Eye Care for the Adirondacks 401(k) Profit Sharing Plan
Plattsburgh, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Eye Care for the Adirondacks 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and the supplemental schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Eye Care for the Adirondacks 401(k) Profit Sharing Plan

Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan

The Eye Care for the Adirondacks 401(k) Profit Sharing Plan (Plan) was established effective May 1, 1992. The Plan is sponsored by Eye Care for the Adirondacks Associates in Ophthalmology, P.C. (Company).

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution profit sharing plan with a 401(k) feature covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan assets are held by Empower Trust Company, LLC (Empower), the Trustee of the Plan. Company contributions, participant elective deferrals, and participant accounts are administered by Empower Retirement, LLC, which invests cash received and income from investments based on instructions from the Company and participants and makes distributions to participants. The Plan's Trustees are responsible for the oversight of the Plan, including investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan. In addition, participants may contribute after-tax Roth elective deferral contributions to the Plan. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral was \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Participants who have reached age 50 before the end of the Plan year are also eligible to make additional catch-up contributions up to a maximum of \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also contribute rollover amounts representing distributions from other qualified plans.

Under the "safe harbor" election, the Company matches a portion of eligible employee contributions. The match is 100% of the first 3% of a participant's annual compensation contributed and 50% of the next 2% of a participant's annual compensation contributed, for a maximum employer matching contribution of 4% of a participant's annual compensation. The Company's matching contributions totaled \$216,718 and \$202,883 for the years ended December 31, 2023 and 2022, respectively.

The Company may also make a discretionary profit sharing contribution at the option of its Board of Directors. The discretionary profit sharing contribution that a participant receives is based on a class allocated formula determined by the Board of Directors on an annual basis, where each employee is in a separate class. The Company made a discretionary profit sharing contribution of \$94,089 and \$73,278 for the years ended December 31, 2023 and 2022, respectively.

Participants direct the investment of contributions into various investment options offered by the Plan.

Note 1 - Description of Plan - Continued

c. Plan Eligibility

Employees are eligible to enter the Plan after they have reached the age of 18 and completed one year of service. One year of service is defined as being credited with 1,000 hours of service in a consecutive 12-month period. Entry dates of the Plan are January 1, April 1, July 1, and October 1. Upon joining the Plan, participants will share in the employer's safe harbor matching contributions regardless of service completed during the year or employment status at the end of the Plan year. Employees who are eligible to contribute to the Plan may also receive the discretionary profit sharing contribution that is determined annually by the Company's Board of Directors.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contribution and an allocation of (a) the Company's discretionary profit sharing contributions (if any); (b) the Plan's investment earnings (losses), net of investment expenses; and (c) administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their contributions (including rollovers) and the Company's safe harbor matching contribution, plus actual earnings thereon. The Company's discretionary profit sharing contribution is subject to a graduated vesting schedule.

A participant is 100% vested upon: (1) disability, (2) death, (3) normal retirement at age 65 with five years of participation, or (4) termination of the Plan. A participant shall have a vested and nonforfeitable interest in his or her account determined by the number of years of service as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0
2	20
3	40
4	60
5	80
6	100

f. Payment of Benefits

Upon death, disability, reaching the normal retirement age, or the termination of employment, a participant (or their beneficiary upon death) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment, equal periodic installments, or non-periodic installments. The Plan may distribute account balances to participants (or their beneficiary upon death) whose account balance is \$5,000 or less without participant (or beneficiary) consent. If the participant account balance is greater than \$1,000, the account balance will be rolled into an Individual Retirement Account for the benefit of the participant (or beneficiary). Participants may also receive in-service distributions from their pre-tax contributions at the age of 59½, or in the event of undue financial hardship, as defined by the Plan.

g. Forfeiture Accounts

The nonvested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures are used to reduce administrative expenses of the Plan, restore forfeited account balances of rehires who are eligible for restoration, or reduce employer contributions. A total of \$10,469 and \$6,018 of forfeiture amounts were used to reduce employer contributions for the years ended December 31, 2023 and 2022, respectively.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value), which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

d. Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year the employee contributions are withheld from compensation.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Company. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses.

Other administrative expenses paid by the Plan are allocated proportionately to participants based on the value of their account balances. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

g. Subsequent Events

The Plan Administrator has evaluated subsequent events through August 23, 2024, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years then ended, was obtained by management, and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

Note 4 - Investments and Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Notes to Financial Statements
December 31, 2023 and 2022

Note 4 - Investments and Fair Value Measurement - Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at December 31, 2023 and 2022. There have been no changes to the methodology used at December 31, 2023 or 2022.

Pooled Separate Accounts: Unit value is calculated based on the net assets of the underlying mutual funds, which are valued at the daily closing price as reported by the fund.

Investments measured at unit value are not classified in the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Guaranteed Interest Account

The Plan has entered into a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because that is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

MassMutual maintains the contributions in a general account. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by MassMutual, which is reviewed on a semiannual basis for resetting. The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party insurer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Notes to Financial Statements
December 31, 2023 and 2022

Note 5 - Guaranteed Interest Account - Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including the complete or partial Plan termination or a merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- 1) An uncured violation of the Plan's investment guidelines;
- 2) A breach of material obligation under the contract;
- 3) A material misrepresentation; and
- 4) A material amendment to the Plan without the consent of the issuer.

Upon contract termination, at the Plan's direction, payment may be made in one lump sum according to contract provisions or in annual installment payments.

Note 6 - Related-Party and Party-in-Interest Transactions

The Company paid for certain administrative expenses on behalf of the Plan, which totaled \$24,458 and \$20,388 for the years ended December 31, 2023 and 2022, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the participants will become 100% vested in their accounts.

Note 8 - Tax Status

On June 30, 2020, the Internal Revenue Service stated that the pre-approved Plan document adopted by the Plan, as then designed, is qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events that could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Non-Exempt Party-in-Interest Transactions

During the year ended December 31, 2022, the Plan sponsor failed to deposit a total of \$11,472 of participant contributions within the required timeframe as stated by the Department of Labor regulations. To correct the late deposits, participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis. The Plan sponsor corrected the 2022 deposit failures in September 2023. The Plan sponsor's assets were used to fund the corrective contributions.
