Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **ALEXANDER LIEVENS LLP**

(2) EIN: **74-2943125**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

To the Participants and
Plan Administrator
Chuy's Opco, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Chuy's Opco, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chuy's Opco, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chuy's Opco, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chuy's Opco, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chuy's Opco, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chuy's Opco, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Chuy's Opco, Inc. 401(k) Plan Notes to Financial Statements

A. Description of the Plan

The following description of the Chuy's Opco, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Chuy's Opco, Inc. 401(k) Plan (the Plan), is a defined contribution plan that became effective on November 7, 2006, and is maintained for the benefit of employees of Chuy's Opco, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Principal Life Insurance Company and Principal Trust Company (collectively referred to as "Principal") serve as the Plan custodians.

Eligibility. Each employee of the Company is eligible to participate in the Plan as of the first day of January, April, July, or October after the employee has attained age 21 and completed one year of service, except for leased employees and independent contractors. A year of service for eligibility is defined as the twelve months beginning with the date an employee first performs an hour of service for the Company and in which the employee performs at least 1,000 hours of service. If an employee does not satisfy the year of service requirement in his initial twelve-month period, subsequent twelve-month periods for purposes of determining year of service shall be based on the calendar year.

Contributions. Participants may contribute to the Plan through payroll deductions from 1% to 100% of annual compensation, as defined by the Plan. Participant salary deferral contributions are limited by the Internal Revenue Code to \$22,500 for 2023. In addition, participants who have attained age 50 are permitted to contribute additional "catch-up" salary deferrals. A participant may designate all or a portion of his or her salary deferrals as Roth deferrals contributed on an after-tax basis.

Participant Rollover Contributions. Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

Employer Discretionary Matching Contributions. At the discretion of the Company, the Company may declare matching contributions. The Company's matching contribution for the year, if any, is allocated to participants who have contributed salary deferrals to the Plan for the year and have completed at least 501 hours of service for the year or are employed on the last day of the year. For the year ended December 31, 2023, the Company declared and funded matching contributions of \$225,514.

Employer Discretionary Profit Sharing Contributions. The Company may also contribute, but is not required to do so, a profit sharing amount to be allocated to all participants who have completed at least 501 hours of service in the year or are employed on the last day of the year.

**Chuy's Opco, Inc. 401(k) Plan
Notes to Financial Statements**

A. Description of the Plan (continued)

The profit sharing contribution, if any, is allocated to all eligible participants based on compensation. The Company did not declare or fund a profit sharing contribution for the year ended December 31, 2023.

Vesting. Participants are immediately and fully vested in their salary deferrals, participant rollovers, and earnings thereon. Vesting in the Company's profit sharing and matching contributions, if any, plus earnings thereon are based on years of service completed. A participant is fully vested in the Company's profit sharing and matching contributions and earnings thereon, after completing three years of service. A year of service for vesting purposes is any calendar year during which the employee performs 1,000 hours or more of service for the Company. Amounts not vested at the time a participant terminates service are forfeited and are allocated to eligible participants or as noted below, may be used to reduce future employer contributions. Participants who attain age 65 while in the service of the Company or terminate service due to death or total disability become fully vested in their account balances.

Participant Directed Investments. Each participant directs the investment of his account balance among the investment options offered by the Plan.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the \$228,337 excess contributions to the applicable participants in Plan year 2024.

Payment of Benefits. Upon termination of employment, a participant will receive the value of the vested interest in his or her account in a lump-sum distribution. The Plan does not permit distributions prior to termination of service except for participants who have attained age 59½ or for hardship withdrawals in the event of immediate and heavy financial needs for the purchase of a principal residence, the payment of medical expenses, payment of post-secondary education, or payment for the cost of preventing eviction from or foreclosure on the mortgage of a principal residence. The amount of the hardship withdrawal may not exceed the amount of the financial need. A participant may not receive a hardship withdrawal unless all other available distributions and loans from this Plan have been obtained.

Forfeited Accounts. At December 31, 2023, and 2022, forfeited nonvested accounts were \$3,498 and \$4,653, respectively. Forfeitures used to pay certain Plan expenses and forfeitures applied for 2023 were \$4,679.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates.

**Chuy's Opco, Inc. 401(k) Plan
Notes to Financial Statements**

A. *Description of the Plan (continued)*

Principal and interest are repaid ratably through payroll deductions over a period not to exceed five years, except in the case of a loan used to acquire a participant's principal residence. Interest earnings on these loans are allocated to the specific participant's account.

