Required Communications

Auditing standards generally accepted in the United States of America (GAAS) (AU-C 260, *The Auditors’ Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Area	Comments
Our Responsibilities With Regard to the Financial Statement Audit	Our responsibilities under auditing standards generally accepted in the United States of America have been described to you in our arrangement letter dated May 22, 2024. As management determined it is permissible in the circumstances and elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.
Overview of the Planned Scope and Timing of the Financial Statement Audit	We have issued a separate communication regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.
Accounting Policies and Practices	Preferability of Accounting Policies and Practices Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice. Adoption of, or Change in, Accounting Policies Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.

Area	Comments
Accounting Policies and Practices (Continued)	Significant Accounting Policies We did not identify any significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus. Significant or Unusual Transactions We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus. Management's Judgments and Accounting Estimates The Plan's financial statements do not include any significant accounting estimates.
Audit Adjustments	Audit adjustments, other than those that are clearly trivial, proposed by us and recorded by the Plan are shown in the attached "Summary of Recorded Audit Adjustments".
Uncorrected Misstatements	We are not aware of any uncorrected misstatements other than those that are clearly trivial.
Form 5500 Filing	GAAS require that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to the dating of our auditors' report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the draft Form 5500 as disclosed in the notes to the financial statements.

Area	Comments
ERISA-Required Supplementary Information	We subjected the information included in the ERISA-required supplementary information, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplementary information, other than the certified investment information, is fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplementary information is presented in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplementary information agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditors' report for the ERISA-required supplementary information. We did not identify inconsistencies with the audited financial statements or with the certified investment information.
Disagreements with Management	We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.
Consultations with Other Accountants	We are not aware of any consultations management had with other accountants about accounting or auditing matters.
Significant Issues Discussed with Management	No significant issues arising from the audit were discussed or were the subject of correspondence with management.
Significant Difficulties Encountered in Performing the Audit	We did not encounter any difficulties in dealing with management during the audit.
Difficult or Contentious Matters That Required Consultation	We did not encounter any significant and difficult or contentious matters that required consultation outside the engagement team.

Area	Comments
Letter Communicating Internal Control Matters	A copy of the letter communicating internal control matters identified during our audit of the financial statements is attached as Exhibit A.

Exhibit A – Letter Communicating Internal Control Matters

To the Plan Administrator
Proxibid, Inc. 401(k) Plan

In planning and performing our audit of the financial statements of Proxibid, Inc. 401(k) Plan (the Plan) as of and for the year ended December 31, 2023 we considered relevant plan provisions and the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions or on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the Plan's compliance with plan provisions or on the effectiveness of the Plan's internal control.

Our consideration of relevant plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies, may exist that were not identified.

Instances where the Plan is not operating in accordance with plan provisions may be indicative of a deficiency in internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Drafting of Financial Statements

The Plan utilizes its auditors to provide assistance in preparing its year-end financial statements and related footnotes in conformity with accounting standards generally accepted in the United States of America as part of the annual audit. Traditionally, this is beneficial from a cost and time perspective since it has not been necessary for the Company to prepare a full set of financial statements with related footnotes more than annually. However, this limits the Company's ability to regularly monitor whether or not its financial statements with related footnotes are accurate.

Board Minutes

The Company does not maintain Board minutes related to the Plan. To ensure that the appropriate documentation is maintained for approval of Plan amendments, Plan management should discuss and approve the changes and should appropriately document the discussion.

Following is a description of an identified deficiency in internal control that we determined did not constitute a significant deficiency or material weakness:

Employee Contributions Receivable

The Company does not formally review the calculation for employee contributions receivable. As a result, an error was found related to an employee's account in which a small amount was incorrectly added to the employee's contribution receivable for the 2024 Plan year. Management should perform an annual review of the receivable calculation and ensure the balances are appropriate.

This communication is intended solely for the information and use of Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these parties.

This representation letter is provided in connection with your audits of the financial statements of Proxibid, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) sponsored by Proxibid, Inc. The Plan's financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodically examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and that the certified information is appropriately measured, presented and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.
