Report of Independent Auditor

To the Plan Administrator
Hanwha Q Cells USA 401(k) Saving Plan
Dalton, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Hanwha Q Cells USA 401(k) Saving Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the Financial Statements

We were engaged to audit the 2020 financial statements of Hanwha Q Cells America Inc. 401(k) Audit. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HANWHA Q CELLS USA 401(k) SAVING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The following brief description of the Hanwha Q Cells USA 401(k) Saving Plan (the “Plan”) is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan, effective October 1, 2018, is a defined contribution plan covering eligible employees of Hanwha Q Cells USA Inc. (the “Company” or “Employer” or “Plan Sponsor”) who attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Assets of the Plan were held by Reliance Trust Company for the year ended December 31, 2020 and the period from January 1, 2021 through October 31, 2021. Principal Trust Company serves as the trustee of the plan beginning November 1, 2021 (the “Trustee”).

Contributions – Each participant may make pre-tax elective and Roth elective contributions in an amount ranging from 1% to 90% (in whole percentages) of the participant’s compensation, subject to Internal Revenue Code (“IRC”) limitations. Participants over the age of 50 can elect to make catch up contributions, as defined by the Plan. The Company makes “safe harbor” matching contributions equal to 100% of the first 3% of a participant’s eligible earnings that the participant defers as an elective deferral and an additional 50% of the next 2% of a participant’s eligible earnings that the participant defers as an elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows for the Company to make discretionary nonelective contributions.

Investment Options – Participants may direct the Trustee as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may be made at any time.

Participant’s Accounts – Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions and (b) Plan earnings and charged with (a) withdrawals and (b) an allocation of Plan losses and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Each participant is 100% vested at all times in his or her salary reduction contributions and safe harbor employer matching contributions plus actual earnings thereon. Vesting in the employer nonelective contributions is based on years of service as per the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by their highest outstanding note balance during the past one-year period or 50% of the vested account balance. Individual loans are secured by the balance in the participant’s account and bear interest at a rate ranging from 5.25% to 7.50% as of December 31, 2021. Notes must be repaid within five years, except those that are used for the purchase of a participant’s primary residence, in which case the loan can be extended up to 30 years. Principal and interest are paid through payroll deductions. If a participant defaults on the loan, the outstanding loan balance plus accumulated interest is deemed a distribution and reported as income to the participant, subject to early withdrawal penalty.

HANWHA Q CELLS USA 401(k) SAVING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, benefits are payable in a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments at the election of the participant. Participants are allowed in service withdrawals of participant's vested interest in his or her account upon attainment of retirement age or in the event of a financial hardship. For terminated participants' account balances that are at least \$1,000 but less than \$5,000, the Plan Administrator may transfer the entire amount into an individual retirement account without the participant's consent. If the terminating participant's account balance exceeds \$5,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a distribution (with consent of the participant's spouse, if applicable). For terminated participants' account balances that are less than \$1,000, the Plan Administrator may distribute the entire amount in a lump sum without the participant's consent.

Forfeited Accounts – Participants who terminate employment before they are fully vested forfeit all rights to any non-vested portion of their account. The Plan Agreement allows for forfeitures to be used to reduce employer contributions or to pay Plan expenses. There was no balance in forfeited non-vested accounts during the year ended December 31, 2021 and 2020. As of December 31, 2021 no forfeitures were used to reduce employer contributions or to pay Plan expenses.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U. S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Administrative Expenses – Administrative expenses of the Plan are the responsibility of the Plan but may be paid by the Company. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. For administrative expenses not paid by the Company, a proportionate share of the expenses paid by the Plan is charged to each participant's account. Expenses that are paid by the Company are excluded from these financial statements.

Payment of Benefits – Benefits paid to participants are recorded when paid.

HANWHA Q CELLS USA 401(k) SAVING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Risks and Uncertainties – The Plan's investments are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with these investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Corrective Contribution Receivable – As of December 31, 2020, the Plan recorded a corrective contribution receivable as the result of miscalculated participant and employer contributions totaling \$35,454. Corrective contributions receivable are included as a component of employer and participant contributions on the accompanying statement of changes in net assets available for benefits. The corrective contribution receivable was still outstanding as of December 31, 2021.

