Independent Auditor's Report

Plan Participants and Board of Directors
CSTK – Velociti Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CSTK – Velociti Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CSTK – Velociti Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of CSTK – Velociti Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of CSTK, Inc. (the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Eligibility: Employees of the Company are eligible to participate in deferral, matching contributions and discretionary contributions upon attaining the age of 18 and completing three months of service. Employees are allowed to enter the Plan on the first day of the month following meeting the eligibility requirements. Leased employees and nonresidential aliens are not eligible to enter the Plan.

Contributions: Participants may contribute up to 80% (subject to the maximum allowed by the Internal Revenue Service (IRS)) of their pretax annual compensation, as defined by the Plan. In lieu of pretax contributions to the Plan, participants may contribute up to 80% (subject to the maximum allowed by the IRS) of their after-tax annual compensation, as defined in the Plan, as Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Employees are not automatically enrolled into the Plan and must make a deferral election subsequent to their eligibility date to enroll in the Plan.

The Company makes nonelective matching contributions equal to 50% of the participant's elective deferral up to 8% of the participant's compensation. For the Plan year ended December 31, 2023, the nonelective matching contribution was \$1,092,744.

The Company may also make discretionary contribution to the Plan. The discretionary contribution is determined each year by the Company. No discretionary contributions were made during the year ended December 31, 2023.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's salary deferral contribution and allocations of (a) the Company's nonelective matching and discretionary contributions and (b) Plan earnings, and charged with an allocation of Plan administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Participants have the option of directing their contributions and the allocations of the employer nonelective matching contributions and the employer discretionary contributions to any of the selected investment options as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via direct phone or internet access to the Plan record keeper (third-party processor).

CSTK – Velociti Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their salary deferral contributions, plus actual earnings thereon. Vesting in both the Company nonelective matching contribution and the Company discretionary contribution portions of their accounts is based on years of continuous service according to the following schedule:

Years of Service	Percentage
0	0%
1	33%
2	66%
3	100%

Forfeitures: At December 31, 2023 and 2022, there were forfeited nonvested accounts totaling \$8,172 and \$34,723, respectively. Forfeitures of terminated participants' nonvested accounts may be used to reduce employer contributions or administrative expenses. During the year ended December 31, 2023, \$27,709 of forfeitures was used to reduce employer contributions.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. A participant may only have one loan outstanding at a time. The term of the notes receivable cannot exceed five years, except for a note receivable used to acquire a principal residence. The notes receivable must be adequately secured by the vested account balance, and they bear interest at rates that range from 4.25% to 9.50%, which are commensurate with local prevailing rates and are fixed over the life of the note. Principal and interest are paid ratably through payroll deductions.

Benefit payment: On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum or installment amount equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance is less than \$5,000, a lump-sum payment of the vested balance will be distributed automatically. In-service distributions are not permitted unless the participant has attained age 59½, certain hardship conditions are met, or rollover contributions are available.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are presented on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the nonelective matching and discretionary contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

CSTK – Velociti Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Allowance for credit losses: The Plan adopted Accounting Standard Codification (ASC) 326, Financial Instruments—Credit Losses, as of January 1, 2023, with the cumulative-effect transition method with the required prospective approach. The measurement of expected credit losses under the current expected credit loss (CECL) methodology is applicable to financial assets measured at amortized cost, which include employer and participant contributions receivable. An allowance for credit losses under the CECL methodology is determined using the loss-rate approach and measured on a collective (pool) basis when similar risk characteristics exist. Where financial instruments do not share risk characteristics, they are evaluated on an individual basis. The CECL allowance is based on relevant available information, from internal and external sources, related to past events, current conditions and reasonable supportable forecasts. Management provided for no allowance for credit losses as of December 31, 2023 as all amounts were determined to be fully collectable.

Prior to the adoption of ASC 326, the Plan maintained an allowance for doubtful accounts to reserve for potentially uncollectable receivables. Management provided no allowance for doubtful accounts as of December 31, 2022 as all amounts were determined to be fully collectable.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan agreement.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Directors determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Benefit payments: Benefits are recorded when paid. There were no withdrawals approved but not yet paid as of December 31, 2023.

Note 3. Information Certified by Reliance Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplementary schedule, obtained by management and agreed to or derived from information certified as complete and accurate, to the best of their knowledge and belief, by Reliance Trust Company, a qualified institution:

	December 31	
	2023	2022
Investments, at fair value:		
Mutual funds	\$ 29,981,877	\$ 24,243,969
Self-directed brokerage accounts	160,801	83,111
	<u>\$ 30,142,678</u>	<u>\$ 24,327,080</u>
Notes receivable from participants	<u>\$ 619,591</u>	<u>\$ 579,384</u>

Reliance Trust Company also certified to the completeness and accuracy, to the best of their knowledge and belief, of \$3,513,935 of net appreciation in fair value of investments, \$852,297 of interest and dividends, and \$30,095 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CSTK – Velociti Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Self-directed brokerage accounts may include mutual funds, common stock and exchange-traded funds, all of which are valued at the closing price reported in the active market in which the securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,981,877	\$ -	\$ -	\$ 29,981,877
Self-directed brokerage accounts	160,801	-	-	160,801
Total assets measured at fair value	<u>\$ 30,142,678</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 30,142,678</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,243,969	\$ -	\$ -	\$ 24,243,969
Self-directed brokerage accounts	83,111	-	-	83,111
Total assets measured at fair value	<u>\$ 24,327,080</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,327,080</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

For the year ended December 31, 2023, there were no significant transfers between levels and no transfers in or out of Level 3.

Net increase per the financial statements	\$ 5,912,161
Deemed distribution loans—current year	7,798
Net income per Schedule H of the Form 5500	<u>\$ 5,919,959</u>

Note 6. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Other expenses of the Plan are paid by the Plan and Plan Sponsor.

Note 7. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

CSTK – Velociti Retirement Plan

Notes to Financial Statements

Note 7. Income Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions

Plan investments are managed by Reliance Trust Company, the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for investment management services totaled \$56,520 for the year ended December 31, 2023.

Note 9. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through July 17, 2024, the date the financial statements were available to be issued.

(1) Name:

(2) EIN:

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
