REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator
Hoover Treated Wood Products, Inc. 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Hoover Treated Wood Products, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hoover Treated Wood Products, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all of the non-union hourly employees of Hoover Treated Wood Products, Inc. (the "Company" or "Plan Sponsor") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Company, as Plan Sponsor, has appointed Fidelity Management Trust Company ("FMTC") as the trustee of the Plan. Fidelity Workplace Services LLC provides recordkeeping and other administrative services to the Plan.

Eligibility

All non-union hourly employees of the Company are eligible to participate in the Plan, unless specifically excluded. Entry dates are: January 1, April 1, July 1, and October 1. Employees who are at least 18 years of age and have completed six months of service are eligible to contribute to the Plan. Excluded employees consist of the following:

- Leased employees, independent contractors and other workers who are not compensated through the internal corporate payroll system.
- An employee whose employment is governed by a collective bargaining agreement with the Company and the agreement does not call for participation in the Plan.
- Salaried employees.

Contributions

Each year, participants may contribute a portion of their pre-tax compensation as defined by the Plan, up to 60% of such compensation and subject to Internal Revenue Code ("IRC") pre-tax deferral limits as defined. Participants age 50 and older may also make catch-up contributions as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Plan also includes an automatic salary deferral provision, which states that once an employee is eligible to participate, the Company will automatically defer 2% of the employee's eligible compensation to the Plan as a pre-tax contribution, which is then increased each year thereafter by 1% up to a maximum of 6%. Eligible employees may complete a salary deferral agreement to select an alternative deferral amount or to elect not to defer under the Plan.

The Plan provides for a discretionary matching contribution which equaled 50% of the first 6% of eligible compensation contributed by each participant on a per pay period basis for 2023.

The Plan also provides for a discretionary nonelective contribution which may be funded annually and is determined by the Company's board of directors. During 2023, the discretionary nonelective contribution was 5% of eligible compensation for all employees who were employed with the Plan Sponsor on December 31, 2023. For the years ended December 31, 2023 and 2022, the discretionary nonelective contribution totaled $576,411 and $448,401, respectively, and is recorded as a receivable as of

December 31, 2023. Employees are eligible to receive a share of any discretionary Company contributions if they are employed on the last business day of the Plan year and provided at least 1,000 hours of service during the Plan year. Eligible employees are not required to contribute to the Plan to be eligible for the employer discretionary nonelective contribution. The discretionary nonelective contribution is allocated based on a uniform percentage of each participant's eligible compensation for the Plan year.

The Plan also provides for qualified nonelective contributions. There were no qualified nonelective contributions made during 2023.

Contributions are subject to certain regulatory limitations.

Participant Accounts

Participants' accounts may be invested in one or more of the investment funds available under the Plan at the direction of the participant. Each participant's account is credited with (a) participant's contributions, (b) an allocation of Company contributions and (c) an allocation of investment earnings; and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's matching and discretionary contributions plus earnings thereon is based on years of service. A participant is 20% vested after one year, 40% vested after two years, 60% vested after three years, 80% vested after four years, and 100% vested after five years of credited service.

Investment Options

Participants may direct their contributions, allocated Company contributions, and any related earnings into a number of available investment options that vary in degree of risk and investment objective. The Plan currently holds various mutual funds and a money market fund as investment options for participants. Participants may change their investment options daily. The Plan administrator may change the investment options available to participants at any time.

Benefit Payments

Upon termination of service, a participant will receive an amount equal to the value of the vested interest in his or her account. If a participant terminates while an active employee due to death, disability, or retirement, his or her account balance will automatically become 100% vested. Participants may receive all or a portion of their balance of deferred contributions and rollovers by requesting an in-service withdrawal if they are at least 59½. The Plan also provides that a participant may receive liquidation of all or a portion of his or her deferral contribution balance in the event of an economic hardship in the form of a lump-sum distribution only.

Forfeitures and Administrative Expenses

Forfeitures of terminated participants' nonvested accounts are used to either pay expenses of the Plan or reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2023 and 2022, were $91,755 and $73,166, respectively. The Plan used $83,439 to reduce Company contributions during 2023. The Plan did not use forfeitures to reduce administrative expenses during 2023.

Pursuant to provisions of the Plan, the Company pays substantially all expenses for the administration of the Plan except for certain investment related and participant requested service expenses. Amounts reported as administrative expenses per the statement of changes in net assets available for benefits primarily pertain to participant-initiated transaction fees.

Transfer of Assets

Certain employees of the Plan Sponsor participate in the Plan or the Hoover Treated Wood Products, Inc. 401(k) Savings Plan (the Salaried Plan). Participation in the Plan or the Salaried Plan is based upon the employee's job classification. Consequently, transfers of assets between the Plan and the Salaried Plan occur as participants change job classifications. The assets are transferred at fair value.

Changes in the employment status of certain employees resulted in net transfers of $954,527 out of the Plan to the Salaried Plan for the year ended December 31, 2023.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available or benefits.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 26, 2024, the date the financial statements were available to be issued.

Subsequent to year end, assets totaling $6.8M were transferred to the Graham Holdings Company Plan with an effective date of July 1, 2024.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Money market fund and mutual funds: valued at the quoted market prices of shares held by the Plan at year end and are considered Level 1 measurements.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 741,110	$ -	$ -	$ 741,110
Mutual funds	5,288,460	-	-	5,288,460
Total investments, at fair value	$ 6,029,570	$ -	$ -	$ 6,029,570

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 752,554	$ -	$ -	$ 752,554
Mutual funds	4,634,413	-	-	4,634,413
Total investments, at fair value	$ 5,386,967	$ -	$ -	$ 5,386,967

NOTE 4 - RELATED-PARTY TRANSACTIONS

The Plan's investments are shares of mutual funds and a money market fund are held by FMTC and managed by one of its affiliates. FMTC is the trustee as defined by the Plan, and therefore, transactions in these investments qualify as party-in-interest transactions.

NOTE 5 - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of assets (held at end of year) as of December 31, 2023.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Plan adopted a prototype plan document, which received an opinion letter from the IRS on June 30, 2020, which stated that the prototype plan document is designed in accordance with the applicable sections

of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	$ 6,615,680	$ 5,835,368
Company contributions receivable	(576,411)	(448,401)
Participant contributions receivable	(9,699)	-
Net asset available for benefits per Form 5500	$ 6,029,570	$ 5,386,967

The following is a reconciliation of net assets per the financial statements to Form 5500:

	For the Year Ended December 31, 2023
Net increase in net assets available for benefits before Plan transfers per the financial statements	$ 1,734,839
Less: Company contributions receivable as of December 31, 2023	(576,411)
Plus: Company contributions receivable as of December 31, 2022	448,401
Less: Participant contributions receivable as of December 31, 2023	(9,699)
Net income per Form 5500	$ 1,597,130

NOTE 9 - NONEXEMPT TRANSACTIONS

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, line 4(a)), certain Plan contributions in 2023 were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company.
