Report on Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of the International Shoppes, Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2023, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Basis of Accounting

We draw attention to Note 2 in the financial statements, which describes the basis of accounting. The financial statements and the supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section of our report. We are required to be independent of the International Shoppes, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Shoppes, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Shoppes, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Shoppes, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Note 1. Description of Plan

The following description of the International Shoppes, Inc. 401(k) Profit-Sharing Plan (Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1987, amended and restated in April 2022, is a defined-contribution 401(k) plan covering all eligible employees who are over the age of 21 and have completed 1,000 hours or twelve months of service, as defined, of International Shoppes, Inc., International Shoppes, LLC, International Shoppes Shekinah Group IAH, LLC, and Diplomatic Duty Free Shoppes of New York, Inc., which are all affiliated companies (Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The board of trustees is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 90% of their annual compensation not to exceed \$22,500 for 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as permitted under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company matches participant contributions up to a maximum of 3% of their compensation, as defined, provided that the participant is employed by the Company at the end of the plan year, as defined. The Company may also make discretionary contributions. The Company makes matching contributions once a year. Forfeited balances of unvested participant accounts are used to reduce future contributions from the Company. Participants direct the investments in their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with (i) the participant's contributions, (ii) the Company's matching contribution, (iii) their share of the Company's additional discretionary contributions, if any, (iv) net earnings (loss) on their account, and (v) charged with an allocation of administrative/investment expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions, plus actual earnings thereon, shall be 20% after two years of service with an additional 20% vesting for each additional year of service thereafter, up to a maximum vesting in accrued benefit of 100%. Upon reaching normal retirement, disability or death, a participant's account also becomes fully vested.

Investment Options

All investments are participant directed to various mutual funds or into self-managed brokerage accounts.

Notes to Financial Statements
December 31, 2023 and 2022

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of 50% of their vested account balance, as adjusted, or \$50,000. Loans are payable over no more than five years (except for loans to acquire a principal residence, which are repayable over no more than 30 years), are secured by the participant's account, and bear interest at rates ranging from 4.25% to 9.5% per annum. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon normal retirement, disability, death, or separation from service, a participant may elect to receive their vested benefit in a lump-sum or installment payments, as defined. For termination of service for other reasons, a participant may receive their vested interest in his or her account as a lump sum distribution, as defined.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$29,250 and \$27,670, respectively. These accounts will be used to reduce future employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared on the modified cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting used by the Plan, contributions, interest, and dividends are recognized when received rather than when they are earned and benefits and expenses are recognized when paid rather than when the obligation is incurred; however, investments are presented at fair value. Accordingly, the financial statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines plan valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when received. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

International Shoppes, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Substantially all expenses of the Plan are paid directly by the Plan and allocated to the participant's account. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through August 26, 2024, which is the date the financial statements were available to be issued and concluded that no additional disclosures are required.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (Reliance), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Disclosures About Fair Value of Plan Assets

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly or indirectly include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Corporate Bond*: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basis value on yields currently available on comparable securities of issuers with similar credit ratings.
- *Common Stocks and Exchange Traded Funds*: Valued at the closing price reported on the active market in which the individual security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	<u>\$ 9,676,500</u>	<u>\$ 10,024</u>	<u>\$ -</u>	<u>\$ 9,686,524</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Tax Status

On October 6, 2020, the Internal Revenue Service (IRS) stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party Transactions and Parties in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Reliance. Reliance is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan incurred direct fees for investment advisory fees. Fees paid by the Plan for administrative, auditing, and investment management services amounted to \$20,918 for the year ended December 31, 2023.

Additionally, indirect fees charged by the following funds at rates ranging from 0.10% to 0.25% of the average daily assets for accounts invested in Calamos Advisors LLC, and indirect fees charged by the following funds at rates ranging from 0-100 basis points for accounts invested in Allianz Global Investors Distributors, Blackrock Funds V, Columbia, Fidelity Distributors Corp., and T. Rowe Price. Also, indirect fees charged by TD Ameritrade, Inc. included approximately 2.5% per qualified trade, and mutual fund fees of 0 to 25 basis points on balances in certain mutual funds. Direct and indirect fees and commissions are included in net appreciation in fair value of investments through revenue sharing rather than direct payments.

Notes receivable from participants also qualify as party-in-interest transactions.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Note 8. Risks and Uncertainties

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
