Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hudson Hospital, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hudson Hospital, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hudson Hospital, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hudson Hospital, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hudson Hospital, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hudson Hospital, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and the supplemental schedule of assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Hudson Hospital, Inc. 403(b) Plan

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HUDSON HOSPITAL, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN

The following description of Hudson Hospital, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective May 1, 1966, and was last restated during 2018 with a retroactive effective date of January 1, 2010 as part of the remedial amendment period to adopt a volume submitter 403(b) plan document. The Plan was last amended effective June 1, 2018. The Plan is a defined contribution 403(b) plan providing for 403(b) salary deferrals and a Company matching contribution. The Plan covers all employees of Hudson Hospital, Inc. (the Company). Employees are eligible to participate in the deferral portion of the Plan upon their date of hire. Employees must complete one year of service to be eligible for Company contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan Sponsor and administrator and has appointed Fidelity Management Trust Company (Fidelity) as custodian and Lincoln National Life Insurance Company (Lincoln) as insurance company. The custodian and insurance company execute investment transactions as directed by the participants. The custodian and insurance company are also responsible for making distributions to participants. Fidelity and Lincoln perform some, but not all, of the recordkeeping services for the Plan. Fidelity and Lincoln perform these functions at the direction of the Company in accordance with the provisions of the Plan.

Participant Contributions

Contributions are made by participating employees. The Plan is composed of the following active accounts: the pretax salary deferral account, the Roth (after-tax) deferrals, the rollover account, and the Company matching and nonelective accounts. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are allowed to contribute up to 100% of annual compensation up to the maximum dollar limits established by the Internal Revenue Service (IRS) to the pretax or Roth salary deferral accounts. Participants may change contributions between accounts daily in any 1% increment. The Plan includes an auto-enrollment provision whereby all newly eligible employees, who became participants on or after January 1, 2014, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Effective June 1, 2018, the automatic deferral rate is set at 4%.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRS limitations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Company Contributions

The minimum Company matching contribution is 300% of 1% to a maximum of 100% of 8% of participant's deferrals depending on participant's years of service and date of hire. The Company may, at their discretion, authorize increased or decreased Company contributions to the Plan. The Company also makes a fixed nonelective contribution equal to 2% of compensation for eligible participants. The Plan allows for a discretionary nonelective contribution option. For the Plan years ended December 31, 2023 and 2022, the Company did not authorize a discretionary nonelective contribution. To be eligible for the matching and/or nonelective contributions, a participant must have completed one year of service. In order for a participant to share in nonelective contributions, they must be employed on the last day of the Plan year unless termination is due to death or normal retirement.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and Company matching and nonelective contributions, as well as allocations of Plan earnings or losses, and charged with withdrawals. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company matching and nonelective contributions plus actual earnings thereon.

Notes Receivable from Participants

Under provisions of the Plan, a participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the aggregate balance of the participant's accounts (but not more than the aggregate balance of the participant's 403(b) account and rollover account). The loans are secured by the balance in the participant's account. These loans bear interest at the prime rate plus 1%. Payments are due in biweekly or monthly installments of principal and interest over five years unless the loan was to purchase a primary residence, in which case the loan will be paid over 15 years. Payments on loans are credited to individual funds in accordance with the participant's current investment allocation.

Benefit Payments

On termination of service or death, a participant, or their respective beneficiary, will receive an amount equal to the value of the participant's vested interest in their account in the form of a lump sum or installments. As required by regulation, the Plan performs a rollover to an individual retirement account for any participant whose account balance is greater than \$1,000 (but less than \$5,000) and who has not elected another form of payment. If a participant's account balance is less than or equal to \$1,000, the Plan administrator will authorize the benefit payment without the participants consent. The Plan also allows for in-service distributions upon attaining age 59½ and hardship distributions, subject to Plan provisions.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded at December 31, 2023 or 2022. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements as provided in the Plan document. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through August 26, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Lincoln National Life Insurance Company, the insurance company, has supplied the Plan administrator with a certification as to the completeness and accuracy of certain investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2023.

Fidelity Management Trust Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of certain investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Considerable judgment may be required in interpreting market data used to develop the estimates of fair value. The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued daily based on subscription and redemption activity at a stable \$1 NAV. Redemptions can occur daily at NAV and there are no restrictions to redemption or unfunded commitments.

Pooled Separate Accounts: Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

General Accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Self-Directed Brokerage Accounts: Each mutual fund is valued based on the unadjusted quoted market prices from national exchanges. Cash and cash equivalents are recorded at book value, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains general accounts with Lincoln Financial Group (Lincoln). The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The general accounts are included in the financial statements at fair value, because they are nonfully benefit responsive. Upon termination of the investment contracts, the lump-sum liquidation value of the general account portion of the participant's accumulation value shall be equal to the participant's general account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds, pooled separate accounts, general accounts, money market funds, and self-directed brokerage accounts which may include investments in, but not limited to, U.S. government securities, corporate debt instruments, mutual funds, and corporate equity securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur over time and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

NOTE 7 PLAN TERMINATION

Although the Company has not expressed any intent to do so, it may terminate the Plan at any time, subject to the provisions of the Plan and ERISA. In the event the Plan is terminated, the Plan shall continue until all assets have been distributed to the participants.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated August 7, 2017 received from the IRS indicating that the volume submitter plan is qualified under Section 403(b) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The volume submitter plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA, as amended, unless a specific exemption applies. Certain Plan investments are managed by Fidelity Management Trust Company (Fidelity), and Lincoln National Life Insurance Company (Lincoln). Fidelity and Lincoln, are the custodian and insurance company, respectively, as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 10 NONEXEMPT TRANSACTIONS

During 2023 and 2022, the Employer failed to remit employee 403(b) deferral contributions for certain payroll periods within the timeframe prescribed by the Department of Labor. In addition, as a result of the DOL audit, additional remittances were identified. This is deemed a prohibited transaction in accordance with ERISA and the IRC. In 2023, the Employer has taken corrective action for the prohibited transactions related to the late remittances from 2022. In 2024, the Employer has taken corrective action for the prohibited transactions related to the late remittances from 2023.
