Independent Auditor's Report

To the Trustees
Dohrn Transfer Company
401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dohrn Transfer Company 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dohrn Transfer Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103–8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103–5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Notes 2 and 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section–

- **the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.**
- **the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dohrn Transfer Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dohrn Transfer Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dohrn Transfer Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dohrn Transfer Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) and Form 5500, Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- **the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.**

- **the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Dohrn Transfer Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing pension plan covering all full–time employees of Dohrn Transfer Company, LLC and Logiflow Services, LLC (collectively referred to as the "Company") who are age eighteen or older and have completed three months of service. Participation in the Plan is voluntary and employees can enroll in the Plan the day when the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees overseas governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute a percentage of pre–tax and after–tax annual compensation (as defined in the Plan document) in form of a salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch–up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (referred to as rollover contributions). The Plan includes an auto–enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation, with no automatic increase. Contributions related to auto–enrollments are automatically invested in a designated investment fund until changed by the participant. Contributions are subject to certain IRS statutory annual limitations.

The Plan provides for a discretionary Company match of 100% of employee contributions up to 2% of each participant's eligible compensation. As of January 1, 2022, the Company increased its match to include an additional 50% of employee contribution between 2% and 6% of eligible compensation. The Plan also provides for Company profit–sharing contributions, which are at the discretion of the Company's Board of Directors. The Company did not make a discretionary profit sharing contribution in 2023 and 2022.

Employee contributions, matching employer contributions and employer discretionary contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings (losses) and charged with the participant's withdrawals and an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses and/or to reduce employer contributions. Total forfeitures used to reduce employer contributions and/or reduce administrative expenses amounted to $26,837 in 2023 and $26,312 in 2022. Forfeitures included in net assets available for benefits amounted to $220,625 and $103,219 as of December 31, 2023 and 2022, respectively.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Participant Directed Investments

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers twenty–four mutual funds as investment options.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant becomes 20% vested after two years of credited service and increases at 20% per year thereafter. A participant is 100% vested after six years of credited service.

Payment of Benefits and Participant Loans

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump–sum amount equal to the value of his or her account, or installments over a period of time, as defined in the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump–sum distribution.

The Plan provides that participants may borrow (minimum of $1,000) up to 50% of the participant's total vested account balance, not to exceed $50,000. The loans are secured by the participant's vested account balance and bear interest at the prime rate plus 2% (effective rates ranging from 4.0% to 10.50%). Participants are only allowed to have one outstanding loan at a time. Principal and interest are paid ratably through payroll deductions over a maximum period of five years for all loans other than home loans which must be repaid over a maximum period of fifteen years.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

The Plan evaluated subsequent events through September 5, 2024, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by Capital Bank and Trust Company (Custodian and Trustee) who allocates Plan assets to the individual accounts of each participant as directed by the participant. The Plan is administered by Definiti, LLC.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit–responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit–responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex–dividend date. Net appreciation (depreciation) in the fair value of investments includes realized and unrealized gains and losses on investments bought and sold as well as held during the year

Contribution Recognition

The Plan recognizes employee and related employer matching contributions based on the period the employee contribution is withheld by the Company from the employee's compensation.

Administration Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan's sponsor and therefore, are not included in the accompanying statement of changes in net assets available for benefits. Plan administration expenses related to participant loans and member requested services are deducted directly from the participant's account balance.

Payment of Benefits and Participant Loans

Benefit payments to participants are recorded when paid.

Loans receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when they are incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the delinquent loan balance is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Excess Participant Contributions Payable

Accounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding decrease to employee contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

(2) Certified Investments and Loans

The following information disclosed in the financial statements and supplemental schedules, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company (Custodian and Trustee) as of and for the years ended December 31, 2023 and 2022.

	2023	2022
Investments, mutual funds, at fair value	$ 27,740,653	20,525,007
Loans receivable from participants	436,520	317,415
	$ 28,177,173	20,842,422

	2023	2022
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	$ 3,140,998	(5,269,155)
Interest and dividend income	911,572	863,529
Interest income on loans receivable from participants	27,383	10,908
Total investment income (loss)	$ 4,079,953	(4,394,718)

(3) Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non–active markets and Level 3 inputs which consist of other valuation techniques that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Plan investments requiring the use of Level 2 or Level 3 inputs in 2023 and 2022 and there were no changes in the methods used to measure fair value or transfers between levels in 2023 and 2022.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2023:				
Mutual funds	$ 27,740,653	27,740,653	-	-
December 31, 2022:				
Mutual funds	$ 20,525,007	20,525,007	-	-

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year–end. The mutual funds are open–end mutual funds registered with the U.S. Securities and Exchange Commission. The mutual funds must publish their daily net asset value and transact at that price; and therefore, they are considered actively traded.

(4) Administrative Expenses

Plan administrative expenses related to participant loan administration, member requested services, withdrawal charges and personal retirement accounts are charged to participant accounts.

A summary of plan administrative expenses for the years ended December 31, 2023 and 2022 is as follows:

	2023	2022
Expenses charged to participant accounts	$ 67,402	68,977
Total plan administrative expenses as a percentage of average plan assets	0.28%	0.31%

(5) Related Party and Party–in–Interest Transactions

The Plan investments are held by Capital Bank and Trust Company as custodian. Capital Bank and Trust Company is also the trustee as defined by the Plan, and therefore these transactions qualify as party–in–interest transactions. Fees paid by the Plan for administrative services amounted to $67,402 in 2023 and $68,977 in 2022.

(6) Federal Income Taxes

The Plan uses a prototype plan document sponsored by Definiti, LLC. Definiti, LLC received an opinion from the Internal Revenue Service (“IRS”) dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2023, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2019 are subject to examination by taxing authorities.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

(9) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits and the changes in net assets available for benefits as of and for the years December 31, 2023 and 2022 per the financial statements to the Form 5500:

	2023	2022
Net assets per Form 5500	$ 28,095,904	20,841,983
2021 excess participant contributions	-	439
2022 excess participant contributions	-	(25,494)
Net assets per financial statements	$ 28,095,904	20,816,928

	2023	2022
Net increase (decrease) per Form 5500	$ 7,253,921	(2,614,595)
Excess participant contributions	25,055	(25,055)
Net increase (decrease) per financial statements	$ 7,278,976	(2,639,650)

(10) Recent Developments

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. The Plan Sponsor is working with the Plan Administrator to determine that the Plan document is updated to comply with the provisions of SECURE 2.0 Act.

(11) Economic Impacts

National and worldwide factors have led to significant volatility in the financial markets and have affected, and may continue to affect, the value of the Plan's investments. The potential future economic impact of these conditions is difficult to assess or predict. The Plan sponsor is not able to estimate the full impact of these conditions on the Plan's financial statements.