Corrective Distribution Payable – As of December 31, 2020, the Plan recorded a corrective distribution payable as the result of miscalculated contributions totaling \$2,619. The corrective distribution payable was still outstanding as of December 31, 2021.

Recently Issued Pronouncements – Plan management is not aware of any recently issued accounting pronouncements applicable to the Plan's financial statements.

Note 3—Fair value of measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3—Fair value of measurements (continued)

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified as Level 1 of the valuation hierarchy.

Pooled Separate Accounts – These investments represent unitized accounts that typically hold one mutual fund traded on an established market. The fair value of unitized a unitized account is determined using the NAV, with the fair value of the underlying investment being determined by the issuer and is valued daily using publicly available quoted market prices. As Principal Trust Company adjusts the number of units in the pooled separate account to match the fair value of the underlying investment, these pooled separate accounts are classified within Level 1 of the valuation hierarchy.

Common / Collective Trust – Investments in the common / collective trust are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the organization sponsoring such funds by dividing the funds’ net assets at fair value by its units outstanding at each valuation date. As there is no readily determinable fair value and the trust is valued at the NAV practical expedient, it is shown outside the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan’s financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2021			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

Note 4—Information certified by the Plan's Trustees (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and Principal Trust Company, the Trustees of the Plan have certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Information certified by the Plan’s Trustees (unaudited) (continued)

- Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5—Tax status

The Plan is a prototype non-standardized profit sharing plan with a cash or deferred arrangement sponsored by the Company. The Plan has not obtained a determination letter from the Internal Revenue Service (“IRS”), as it relies on the IRS approval of the prototype plan being utilized. The IRS has determined and informed the prototype plan sponsor by an opinion letter dated July 8, 2014, that the prototype plan was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Party-in-interest transactions

Certain administrative expenses are paid to ADP, Inc., recordkeeper of the Plan, for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions. These administrative expenses amounted to \$19,682 for the year ended December 31, 2021.

Notes receivable from participants qualifies as party-in-interest transactions.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and will receive a total distribution of their respective participant accounts.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 8—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 1,184,235	\$ 813,835
Corrective contribution receivable	(35,454)	(35,454)
Corrective distribution payable	2,619	2,619
Net assets available for benefits per the Form 5500	<u>\$ 1,151,400</u>	<u>\$ 781,000</u>

Note 9 – Contribution errors

During 2020, the Plan Administrator identified miscalculations of participant and employer contributions that arose as a result of participant directed deferral percentage changes not being updated in the Company's payroll system. This resulted in over and under funding of contributions for these participants.

Upon identification of the errors, the Plan Administrator underwent a process to determine the extent of the calculation errors for each participant. As a result, it was determined that a total of approximately \$35,000 of contributions were not withheld from the participant compensation or paid into the Plan as an employer contribution. Additionally, it was determined that approximately \$2,600 was withheld from participant compensation that should not have been. As a corrective action, the Company plans to fund approximately \$35,000 and distribute approximately \$2,600 to remedy the error.

The Plan Administrator also identified untimely remittances for several participants during 2020. The Plan intends to take corrective action to ensure the non-compliance is remediated, but has not done so as of December 31, 2021.

Note 10—Subsequent events

The Plan has evaluated subsequent events for potential recognition and disclosure through August 19, 2024, the date the financial statements were available to be issued. Effective January 1, 2022, the Plan's Agreement was amended and restated which affected the following changes:

- Eligible employees may participate in the Plan upon obtaining 18 years of age and completing 90 days of eligible service.
- Participants may elect to defer up to 100% of compensation, as defined.
- Newly eligible employees will be automatically enrolled in the Plan with an initial deferral percentage of 3% of compensation, as defined.
- The Company, at its discretion, may choose to make additional qualified non-elective contributions.
