INDEPENDENT AUDITOR'S REPORT

Plan Trustee and Retirement Committee
Florida Institute for Long Term Care, LLC 401(k) Plan
West Palm Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Florida Institute for Long Term Care, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLORIDA INSTITUTE FOR LONG TERM CARE, LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

NOTE 1 - PLAN DESCRIPTION

The following description of the Florida Institute for Long Term Care, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan, which was created on September 1, 2003, and subsequently amended, by Florida Institute for Long Term Care, LLC (the "Employer"), is classified as a defined-contribution plan, covering employees 21 years of age or older with at least six months of service during the eligibility computation period, as defined by the Plan. The Plan's funds are by Fidelity Management Trust Company (the "Plan Custodian") (see Note 2). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute to the Plan an amount which is no more than 100% of the participant's compensation, subject to Internal Revenue Code ("IRC") rules and limitations.

The amended Plan permits discretionary Employer-matching contributions for each qualified participant who makes a salary-deferred contribution. The Employer may also make a discretionary profit-sharing contribution. The allocation of the Employer's profit-sharing contributions, if any, considers the participant's compensation in proportion to the compensation of all of the participants and is further defined in the Plan. Limitations of contributions are defined in the Plan and in the IRC. For the year ended December 31, 2023, the Employer elected to not make discretionary matching or profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of investment fund earnings and Employer matching contributions, if any, as well as expenses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance, less the highest loan balance in the previous 12 months. Note terms range from one to five years, or up to 10 years for the purchase of a principal residence. The notes are collateralized by the balance in the participant's account and bear interest, as determined by the Plan administrator, based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Participants are not allowed to have more than one outstanding loan at a time.

Participant notes receivable are recorded at their unpaid principal balance, plus accrued but unpaid interest. If collection of a participant's note is deemed doubtful, the amount is recognized as a distribution in the period the determination is made.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Upon the death or permanent disability of a participant, their entire account balance becomes fully vested. Otherwise, vesting in the Employer's discretionary or profit-sharing contribution portion of their account, plus actual earnings thereon, is based on years of continuous service, as follows:

Years of Service	Vested Percentage
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Upon retirement or other separation from service, a participant is entitled to receive an amount equal to the vested portion of the balance in their account. The Plan provides for several benefit payment options. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan at December 31, 2023 and 2022.

Expenses

Certain administrative expenses are paid directly by the Employer at its discretion and are not reimbursed by the Plan. Commissions and other investment-related expenses are netted against the net change in fair value of investments. Participant notes receivable administration fees are paid from the participant's accounts. Record keeping fees are allocated to participant accounts on a pro rata basis based on a participant's account balance and are included in administrative expenses in the statement of changes in net assets available for benefits.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan agreement, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the amounts credited to the accounts of all affected participants become fully vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investments

As of December 31, 2023 and 2022, the Plan's funds were invested in a money market fund, various registered investment companies, and a collective investment trust fund.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Registered investment companies and money market funds are valued at the reported net asset value ("NAV") of shares held by the Plan at year end. The NAV is based on the fair value of the underlying assets owned less any fund liabilities.

The Plan uses NAV per unit to value the collective investment trust fund (see Note 3). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investments *(Continued)*

In accordance with the Plan's policy of stating marketable securities at fair value, the appreciation or depreciation for each year is reflected in the Plan's statement of changes in net assets available for benefits as a net change in fair value of investments.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Risk

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as an excess contribution payable, with a corresponding reduction to contributions. The excess contributions accrued as of December 31, 2023 and 2022 were paid in 2024 and 2023, respectively.

Information Certified by the Plan Custodian

The Plan Custodian holds the Plan's investments and executes all investment transactions. All investment and participant notes receivable information disclosed in the financial statements and accompanying supplemental schedule, including investments and participant notes receivable held at December 31, 2023 and 2022, net change in fair value of investments, interest on participant notes, and interest and dividend income for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition through September 9, 2024, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENT

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Investments:				
Investments in the fair value hierarchy:				
Money market fund	**$ 28,594**	**$ -**	**$ -**	**$ 28,594**
Registered investment companies	**5,188,730**	**-**	**-**	**5,188,730**
Total investments in the fair value hierarchy	**$ 5,217,324**	**$ -**	**$ -**	**5,217,324**
Investments measured at NAV:				
Collective investment trust fund (a)				**215,287**
Total investments at fair value				**$ 5,432,611**

NOTE 3 - FAIR VALUE MEASUREMENT *(Continued)*

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investments:				
Investments in the fair value hierarchy:				
Money market fund	$ 4,175	$ -	$ -	$ 4,175
Registered investment companies	4,104,880	-	-	4,104,880
Total investments in the fair value hierarchy	$ 4,109,055	$ -	$ -	4,109,055
Investments measured at NAV:				
Collective investment trust fund (a)				199,186
Total investments at fair value				$ 4,308,241

(a) Certain investments that were measured using the NAV per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2023:

	Fair Value	**Unfunded Commitments**	**Redemption Frequency (If Currently Eligible)**	**Notice Redemption Period**
Putnam Stable Value Fund	**$ 215,287**	**None**	**Daily**	**Up to 12 months**

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Notice Redemption Period
Putnam Stable Value Fund	$ 199,186	None	Daily	Up to 12 months

NOTE 4 - INCOME TAX STATUS

The Plan is intended to be a qualified trust under Section 401(a) of the IRC and is subject to the provisions of ERISA. The Plan document, as adopted, is a non-standardized pre-approved profit-sharing plan with CODA that has received an opinion letter, dated June 30, 2020, from the IRS stating that the form of the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of employees. The Plan administrator believes that the adopted and amended Plan is currently designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

