INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
BakerRipley 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the BakerRipley 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAKERRIPLEY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 - Description of the Plan

General

The BakerRipley 403(b) Plan (the Plan) is a defined contribution plan that was established effective January 1, 2004 covering eligible employees of BakerRipley (the Organization) and its eligible subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan provides only general information and is as of December 31, 2023, unless otherwise noted. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

Plan Administration

The Organization serves as the Plan Sponsor and has established the 403(b) Plan Committee to serve as the Plan Administrator. The Custodian of the Plan is State Street Bank and Trust Company. Among other duties, the Custodian receives contributions, holds and invests the Plan's assets in accordance with the direction of the participants, and makes disbursements as directed by the Plan Administrator. Transamerica Retirement Solutions, LLC (TRS) is the Recordkeeper for the Plan. The Plan uses a third-party as an investment advisor.

Eligibility

All employees of the Organization are eligible to participate in the Plan immediately upon hire, excluding those employees who normally work less than twenty hours per week and employees who are nonresident aliens. Employees are not eligible for employer contributions until they have completed six months of service.

Participant Contributions

Each year, participants may contribute pre-tax and after-tax (Roth) up to 100% of their annual compensation, as defined in the Plan Adoption Agreement and allowed by the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Upon meeting the eligibility requirements, unless the participant elects otherwise, the newly eligible participant is automatically enrolled and a deferral deduction is made each pay period at the Plan's automatic deferral percentage of 2%, with an annual 1% contribution increase until the Plan's maximum automatic deferral percentage of 5% is reached.

The Plan also allows rollover contributions to the Plan from other qualified defined benefit or defined contribution plans.

Employer Contributions

The Organization makes a fully vested safe harbor employer matching contribution each payroll period for eligible participants, which is equal to 100% of the first 3% of the participant's contributions, plus 50% of the next 2% of the participant's contributions, up to a maximum of 4% of the participant's eligible compensation.

Discretionary employer contributions may be made for each Plan year in an amount determined by the Organization and are allocated monthly to participants based on compensation and active participation in the Plan. The Organization made no such discretionary employer contributions for the year ended December 31, 2023.

BAKERRIPLEY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Vesting

Participants are immediately 100% vested in their employee contributions, the safe harbor employer matching contributions and discretionary employer contributions, plus actual earnings thereon.

Participant Accounts

Separate accounts are maintained for each participant. Participants direct the investment of their contributions as well as employer contributions into various investment options offered by the Plan. Participants may modify the allocation of their elections at any time. Each participant's account is credited with the participant's contribution and an allocation of (1) the employer safe-harbor matching contribution, (2) the employer discretionary contribution, and (3) Plan earnings or losses.

Benefit Payments

Distributions are payable upon termination, death, or normal retirement age. The available distribution options are lump sum cash distributions and optional life annuities (subject to spousal consent). The Plan allows for in-service distributions. Hardship withdrawals are permitted and may be sourced from employee pre-tax elective deferral accounts. A participant who terminates employment with a vested balance of \$5,000 or less may receive a lump sum distribution of his or her vested account balance within a reasonable period following the date the participant terminates employment.

Expense Budget Account

The Plan has an expense budget account (EBA) that is funded by an annual charge to participant accounts of 0.20%. Effective February 2024, the annual charge to participant accounts was lowered to 0.18%. EBA funds may be used to pay Plan related expenses approved by the Organization or may be allocated to Plan participants at the end of the year. At December 31, 2023 and 2022, the EBA totaled \$29,613 and \$43,991, respectively. During the year ended December 31, 2023, \$25,000 was allocated to participant accounts and \$55,264 was used to pay Plan expenses from the EBA.

Participant Notes Receivable

Participants are allowed to borrow a minimum of \$1,000, up to the lesser of \$50,000 or 50%, of their vested account balance reduced by the highest outstanding loan balance within the previous twelve-month period, if any. Participants may not have more than three outstanding loans at one time. Participants must wait thirty calendar days after a loan is paid off before initiating a new loan. The loans are secured by the balance in the participant's vested account and bear interest at prime plus 2%. The loans require level payments over a period generally not to exceed five years, except for the purchase of a primary residence, in which case loan terms can reach thirty years; however, the loan terms may have been extended for one year related to suspension of loan payments as allowed under the CARES Act. Principal and interest are paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

BAKERRIPLEY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Organization are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Adoption Agreement.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. The Organization receives no compensation for services provided to the Plan. Fees related to the administration of Plan, investment advisory services and auditing are charged directly to participant accounts and are included in administrative fees and expenses. Investment expenses are included in the net appreciation or depreciation in fair value of the respective investment. Indirect compensation, which is netted against investment income on the statement of changes in net assets available for benefits, was paid to an investment brokerage services firm and ranged between 0.0075% and 0.015% of the balance of certain funds.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through August 29, 2024, the date which the financial statements were available to be issued.

BAKERRIPLEY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 3 - Unaudited Information Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by State Street Bank and Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditor:

- Investments and notes receivable from participants reflected in the statements of net assets available for benefits as of December 31, 2023 and 2022 and notes to financial statements,
- Investment interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023, and
- All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2023.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value at December 31, 2023 and 2022. There have been no changes in methodologies used at December 31, 2023 or 2022.

Mutual funds: The fair value is based on quoted net asset values of the shares reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

BAKERRIPLEY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management of the Plan believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value at December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 34,947,881</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,947,881</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 27,675,780</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,675,780</u>

Note 5 - Fully Benefit-Responsive Investment Contract

The Transamerica Guaranteed Investment Option is a fully benefit-responsive investment contract with Transamerica Life Insurance Company (TLIC) and as such, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Recordkeeper represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of December 31, 2023 and 2022, the contract value of this investment was \$1,499,362 and \$1,327,531, respectively.

TLIC maintains the contributions in a general account. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for the credit risk of the issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value with TLIC. Such events include termination of the contract, merger, layoffs, bankruptcy, the creation of a new competing fund, partial or total plan termination and retirement incentive programs. Upon occurrence of any of these events, a market value adjustment may apply. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value are remote.

Note 6 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

BAKERRIPLEY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan adopted mandatory provisions of the SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the Plan document to reflect these operational changes will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Note 8 - Related Party and Party-in-Interest Transactions

The Plan invests in the Transamerica Guaranteed Investment Option in which contributions and earnings thereon are held in the general account of TLIC, which is a related party to the Recordkeeper of the Plan. These investment transactions are considered party-in-interest transactions as defined by ERISA; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. During the year ended December 31, 2023, the Plan paid direct compensation to the recordkeeper of approximately \$124,000 and paid \$44,000 to a professional services firm related to investment advisory services. Certain costs of administering the Plan are borne directly by the Organization.

Note 9 - Risks and Uncertainties

The Plan provides for investment in various investment options. Investment securities are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
