Independent Auditor's Report

To the Plan Administrator
Landscape Forms, Inc. Profit Sharing Plan
Kalamazoo, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Landscape Forms, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Landscape Forms, Inc. Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Landscape Forms, Inc. Profit Sharing Plan (the Plan) is provided for general information only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan available to substantially all employees of Landscape Forms, Inc. (the Company). The Plan was originally adopted effective December 26, 1972. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

To be eligible to participate in the Plan, an employee must be a full-time employee of the Company. The Plan excludes non-resident aliens, leased employees, and seasonal and temporary employees. An employee may become a participant immediately after they are hired. The Plan includes an automatic salary deferral feature. Unless an employee elects an alternative deferral, the Company will automatically withhold 5% of the employee's compensation and contribute that amount to the Plan.

Contributions

Participants may contribute up to the maximum amount allowed by law of their eligible annual compensation, subject to certain limitations. These contributions can be made on a pre-tax basis, or on an after-tax basis to a Roth account. Under a Roth account, distributions are not subject to income taxes when the participants withdraw money from the Plan. This includes the earnings accumulated on contributions to the participants' accounts. This differs from traditional contributions where all withdrawals are reported as ordinary income and subject to income taxes upon receipt since the money was contributed on a pre-tax basis. Participants may also contribute distributions from other qualified plans.

The Plan includes a safe harbor matching contribution. The safe harbor matching contribution requires the Company to make matching contributions to the account of each eligible participant in the amount equal to the sum of 100% of the participant's contribution that does not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's contribution that exceeds 3% of the participant's compensation, but not to exceed 5% of the participant's compensation. The Company may also elect to make a discretionary profit-sharing contribution, determined by its Board of Directors. In order for a participant to receive the discretionary profit-sharing contribution, the participant must have completed at least 501 hours of service during the Plan year or have been employed on the last day of the Plan year. For the years ended December 31, 2023 and 2022, the Company's discretionary profit-sharing contribution was 4.33% of eligible compensation. Profit-sharing contributions are generally paid in the first quarter following the end of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of net investment earnings or loss. Allocations of net investment

Landscape Forms, Inc. Profit Sharing Plan

Notes to Financial Statements

earnings or loss are based on the participant's proportionate share of funds in each of the investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct the investment of their account balances into various investment options or may establish a segregated brokerage account in order to direct their investments if the participant meets certain requirements. Participants may change the direction of their investment accounts and the manner in which they are invested on a daily basis. Outside of the segregated brokerage accounts, the Plan currently offers mutual funds and a money market account as investment options for participants.

Vesting

Participants are immediately vested in their elective deferral and Company matching contributions and actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions and actual earnings thereon is based on years of continuous service. Participants vest at a rate of 20% for each year of continuous service and become 100% vested in Company profit-sharing contributions after five years of credited service. Participant accounts are distributed without regard to the vesting provisions in the event of death or permanent physical or mental disability.

Forfeitures

Forfeited nonvested accounts totaled approximately \$222,000 and \$174,000 for the years ended December 31, 2023 and 2022, respectively. Forfeited balances are used to reduce future employer contributions. Approximately \$222,000 and \$174,000 of forfeitures were used to reduce the employer profit sharing contributions paid in January 2024 and 2023, respectively.

Notes Receivable from Participants

Participants may, under certain circumstances as defined by the Plan agreement, borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum note is \$1,000. Participants may have one note outstanding at any time. The note is secured by the balance in the participant's account and bears interest at the prevailing rate charged by other lenders for similar notes. Interest rates on notes receivable ranges from 5.25% to 9.50% at December 31, 2023. The notes are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms should not exceed ten years.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant or a participant's beneficiary in the event of death, may elect to receive the vested value of his or her account from the Plan. Vested account balances less than \$5,000 will be paid by lump-sum distribution. Account balances greater than \$5,000 may be paid by lump-sum distribution or purchase of annuity. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with provisions specified in the Plan Agreement.

Landscape Forms, Inc. Profit Sharing Plan

Notes to Financial Statements

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan totaled approximately \$40,000 and \$44,000 for the years ended December 31, 2023 and 2022, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset and paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of Benefits

Benefits are recorded when paid.

Contributions Receivable

Employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Discretionary profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan Document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Notes to Financial Statements

Risk and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in their values could occur in the near term and such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Subsequent Events

Subsequent events have been evaluated by management through September 12, 2024, the date these financial statements were available to be issued.

3. Investments

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, other inputs that are observable, or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual Funds and Exchange Traded Funds (ETFs) - These assets are valued at the daily closing price, as reported by the fund. Mutual funds and ETFs held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and ETFs held by the Plan are deemed to be actively traded.

Segregated Accounts - Common stock traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. The segregated accounts also hold mutual funds, ETFs, and money market funds.

Notes to Financial Statements

Money Market Account - This asset is valued at the NAV of the shares held by the Plan at year-end and is determined based on the value of the underlying investments of the fund. The money market fund seeks to maintain a \$1.00 NAV.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan's management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 91,438,187	\$ -	\$ -	\$ 91,438,187

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments in fair value and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividend income, interest and dividend receivable, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Greenleaf Trust, a qualified institution.

5. Segregated Accounts

Participants can establish segregated accounts in which to invest their contributions. The segregated account balances, which are included in total investments on the statements of net assets available for benefits, are comprised of the following investment balances:

<i>December 31,</i>	2023	2022
Segregated Accounts		
Equity securities	\$ 3,461,323	\$ 2,923,204
Money market account	58,353	71,868
Total	\$ 3,519,676	\$ 2,995,072

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in any employer contributions.

7. Income Tax Status

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing Plan of Greenleaf Trust, the trustee of the Plan, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Pre-Approved plan was designed in accordance with the provisions of the Internal Revenue Code (IRC), including provisions to comply with recent legislation. The Plan has been amended and restated since the date of the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Parties-in-Interest

Greenleaf Trust is a trustee as defined by the Plan and, therefore, fees paid to Greenleaf Trust qualify as exempt party-in-interest transactions. Fees paid to Greenleaf Trust by the Plan were approximately \$40,000 and \$44,000 for the years ended December 31, 2023 and 2022, respectively. Fees paid by the Plan for investment management services were included as a reduction of the earnings on each fund.
