Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

To the Plan Sponsor and Administrator
Eye Institute of West Florida 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Eye Institute of West Florida 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of May 24, 2022 (in liquidation) and December 31, 2021 (in liquidation), the related statements of changes in net assets available for benefits for the period from January 1, 2022 through May 24, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of May 24, 2022 and December 31, 2021, and for the period from January 1, 2022 through May 24, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Board of Directors of Eye Institute of West Florida, the Plan’s Sponsor, voted on October 29, 2021 to terminate the plan. Effective May 24, 2022, the Plan was fully terminated. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis used in presenting the 2022 and 2021 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

EYE INSTITUTE OF WEST FLORIDA 401(K) PLAN

Notes to Financial Statements

May 24, 2022 (In Liquidation) and December 31, 2021 (In Liquidation)

(1) Description of Plan

The following description of Eye Institute of West Florida 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document and adoption agreement for a more complete description of the Plan’s provisions. The Plan is sponsored by Eye Institute of West Florida (the “Company”).

(a) General

The Plan is a defined contribution plan generally covering all employees of the Company who have attained age 21 and completed one year of service with a minimum of 1,000 hours of service. Entry dates into the Plan are the first day of each calendar quarter. Eligible employees may make elective deferrals to the Plan and may receive employer matching contributions and non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2015 the Plan was amended to allow eligible employees to make Roth contributions to the Plan.

Effective March 6, 2017 the Plan was amended to allow employees to make elective deferrals upon attaining age 21, thus removing the service requirement with respect to elective deferrals.

Effective November 15, 2021, the Company was acquired and the Plan was terminated. Upon termination of the Plan, the Plan was frozen and contributions into the Plan ceased. Additionally, no new employees were permitted to enter the Plan. All participant balances became 100% vested. Distribution of account balances to participants occurred as soon as was administratively feasible following the termination of the Plan. The Plan was fully liquidated as of May 24, 2022.

(b) Contributions

Prior to the termination of the Plan, each year, participants may have contributed up to 75% of annual compensation limited by the maximum amount allowable by law. Participants may have also contributed amounts representing rollover distributions from other qualified defined benefit or contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan offered a variety of mutual funds as investment options for participants. The Company provided a safe harbor matching contribution of 3% of eligible compensation and 50% of the next 2% of eligible compensation, as defined by the Plan. Additional nonelective contributions may have also been contributed at the option of the Company’s board of directors, in accordance with the plan document. Contributions were subject to certain limitations.

No contributions were made to the Plan for the period from January 1, 2022 through May 24, 2022 as a result of the termination of the Plan effective November 15, 2021, at which point contributions into the Plan ceased.

(c) Participant Accounts

Prior to the termination of the Plan, each participant's account was credited with the participant's contributions, the Company's contributions and an allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Plan participants had daily access to their account via phone or internet and had the option to change the allocation of their investments to any of the several investment options offered by the Plan.

(d) Vesting

Prior to the termination of the Plan, participants were immediately vested in their salary deferral contributions plus actual earnings thereon and the safe harbor matching contribution. The Company's discretionary matching and nonelective contributions began vesting after 2 years of service at a rate of 20% per year.

As a result of the termination of the Plan on November 15, 2021, all participants were 100% vested in their account balances.

(e) Payment of Benefits

Prior to the termination of the Plan, on termination of service, death, disability or retirement, a participant or their beneficiary may have elected to receive a lump-sum amount equal to the value of the participant's vested interest in their account. A participant may have also elected a direct rollover to a qualifying plan.

Participant loans were not permitted by the Plan.

The Plan allowed for in-service and hardship withdrawals under certain circumstances, as defined in the plan document.

(f) Forfeitures

Prior to the termination of the Plan, non-vested amounts forfeited by participants were retained in the Plan and may have been used to pay the Plan's administrative expenses or reduce future employer contributions, at the Company's election. At December 31, 2021, plan assets included forfeitures of \$1,273.

(2) **Summary of Significant Accounting Policies**

(a) **Accounting Basis**

In accordance with accounting principles generally accepted in the United States of America (“US GAAP”), the Plan has used the liquidation basis since November 15, 2021, the date on which liquidation of the Plan was considered imminent. There are no differences in the Plan’s financial statements using the liquidation basis of accounting compared to the accrual basis of accounting.

(b) **Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

(c) **Financial Accounting Standards**

The Financial Accounting Standards Board (“FASB”) issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (“GAAP”), authoritative and nonauthoritative, and making the Accounting Standards Codification (“ASC”) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance has been incorporated into ASC Topic 105, *Generally Accepted Accounting Principles*.

(d) **Valuation of Investments**

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

(e) **Estimates in Financial Statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(f) Information Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan's trustee has certified that the following information included in the accompanying financial statements are complete and accurate as of May 24, 2022 and December 31, 2021 and for the period from January 1, 2022 through May 24, 2022:

	<u>2022</u>	<u>2021</u>
Statements of net assets available for plan benefits:		
Shares in registered investment companies	\$ -	11,421,911
Statement of changes in net assets available for plan benefits:		
Dividend and interest income	7,860	n/a
Net depreciation in fair value of shares in registered investment companies	1,456,518	n/a

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in these financial statements.

(3) Income Tax Status

The non-standardized pre-approved profit-sharing plan adopted by the Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 24, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(4) Party-in-Interest Transactions

The Plan's expenses are paid either by the Plan or the Company, as provided in the plan document. Expenses that are paid directly by the Company, such as professional and recordkeeping fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for plan benefits. In addition, certain investment related expenses are included in net depreciation in fair value of shares in registered investment companies presented in the accompanying statement of changes in net assets available for plan benefits.

EYE INSTITUTE OF WEST FLORIDA 401(K) PLAN

(4) **Party-in-Interest Transactions - Continued**

Certain investments held by the Plan are managed by an affiliate of Fidelity Management Trust Company (“Fidelity”). Fidelity also provides certain administrative services to the Plan. Fidelity was the trustee as defined by the Plan during 2022 and 2021. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for the period from January 1, 2022 through May 24, 2022, were approximately \$2,000.

(5) **Plan Termination**

The Company has the right to terminate or partially terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. The Company also has the right or obligation to amend the Plan. Effective November 15, 2021, the Company was acquired and the decision was made to terminate the Plan. All participants became 100% vested in their accounts at the date of termination.

(6) **Risks and Uncertainties**

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for plan benefits.

(7) **Fair Value Measurements**

FASB ASC Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

EYE INSTITUTE OF WEST FLORIDA 401(K) PLAN

Notes to Financial Statements - Continued

(7) Fair Value Measurements - Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Shares of Registered Investment Companies - Mutual Funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2021:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2021</u>	<u>Fair Value Measurements at Reporting Date Using</u>		
		<u>Quoted Prices in Active Markets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Shares in registered investment companies	\$ 11,421,911	11,421,911	-	-
Total investments at fair value	\$ 11,421,911	11,421,911	-	-

(8) Subsequent Events Review

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 4, 2024, the date the financial statements were available to be issued.