INDEPENDENT AUDITOR'S REPORT

Plan Trustee and Retirement Committee
Florida Institute for Long Term Care, LLC 401(k) Plan
West Palm Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Florida Institute for Long Term Care, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLORIDA INSTITUTE FOR LONG TERM CARE, LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

NOTE 1 - PLAN DESCRIPTION

The following description of the Florida Institute for Long Term Care, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan, which was created on September 1, 2003, and subsequently amended, by Florida Institute for Long Term Care, LLC (the "Employer"), is classified as a defined-contribution plan, covering employees 21 years of age or older with at least six months of service during the eligibility computation period, as defined by the Plan. The Plan's funds are by Fidelity Management Trust Company (the "Plan Custodian") (see Note 2). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute to the Plan an amount which is no more than 100% of the participant's compensation, subject to Internal Revenue Code ("IRC") rules and limitations.

The amended Plan permits discretionary Employer-matching contributions for each qualified participant who makes a salary-deferred contribution. The Employer may also make a discretionary profit-sharing contribution. The allocation of the Employer's profit-sharing contributions, if any, considers the participant's compensation in proportion to the compensation of all of the participants and is further defined in the Plan. Limitations of contributions are defined in the Plan and in the IRC. For the year ended December 31, 2023, the Employer elected to not make discretionary matching or profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of investment fund earnings and Employer matching contributions, if any, as well as expenses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance, less the highest loan balance in the previous 12 months. Note terms range from one to five years, or up to 10 years for the purchase of a principal residence. The notes are collateralized by the balance in the participant's account and bear interest, as determined by the Plan administrator, based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Participants are not allowed to have more than one outstanding loan at a time.

Participant notes receivable are recorded at their unpaid principal balance, plus accrued but unpaid interest. If collection of a participant's note is deemed doubtful, the amount is recognized as a distribution in the period the determination is made.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Upon the death or permanent disability of a participant, their entire account balance becomes fully vested. Otherwise, vesting in the Employer's discretionary or profit-sharing contribution portion of their account, plus actual earnings thereon, is based on years of continuous service, as follows:

Years of Service	Vested Percentage
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Upon retirement or other separation from service, a participant is entitled to receive an amount equal to the vested portion of the balance in their account. The Plan provides for several benefit payment options. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan at December 31, 2023 and 2022.

Expenses

Certain administrative expenses are paid directly by the Employer at its discretion and are not reimbursed by the Plan. Commissions and other investment-related expenses are netted against the net change in fair value of investments. Participant notes receivable administration fees are paid from the participant's accounts. Record keeping fees are allocated to participant accounts on a pro rata basis based on a participant's account balance and are included in administrative expenses in the statement of changes in net assets available for benefits.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan agreement, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the amounts credited to the accounts of all affected participants become fully vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investments

As of December 31, 2023 and 2022, the Plan's funds were invested in a money market fund, various registered investment companies, and a collective investment trust fund.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Registered investment companies and money market funds are valued at the reported net asset value ("NAV") of shares held by the Plan at year end. The NAV is based on the fair value of the underlying assets owned less any fund liabilities.

The Plan uses NAV per unit to value the collective investment trust fund (see Note 3). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investments *(Continued)*

In accordance with the Plan's policy of stating marketable securities at fair value, the appreciation or depreciation for each year is reflected in the Plan's statement of changes in net assets available for benefits as a net change in fair value of investments.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Risk

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as an excess contribution payable, with a corresponding reduction to contributions. The excess contributions accrued as of December 31, 2023 and 2022 were paid in 2024 and 2023, respectively.

Information Certified by the Plan Custodian

The Plan Custodian holds the Plan's investments and executes all investment transactions. All investment and participant notes receivable information disclosed in the financial statements and accompanying supplemental schedule, including investments and participant notes receivable held at December 31, 2023 and 2022, net change in fair value of investments, interest on participant notes, and interest and dividend income for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition through September 9, 2024, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENT

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Investments:				
Investments in the fair value hierarchy:				
Money market fund	**$ 28,594**	**$ -**	**$ -**	**$ 28,594**

Investments measured at NAV:				
Collective investment trust fund (a)				**215,287**
Total investments at fair value				**$ 5,432,611**

NOTE 3 - FAIR VALUE MEASUREMENT *(Continued)*

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investments:				
Investments in the fair value hierarchy:				
Money market fund	$ 4,175	$ -	$ -	$ 4,175
Registered investment companies	4,104,880	-	-	4,104,880
Total investments in the fair value hierarchy	$ 4,109,055	$ -	$ -	4,109,055
Investments measured at NAV:				
Collective investment trust fund (a)				199,186
Total investments at fair value				$ 4,308,241

(a) Certain investments that were measured using the NAV per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2023:

	Fair Value	**Unfunded Commitments**	**Redemption Frequency (If Currently Eligible)**	**Notice Redemption Period**
Putnam Stable Value Fund	**$ 215,287**	**None**	**Daily**	**Up to 12 months**

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Notice Redemption Period
Putnam Stable Value Fund	$ 199,186	None	Daily	Up to 12 months

NOTE 4 - INCOME TAX STATUS

The Plan is intended to be a qualified trust under Section 401(a) of the IRC and is subject to the provisions of ERISA. The Plan document, as adopted, is a non-standardized pre-approved profit-sharing plan with CODA that has received an opinion letter, dated June 30, 2020, from the IRS stating that the form of the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of employees. The Plan administrator believes that the adopted and amended Plan is currently designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.
