 403(b) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and December 31, 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FALL RIVER HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(1) Description of the Plan

The following description of the Fall River Health Services 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Nature of Business of Plan Sponsor

Fall River Health Services provides hospital, nursing home, and clinic services to patients in southwestern South Dakota.

General

The Plan is a defined contribution 403(b) plan established for the benefit of the employees of Fall River Health Services (the Organization). The Plan and the trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Organization are eligible to participate in the Plan. Participants who have attained the age of 21, worked 1,000 hours during the 12 month Plan year, and are employed on the last day of the Plan year are eligible to receive a match.

Contributions

Participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, and subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for matching contributions made by the Organization up to 50 percent of the first 6 percent of each participant's contribution to the Plan. Additional amounts may be contributed at the option of the Organization's Board of Directors. There were no additional discretionary contributions made for the years ended December 31, 2023 and 2022.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or take distributions of less than their entire vested account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested benefits less than \$1,000 are distributed as soon as administratively feasible after the participant's termination of employment. Vested benefits greater than \$1,000 but less than \$5,000 are rolled over to an individual retirement account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Organization's matching and discretionary contributions become 25 percent vested after one year of credited service as defined and continue to vest at the rate of 25 percent for each successive year of service until 100 percent vested after four years of service.

FALL RIVER HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(1) Description of the Plan

Participant Investment Options

Participants direct their account balance to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year. Participants may elect to discontinue contributions at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Organization's contribution and Plan earnings or losses and charged with a portion of Plan expenses.

Forfeitures

Non-vested account balances are forfeited, unless participants return to employment and contribute the distribution received at termination within a specified time. Forfeited, non-vested account balances were **\$1,462** and **\$5,221** at December 31, 2023 and 2022, respectively. Forfeitures used to reduce employer contributions was **\$5,281** during the year ended December 31, 2023.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus two percent established at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan. Trustee fees and other administrative expenses are paid by the Organization. If not paid by the Organization, the administrative expenses become the responsibility of the Plan.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value on a recurring basis as determined by the Trustee (Notes 3 and 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

FALL RIVER HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(2) Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Net Change in Fair Market Value of Investments

The net appreciation (depreciation) in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Organization has evaluated subsequent events through August 30, 2024, the date which financial statements were available for issue.

(3) Information Certified by Trustee

The Plan is administered by the Organization. Nationwide Trust Company, FSB, is the Plan's Trustee for both of the years ended December 31, 2023 and 2022. The Plan assets invested in mutual funds are in common funds held and managed by the Trustee.

The Plan's investments are held by the Trustee, who performs all accounting functions associated with the Plan's investments. The fair value of investments at December 31, 2023 and 2022 is determined by the Trustee (Note 7).

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the years ended December 31, 2023 and 2022. Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for Employer Contribution Receivable)
Statement of Changes in Net Assets Available for Benefits (except for Contributions, Benefits Paid to Participants, and Expenses)
Supplemental Schedule of Assets Held at End of Year

FALL RIVER HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(3) Information Certified by Trustee

The Plan invests in a mutual funds with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since December 31, 2023.

(4) Income Tax Status

The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(6) Participant Withdrawals

Vested, undistributed account balances of separated Plan participants totaled approximately **\$2,681,000** and **\$1,681,000** at December 31, 2023 and 2022, respectively.

(7) Recurring Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

DECEMBER 31, 2023 AND 2022

(7) Recurring Fair Value Measurement

- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables present the assets carried at fair value as of December 31, 2023 and 2022, in the accompanying Statements of Net Assets Available for Benefits by fair value hierarchy, as described above. All are measured on a recurring basis.

December 31, 2023:	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 6,496,128	\$ -	\$ -	\$ 6,496,128
	\$ 6,496,128	\$ -	\$ -	\$ 6,496,128
December 31, 2022:	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 5,323,636	\$ -	\$ -	\$ 5,323,636
	\$ 5,323,636	\$ -	\$ -	\$ 5,323,636

(8) Related Party Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. Certain Plan investments are shares of mutual funds managed by Nationwide Trust Company who is the Trustee of the Plan. The Plan allows participants to take out loans against their account balances.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
