Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the **Thermal Tech Engineering, Inc. Profit Sharing/Savings Retirement Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profit Sharing/Savings Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the Thermal Tech Engineering, Inc. Profit Sharing/Savings Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established February 1, 1986 and restated effective January 1, 2021. The Plan is sponsored by Thermal Tech Engineering, Inc. (the “Company”). The Plan covers substantially all employees of the Company for all contribution types. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to the maximum amount allowed by law. Participants may designate these deferrals to be pre-tax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a safe harbor matching contribution equal to 100% of the first 3% and 80% of the next 3%, not exceeding 6%, of eligible compensation that a participant contributes to the Plan. The Company may also make a discretionary matching contribution and an annual discretionary profit sharing contribution. The amounts of discretionary contributions are determined by the Company. For the years ended December 31, 2023 and 2022, the Company elected to make a discretionary profit sharing contribution of 5.6% of eligible compensation, utilizing the integrated compensation method. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may direct the investment of their account balances into various investment options or may establish a segregated brokerage account in order to direct their investments.

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

Note 1 – Description of the Plan (Continued)

Vesting

Participants are vested immediately in their contributions and the safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their account is based on continuous service. The Company's discretionary contributions begin to vest after one year of service at a rate of 20% per year and are fully vested after 5 years of service. Participant accounts become fully vested in the event of death, total disability, early retirement and normal retirement while still employed.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one note outstanding at any time. The notes are secured by the balance in the participant's account. The note interest rate is established by the administrator in a nondiscriminatory manner. The notes are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms may exceed five years.

Payment of Benefits

On termination of service due to death, disability, separation, or retirement, a participant (or a participant's beneficiary in the event of death) may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or partial withdrawals, provided the minimum withdrawal is \$1,000. In-service distributions, as defined by the Plan, are allowed from rollover and discretionary Company contributions. Hardship withdrawals, as defined by the Plan, are allowed from all types of contributions that are fully vested at the time of the distribution.

Forfeited Accounts

These accounts may be used to pay administrative expenses or used to reduce Company contributions. For the years ended December 31, 2023 and 2022, approximately \$42,900 and \$9,700 of forfeited accounts were used to pay administrative expenses. There were no forfeited accounts used to reduce Company contributions for the years ended December 31, 2023 and 2022. At December 31, 2023 and 2022, the balance in the forfeited non-vested accounts totaled approximately \$3,300 and \$7,000 respectively.

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan, of notes receivable from participants, and of benefit payments are charged directly to the participant's account and are included in administrative expenses. Total administrative expenses paid by the Plan for the years ended December 31, 2023 and 2022 were approximately \$62,700 and \$27,800, respectively. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded.

Note 2 – Summary of Accounting Policies (Continued)

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 14, 2024, the date the financial statements were available to be issued, and determined that no disclosure in these financial statements was necessary.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, other inputs that are observable, or can be corroborated by observable market data.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Account: Value of the account approximates carrying value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – Fair Value Measurements (Continued)

Investments Traded in Active Markets (Self-Directed Brokerage Accounts): Investments in common stock, fixed income securities, corporate bonds, government securities, and inflation protected securities, traded in active markets on national and international securities exchanges are valued at closing prices of the last business day of each period presented. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023

Note 4 – Information Certified by Greenleaf Trust

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, Greenleaf Trust, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2023	2022
Money Market Account	\$ 2,512,506	\$ 2,305,688
Mutual Funds	\$ 39,679,923	\$ 29,378,049
Self-Directed Brokerage Accounts	\$ 2,235,735	\$ 1,770,337
Notes Receivable from Participants	\$ 127,539	\$ 167,369
Interest and Dividend Income Receivable	\$ 21,449	\$ 19,825
Year Ended December 31,	2023	2022
Net Appreciation (Depreciation) in Fair Value of Investments	\$ 5,438,831	\$ (7,945,062)
Interest and Dividend Income	\$ 1,093,211	\$ 1,189,064
Interest on Notes Receivable from Participants	\$ 9,225	\$ 8,590

Note 5 – Related Party and Party-In-Interest Transactions

For the years ended December 31, 2023 and 2022, the Plan made a direct payment to Greenleaf Trust of approximately \$62,700 and \$27,800 respectively. Greenleaf Trust is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for additional investment management services are included in net appreciation or depreciation in fair value of the investment. The Plan Sponsor pays directly any other fees related to the Plan's operations. Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contributions.

Note 7 – Income Tax Status

The IRS has determined and informed Greenleaf Trust, the trustee of the Plan, by a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA (the prototype plan upon which the Plan is based) is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the opinion letter, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirement of the IRS and, therefore, believes the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
