INDEPENDENT AUDITORS' REPORT

To the Trustees of
Maxmara USA, Inc.
401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Maxmara USA, Inc. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Maxmara USA, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General

The Plan is a qualified defined contribution plan covering all employees of Maxmara USA, Inc. (the “Company”) not covered by a collective bargaining agreement who have attained the age of twenty-one and who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Contributions

Each year, participants in the Plan can elect to contribute up to 100% of their compensation as pre-tax or Roth contributions provided such amount will not cause the Plan to exceed certain limitations prescribed by the Internal Revenue Code (“IRC”). Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age fifty or older who are making contributions to the Plan are allowed to make catch-up contributions as defined in the Plan.

Employer Contributions

The Company makes matching contributions equal to 50% of the first 5% of compensation that the participant contributes to the Plan. In addition, the Company may, at its discretion, make a profit sharing contribution for the plan year not to exceed certain limitations prescribed by the IRC. Pursuant to the plan document, participants are eligible to receive employer matching and profit sharing contributions after completing one year of eligible service. There were no discretionary profit sharing contributions for the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, plan earnings and an allocation of (a) the Company’s discretionary profit sharing contributions and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after five years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited Accounts

Forfeited non-vested accounts can be used to pay certain plan expenses, with any remaining forfeitures to be used to reduce future employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$32,935 and \$10,737, respectively.

Participant Investment Account Options

Upon enrollment in the Plan, a participant may direct their elective and employer contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and guaranteed investment fund as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as of the date of the loan unless otherwise determined by the plan trustee. Principal and interest are paid ratably through biweekly payroll deductions.

Note 1 - Description of Plan (Continued)

Payment of Benefits

In the event of a participant's death or disability, or upon reaching the normal retirement age, the participant or their beneficiary are entitled to the entire interest in his or her account. On termination of service for any other reason, a participant is entitled to receive their vested accrued benefit. A participant or beneficiary who is entitled to receive a distribution may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, annual installments over a certain number of years selected by the participant, or by purchasing an annuity.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

In accordance with the Plan, all administrative expenses may be paid by the Plan unless paid by the Company. During the year ended December 31, 2022, certain administrative expenses were paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Reclassification

The fully benefit-responsive investment contract in the amount of \$1,469,877 as of December 31, 2021, which is reported at contract value, was reclassified on the statement of net assets available for benefits and within the respective footnotes.

Note 3 - Information Prepared and Certified by the Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Life & Annuity Insurance Company of New York ("Empower Life") and Empower Trust Company, LLC, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

Note 3 - Information Prepared and Certified by the Custodians (Continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MAXMARA USA, INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

<u>Investments at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 10,989,548</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,989,548</u>
 <u>Investments at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 12,509,865</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,509,865</u>

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan's investment in the Key Guaranteed Portfolio Fund is a benefit-responsive investment contract with Empower Life who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by Empower Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contract (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	<u>December 31,</u>	
	<u>2022</u>	<u>2021</u>
Net assets:		
Guaranteed investment contract	<u>\$ 32,935</u>	<u>\$ 14,207</u>
	<u>Year Ended</u>	
	<u>December 31,</u>	
	<u>2022</u>	
Changes in net assets:		
Current year forfeitures	\$ 18,907	
Forfeitures used to reduce employer contributions	(1,385)	
Earnings	190	
Adjustment	<u>1,016</u>	
	<u>\$ 18,728</u>	

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

MAXMARA USA, INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 8 - Tax Status

The Internal Revenue Service (“IRS”) has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the custodian of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related Party and Party-in-Interest Transactions

Plan investments include a guaranteed investment contract managed by Empower Life, the Plan’s custodian, and therefore, the transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan’s operations and investment activity to various service providers. These transactions are party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan’s operations.

Note 10 - Risks, Uncertainties, and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported herein the statements of net assets available for benefits.

At December 31, 2022 and 2021, approximately 20% and 21%, respectively, of the Plan’s investments were invested in iShares S&P 500 Index Fund.

Note 11 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions and loan repayments to the Plan, contributions and loan repayments of \$1,170 were not remitted within the required time period for the year ended December 31, 2022. The Company has remitted \$731 of delinquent employee contributions and loan repayments in 2022, including any lost earnings as a result, with the remaining late employee contributions of \$439 yet to be remitted as of the date of this audit report. In addition, in October 2022, the Plan applied to the Voluntary Fiduciary Correction Program ("VFCP") to correct \$731 in late remittances, as well as \$14,410 reported as contributions not corrected and \$4,864 reported as corrected outside of the VFCP in the 2020 financial statements. The Plan's application to the VFCP is still pending as of the date of the audit report.

Note 12 - Subsequent Events

The Plan has evaluated its financial statements for subsequent events through September 5, 2024, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
