INDEPENDENT AUDITORS' REPORT

To the Administrator of the
Surface Technologies Corporation 401(k) Profit Sharing Plan
Atlantic Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of the Surface Technologies Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Surface Technologies Corporation 401(k) Profit Sharing Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank of similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section -

the amounts and disclosures in the accompanying 2023 financial statements referred to above, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

the information in the accompanying 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Surface Technologies Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Surface Technologies Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Surface Technologies Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Surface Technologies Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2022 Financial Statements

The financial statements of the Surface Technologies Corporation 401(k) Profit Sharing Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report, dated November 27, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SURFACE TECHNOLOGIES CORPORATION 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of plan:

The following description of the Surface Technologies Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan Sponsor is Surface Technologies Corporation (the Company, Administrator, Sponsor, or Employer). The Plan is a defined contribution plan covering all employees of the Company, Casa Marina Hotel and Restaurant, Inc., Petra Management, Inc., and The Foundation Academy, Inc. who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

To be eligible to participate in the Plan, employees must be at least 18 years of age and complete one year of continuous service. Employees are allowed to participate in the Plan on the first day of each month after the eligibility requirements are met. Participants are allowed to make contributions up to the maximum amount allowed by the Internal Revenue Code (IRC). Additionally, employees are given the option to make Roth contributions under the Plan, subject to IRC limitations. Employees have the ability to modify contribution elections each payroll period. Participants who have attained age 50 before the end of the Plan year are permitted to make additional catch-up contributions.

Each year the Company may make discretionary employer matching contributions. For the year ended December 31, 2023, the Company provided discretionary matching contributions at a rate of 100% of employee contributions up to 4% of compensation. Additionally, the Company may make discretionary profit-sharing contributions in an amount determined by management. Participants credited with 1,000 hours of service during the Plan year and employed on the last day of the Plan year are eligible to receive an allocation of profit-sharing contributions. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2023.

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's profit-sharing contribution, if any, Plan earnings, administrative expenses, and forfeitures. Profit-sharing contribution allocations are based on participant earnings and years of service, or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$54 and \$10,238, respectively, and are included in the Mass Mutual U.S. Government Money Market Fund investment. Forfeited non-vested accounts may be used to pay Plan expenses or reduce employer matching contributions. During the year ended December 31, 2023, no forfeitures were used to pay Plan expenses. During the year ended December 31, 2023, \$10,555 of forfeitures were used to reduce employer contributions to the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Participants vest in Company discretionary matching and profit-sharing contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are immediately vested upon termination of the plan, attainment of the retirement age of 65, attainment of the early retirement age of 55 with 20 years of vested service, disability, or death.

SURFACE TECHNOLOGIES CORPORATION 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 1 - Description of plan - continued:

Payment of benefits

Participants are entitled to a lump sum distribution of the vested value of their account upon termination of service, disability, death, or attainment age 59 1/2. Partial withdrawals are subject to a \$5,000 minimum. Participants who experience proven financial hardship may request a withdrawal of any or all of their fully vested accounts. If a participant's account balance is less than \$5,000 upon termination of service, the participant's account will be rolled over to an individual retirement account (IRA).

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms are for a maximum of five years, unless the note is for the purchase of the participant's principal residence, in which case the note term may be longer, at the discretion of the Sponsor. Participants may have one note outstanding at any given time. Notes are secured by the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participants are allowed to refinance their loan, subject to the loan procedures. Participants may prepay their note at any time.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or by the Plan, as determined by the Plan Sponsor. The Company pays a portion of administrative expenses of the Plan. Fees charged for processing notes receivable from participants, as well as other account transactions, are charged directly to the accounts of applicable participants. Total administrative fees paid by the Plan during the year ended December 31, 2023 totaled \$11,630.

December 31, 2023 and 2022

Note 1 - Description of plan - continued:

Reclassifications

Certain reclassifications have been made in the December 31, 2022 financial statements to conform to the current year presentation. The reclassifications had no impact on the net assets of the Plan.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Stable value fund

Investment contracts are reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contract plus interest at the contract rate less withdrawals and administrative expenses.

The Plan has a guaranteed investment contract with Empower Trust Company, LLC (Empower Trust) that invests contributions in the Mass Mutual Guaranteed Interest Account. The Mass Mutual Guaranteed Interest Account is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the general account. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. There were no unfunded commitments at December 31, 2023.

SURFACE TECHNOLOGIES CORPORATION 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 2 - Summary of significant accounting policies - continued:

Stable value fund - continued

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Empower Trust may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Generally, a 90 day notice is required by either party to discontinue the contract. Empower Trust may elect to defer payment of the contract for up to 6 months after the contract is discontinued.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options, 3) bankruptcy of the Plan Sponsor or other events that cause a significant withdrawal from the Plan, or 4) failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Investment valuation and income recognition

The Plan's mutual fund and pooled separate account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges. These investments are considered to be actively traded.

Pooled separate account investments are in underlying investments in shares of mutual funds. The net asset value value of the investment in the mutual funds is adjusted to apply the expense factor disclosed in the annuity contract. The unit value is determined by dividing the net assets by the number of units outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2 - Summary of significant accounting policies - continued:

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through August 23, 2024, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2023, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the custodian:

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian, Empower Trust Company, LLC.

Note 3 - Investments and information certified by the custodian - continued:

Investments that represent 10% or more of the Plan's investments at December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
MFS Lifetime 2030 Fund	*	\$ 528,339
MFS Lifetime 2035 Fund	\$ 730,219	\$ 569,901
Mass Mutual S&P 500 Index Fund	\$ 722,659	\$ 522,181
Mass Mutual Guaranteed Interest Account	\$ 1,165,482	\$ 1,094,643

* Indicates an investment that was less than 10% of the Plan's investments at December 31, 2023.

Note 4 - Party-in-interest transactions:

The custodian and its affiliates perform services for the Plan, sell products to the Plan, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. The Plan also has a third party administrator. The Plan pays a portion of administrative expenses while the Plan Sponsor pays the remainder of administrative expense. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibited transaction rules.

Note 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participant accounts will become fully vested.

Note 6 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator has indicated that it will take the necessary steps to bring the Plan's operations into compliance with the IRC.

December 31, 2023 and 2022

Note 6 - Tax status - continued:

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2020.

Note 7 - Correction of operational issues:

For the 2007, 2009, 2010, 2022, and 2023 Plan years, multiple delinquent contributions were identified that require corrective action. The Plan Sponsor is in the process of calculating lost earnings associated with the delinquent contributions and will deposit those monies into the Plan as soon as possible. These amounts are listed in total by year in Schedule H, Line 4a - Schedule of Delinquent Participant Contributions in the supplemental information accompanying these financial statements.
