Plan Committee
Rocky Mountain Hardware, Inc. 401(k) Plan
Hailey, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed the audits of the financial statements of Rocky Mountain Hardware, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rocky Mountain Hardware, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rocky Mountain Hardware, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rocky Mountain Hardware, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rocky Mountain Hardware, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rocky Mountain Hardware, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i-Schedule of Assets (Held at End of Year) and Schedule H, line 4a Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROCKY MOUNTAIN HARDWARE, INC. 401(k) PLAN
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan:

The following description of the Rocky Mountain Hardware, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General** - The Plan is a defined contribution plan covering all eligible full-time employees of Rocky Mountain Hardware, Inc. and Dura-Mark, Inc. dba Blackfoot Brass (Companies/Sponsors). The Plan was adopted on January 1, 2000. Employees become eligible upon attainment of six months of service and are age 18 or older, with the exception of union employees, non-resident aliens and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. **Contributions** - Each year participants may make elective deferrals of their pretax or after tax (Roth) annual compensation up to the maximum limits, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. The deferral rate will continue to increase annually by 1 percent until a maximum of 10% is reached.

Rocky Mountain Hardware, Inc. 401(k) Plan (the Sponsors) adopted a Safe Harbor matching Formula. Under this formula, the safe harbor contribution is calculated at 100% of a participant's elective deferral up to 4% of compensation (as defined in the Plan). At their discretion, the Sponsors can make additional contributions to the Plan in the form of discretionary profit-sharing contributions. During the years ended December 31, 2023 and 2022 the Companies did not make any discretionary contributions to the Plan. Contributions are subject to certain IRS limitations.

3. **Participant Accounts** – Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. **Vesting** – Participants are 100% vested in all contributions except for Sponsors Non-Safe Harbor Matching Contributions. Sponsors Non-Safe Harbor Matching Contributions vest based on a graduated vesting schedule which is determined by continuous years of service. The Plan utilizes a graduated vesting schedule allowing a participant to become 100% vested after five years of credited service.
5. **Forfeited Non-vested Accounts** – When a participant terminates prior to fully vesting, the non-vested portion of the participant's account is used to reduce employer contributions. At December 31, 2023 and 2022, there were no forfeited non-vested account balances, respectively. In 2023 and 2022, there were no forfeited accounts used to reduce employer contributions.

A. Description of Plan (continued):

6. **Payment of Benefits** – Upon attaining normal retirement age of 62, termination of employment, or disability or death, a participant may receive a lump-sum amount or installments equal to the vested interest of his or her account. In-service distributions are allowed upon reaching age 59 1/2 for hardship, qualified reservist distributions and deemed severance distributions.

B. Summary of Significant Accounting Policies:

The following are the significant accounting policies followed by the Plan:

1. **Basis of Accounting** – The financial statements of the Plan are prepared using the accrual method of accounting.
2. **Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. **Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Custodians determine the Plan's valuation policies utilizing information provided by the investment advisers, Trustees, and insurance company. See Note I for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. **Payments of Benefits** – Benefits are recorded when paid.
5. **Contributions** – Contributions from the Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.
6. **Subsequent Events** – The Plan has evaluated subsequent events through August 19, 2024, the date the financial statements were available to be issued.
7. **Costs of Plan Administration** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer, Rocky Mountain Hardware, Inc. 401(k) Plan. Expenses that are paid by the employer are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

C. Plan Termination:

Although it has not expressed any intent to do so, the Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

D. Tax Status:

The IRS has determined and informed the Companies by a letter dated June 30, 2020, that the Plan and related trust, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

E. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits between the accompanying financial statements and the amounts reflected in form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net Assets available for benefits per the financial Statements:	\$ 24,393,238	\$ 20,878,084
Less participant contributions receivable	(22,848)	(25,904)
Less employer contributions receivable	(64,140)	(18,297)
Net Assets available for benefits per the Form 5500:	<u>\$ 24,306,250</u>	<u>\$ 20,833,883</u>

The following is a reconciliation of contributions to net increase to plan assets and contributions on the accompanying financial statements and the amount reflected in form 5500 for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Total net increase (decrease) in plan assets:	\$ 3,515,154	\$ (4,309,110)
Less participant contributions receivable	3,056	(1,317)
Less employer contributions	(45,843)	(6,679)
Net increase (decrease) in Assets per Form 5500:	<u>\$ 3,472,367</u>	<u>\$ (4,317,106)</u>

F. Information prepared and certified by Trustees:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Empower Trust Company, LLC, the trustee as of and for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 24,306,250	\$ 20,833,883
Investment Income:		
Net appreciation (depreciation) in fair value of investments	\$ 3,069,559	\$ (5,489,047)
Dividends	745,019	1,039,527
	<u>\$ 3,814,578</u>	<u>\$ (4,449,520)</u>

G. Concentration of Credit Risk:

Financial instruments that potentially subject the Plan to concentrations of credit risk consist of cash and short-term investments and marketable securities. The amount of exposure to any one specific investment has been limited by investing in mutual funds that use a diverse investment portfolio to limit risk.

H. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially alter participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

I. Fair Value Measurements (continued):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>24,306,250</u>	<u>-</u>	<u>-</u>	\$ <u>24,306,250</u>
Investments at fair value	\$ <u>24,306,250</u>	<u>-</u>	<u>-</u>	\$ <u>24,306,250</u>

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>20,833,883</u>	<u>-</u>	<u>-</u>	\$ <u>20,833,883</u>
Investments at fair value	\$ <u>20,833,883</u>	<u>-</u>	<u>-</u>	\$ <u>20,833,883</u>

J. Plan Amendments:

The Plan was restated effective August 25, 2021, to comply with the requirements for Cycle 3 Restatement.

The Plan was restated effective October 1, 2022, to change in service distribution age to 59 1/2 and to change the safe harbor matching time period to each Plan year, previously each pay period.

K. Nonexempt Party-in-Interest Transactions:

During the year ended December 31, 2022, the Companies remitted participant deferrals totaling \$5,326 to the custodian later than required by the Department of Labor Regulation 2510.3-102. The Companies filed a form 5330 with the IRS and paid the required excise tax on the transactions. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

In 2023, the Companies reimbursed the Plan for lost earnings of \$12 related to these contributions.

L. SECURE 2.0:

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act Secure Act 2.0. Most of the provisions will become effective beginning in 2024. Therefore, there is no current impact to the Plan. Since the provisions includes both required and optional elements, the Plan administrator will determine the optional provisions to elect.
