INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator
Bigfoot Beverages 401(k) Retirement Plan
Eugene, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bigfoot Beverages 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bigfoot Beverages 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bigfoot Beverages 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bigfoot Beverages 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bigfoot Beverages 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bigfoot Beverages 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BIGFOOT BEVERAGES 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of Bigfoot Beverages 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan's most recent restatement was effective November 1, 2021.

General

The Plan is a defined contribution plan. The Plan covers substantially all non-union employees of Bigfoot Beverages (the Employer) aged 18 years or older who have been employed at least 3 consecutive calendar months and credited with at least 83 1/3 hours of service per month. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants may elect to contribute, on a pre-tax basis or post-tax basis designated as Roth elective deferrals, a percentage of their annual compensation, limited to amounts provided by the Internal Revenue Code (IRC). The Plan automatically enrolls participants into the Plan with a 3 percent deferral rate, increasing annually on January 1 of each year by 1 percent up to 6 percent. The Employer may make a discretionary matching contribution. To be eligible for matching contributions, participants must complete one year of service. For the years ended December 31, 2023 and 2022, the Employer made a matching contribution equal to 50 percent of the participants' elective deferrals up to 6 percent, with a maximum contribution of 3 percent of a participant's eligible compensation. The Employer may also make a discretionary non-elective Employer contribution (profit-sharing). To be eligible for an allocation of profit-sharing contributions, participants must work 1,000 hours and be employed on the last day of the year. For the years ended December 31, 2023 and 2022, the Employer elected to make a discretionary profit-sharing contribution equal to 6 percent of participants' compensation. Starting September 1, 2024, matching contributions are not permitted and non-elective Employer contribution (profit sharing) will be an amount equal to 9 percent of the total compensation for all benefiting participants.

Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant account is credited with the participant's and Employer's contributions and an allocation of the Plan earnings and expenses. Participant account balances are updated daily based on account activity and price changes of the investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct contributions in whole percentage increments or whole dollar amounts, in a variety of mutual fund and common/collective trust choices.

NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of service, defined as a Plan year during which the participant is credited with 1,000 hours of service. A participant is 100 percent vested after 6 years of service with the Employer in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Fewer than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Starting January 1, 2024, matching contributions and non-elective Employer contribution will be 100% vested at all times.

Payment of Benefits

Upon retirement, death, disability or termination, participants (or their beneficiaries), may elect to receive part or all of the vested interest in their accounts by either a single lump-sum payment or a single or joint and survivor annuity. Vested benefits that do not exceed \$5,000 will be distributed as a lump sum within a reasonable time after termination of employment. Hardship withdrawals of a participant's vested balance in the event of immediate and heavy financial need are also allowed as described in the Plan document. In addition, participants may elect to receive withdrawals, at any time, of part or all of the interest in their accounts related to prior rollover accounts. In-service withdrawals are allowed at age 59½ from all accounts that are fully vested.

Forfeited Accounts

The non-vested portion of a participant's account shall be forfeited if a participant is terminated. These amounts may be used to pay Plan expenses or reduce Employer contributions. During the year ended December 31, 2023 and 2022, there were forfeited amounts of \$61,750 and \$30,094, respectively. For the years ended December 31, 2023 and 2022, \$51,432 and \$23,881, respectively, in forfeited amounts, adjusted for earnings, were used to reduce Employer contributions. As of December 31, 2023 and 2022, there were unused forfeitures of \$16,531 and \$6,213, respectively.

BIGFOOT BEVERAGES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Notes Receivable, Participants

Participants may borrow a minimum of \$1,000 from their fund accounts or up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Up to two loans are permitted each year; however, only one loan may be outstanding at any point in time. The loans are secured by the balance in the participant's account and will bear a rate of interest equal to Prime plus 2 percent. Principal and interest will be repaid ratably through monthly payroll deductions over a reasonable period of time, not to exceed five years. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 7 for additional information on fair value measurements.

Purchases or sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

BIGFOOT BEVERAGES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Administrative Expenses

Expenses of maintaining the Plan are generally paid by the Employer and are therefore excluded from these financial statements. Certain other expenses, including custodial, investment advisory and recordkeeping fees or other related professional fees may be paid from Plan assets. Investment related expenses are reported as a reduction from the investment income (loss).

Recent Accounting Standard Adopted

On January 1, 2023, the Plan adopted Accounting Standards Update (ASU) 2016-13 Financial Instruments - Credit Losses (Topic 326): *Measurement of Credit Losses on Financial Instruments*, and all related amendments (ASC 326), which replaced the incurred loss methodology for recognizing credit losses with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of lifetime expected credit losses to be recognized for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts, and for the financial assets to be presented at the net amount expected to be collected on the statements of net assets available for benefits. The financial assets held by the Plan that are subject to ASC 326 are employer contributions receivable and participant contributions receivable.

The Plan adopted ASC 326 effective January 1, 2023. There was no impact to the financial statements as a result of adopting this standard.

3. Investment Information Certified by the Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted by such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodians to information included in the Plan's financial statements and supplemental schedule.

Principal Trust Company and Principal Life Insurance Company, acting as custodians for the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2023	2022
Investments, at fair value:		
Registered investment companies	\$ 1,010,214	\$ 1,287,455
Common/collective trusts	30,979,108	26,354,348
Investment income:		
Net change in fair value of investments	4,405,943	(5,442,538)
Dividends	24,376	23,798

BIGFOOT BEVERAGES 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants will become fully vested in their accounts.

5. Income Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchases/CODA plan. Saalfeld Griggs, P.C., the sponsor of the prototype plan, has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, that the Plan document satisfies IRC Section 401. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

Certain Plan investments are units of common/collective trust accounts managed by Principal. Principal Trust Company and Principal Life Insurance Company were the custodians and administrators of the Plan for the year ended December 31, 2023 and 2022. Fees paid to Principal for the years ended December 31, 2023 and 2022, totaled \$15,870 and \$16,000, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BIGFOOT BEVERAGES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

7. Fair Value Measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: The Plan's investments are units of mutual funds held within a group annuity contract. These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and considered to have a readily determinable fair value.

Common/collective trust: Units held in the common/collective trusts are valued using the NAV of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily at NAV. All common/collective trusts investments held by the Plan have no unfunded commitments, and the investments may be redeemed by participants on a daily basis with no required notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BIGFOOT BEVERAGES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

7. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3
Assets in the fair value hierarchy:			
Registered investment companies	\$ 1,010,214	\$ -	\$ -
Investments measured at NAV:			
Common/collective trusts			30,979,108
Total investments, at fair value			\$ 31,989,322

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Assets in the fair value hierarchy:			
Registered investment companies	\$ 1,287,455	\$ -	\$ -
Investments measured at NAV:			
Common/collective trusts			26,354,348
Total investments, at fair value			\$ 27,641,803

Certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

8. Risks and Uncertainties

Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. Non-exempt Transactions

During the year ended December 31, 2022, participant contributions totaling \$849 were not remitted to the Plan within the appropriate time period by the Employer. These transactions constitute prohibited transactions as defined by ERISA. The Employer has taken the appropriate steps to correct the situation by reimbursing employees for lost earnings and interest and has further implemented procedures to ensure that all future remittances are made within the prescribed time period.