Expenses of the Plan. Certain expenses incurred in the administration and operation of the Plan are paid by the Plan and are allocated to participants' accounts. Expenses incurred by the Plan for the year ended December 31, 2023, were \$81,149. The Company pays certain other expenses incurred in the administration and operation of the Plan.

B. *Summary of Significant Accounting Policies*

Basis of Accounting. The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Guaranteed investment funds. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

Investment Valuation and Income Recognition. The Plan's investments, other than fully benefit-responsive investment contracts which are reported at contract value, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D. for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Chuy's Opco, Inc. 401(k) Plan
Notes to Financial Statements**

B. Summary of Significant Accounting Policies (continued)

Contributions. Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Recent Accounting Pronouncements. The Company reviewed all other recently issued accounting pronouncements and concluded that they were not applicable or not expected to have a significant impact on the financial statements.

Subsequent Events. The Plan has evaluated subsequent events through September 12, 2024, the date the financial statements were available to be issued.

C. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023, and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the Plan custodians.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under "ASC 820, Fair Value Measurements," are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Chuy's Opco, Inc. 401(k) Plan
Notes to Financial Statements

D. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of nonobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023, and 2022.

The Plan maintains direct investments in investment funds, which are fully benefit-responsive investment contracts. The Plan measures the fair value of these investment contracts using the Net Asset Value ("NAV") (or its equivalent) per share practical expedient as of December 31, 2022, and 2021 and, therefore, not classified using the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Pooled separate accounts: Pooled separate accounts invest primarily in domestic stocks. The majority of the underlying securities have observable Level 1 quoted pricing inputs. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date. Therefore, we believe this investment to have a readily determinable fair value and as it is valued similarly to mutual funds, we believe they should be classified as Level 1 investments.

Common Collective trust funds: Common collective trusts invest in a collective trust fund as well as separate accounts and mutual funds. The fair value of the collective investment trust and separate accounts are not publicly quoted pricing inputs. The fair value of the mutual funds are publicly quoted pricing inputs (Level 1). The fair value of all these investments is used in determining the NAV of the collective trust funds.

The NAV is the basis for current transactions and the collective trust fund can be redeemed at NAV as of the measurement date. Therefore, we believe this investment to have a readily determinable fair value and as it is valued similarly to mutual funds, we believe they should be classified as Level 1 investments.

D. Fair Value Measurements (continued)

Guaranteed investment funds: Guaranteed investment funds are valued at contract value, which approximates fair value.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. As such, they are classified as Level 1 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,882,903	\$ -	\$ -	\$ 3,882,903

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023, and 2022, respectively.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Guaranteed investment funds	223,496	n/a	Daily	12 Months

E. Investment Contracts With Insurance Company

The Plan offers, as an investment option, Principal Fixed Income Guaranteed Option. This is a fully benefit-responsive investment contract with Principal. Principal maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Notes to Financial Statements

E. Investment Contracts With Insurance Company (continued)

The Plan also offers common collective trust funds that include Principal LifeTime Hybrid Collective Investment Trusts (CITs). CITs may invest in various types of investments, including Principal mutual funds, collective trust funds and pooled separate accounts.

The Plan also offers pooled separate accounts that include Principal U.S. Property Separate Account, Large Cap S&P 500 Index Sep Acct, Midcap S&P 400 Index Separate Account, and Small Cap S&P 600 Index SA funds. The Plan's investments in the separate account hold units of participation in the account.

Contributions and transfers to the separate account for the plan increase the Plan's total units of participation. Disbursements, deducted expenses, and transfers from the separate account for the plan decrease the Plan's total units of participation in the separate account. The Plan shares in the appreciation/depreciation of the separate account through the separate account's unit value.

The Plan's separate account market value at any given date is equal to the plan's units of participation multiplied by the unit value for the rate level chosen by the Plan administrator.

Guaranteed investment funds		
Traditional investment contract	\$ 223,496	\$ 222,957

F. Participant-Directed Investments

The Plan permits participants to invest their account balance and contributions among investment options offered by the Plan. The Plan offers numerous investment options through the current plan custodian, Principal.

G. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are invested in pooled separate accounts, common collective trust funds and guaranteed investment funds managed by Principal. Principal is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules.

H. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 at December 31, 2023, and 2022:

	December 31, 2023	December 31, 2022
Net assets available for benefits per the financial statements	\$ 15,630,050	\$ 13,664,102
Accrued liabilities for corrective distributions paid after year end and accrued for financial statement purposes into the current year, but reported in the subsequent plan year on the cash basis for Form 5500 purposes.	228,337	120,186
Net assets available for benefits per Form 5500	<u>\$ 15,858,387</u>	<u>\$ 13,784,288</u>

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Notes to Financial Statements

K. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.
