Independent Auditor's Report

To the Plan Administrator
Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2022 and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following description of Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution retirement plan covering all eligible employees of Azurity Pharmaceuticals, Inc. (the "Company"). Employees age 21 or older are eligible to participate in the Plan upon completion of three months of service. Union employees, nonresident aliens and employees not required to be taken into account for nondiscrimination testing purposes under Code Section 410(b)(6)(c), but only during the Code Section 410(b)(6)(c) transition period, are excluded from participating in the Plan. Effective July 1, 2022, the Plan was amended and restated. As part of the restatement, the Plan was amended to remove the exclusion from participation in the Plan for employees not required to be taken into account for nondiscrimination testing purposes under Code Section 410(b)(6)(c), but only during the Code Section 410(b)(6)(c) transition period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During November 2022, the Arbor Pharmaceuticals LLC 401(k) Plan was merged into the Plan.

Contributions

Each year, participants may make salary deferral contributions to the Plan up to 90% of their pre-tax annual compensation, as defined by the Plan. The Plan also allows participants to designate all or a portion of their contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic compensation reduction agreement, whereby all newly eligible participants will have 5% of eligible compensation withheld and remitted to the Plan if they fail to complete a deferral election form. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a common collective trust as investment options for participants.

The Plan includes a safe harbor provision whereby the Company is required to make a safe harbor matching contribution to the Plan equal to 100% of elective deferrals up to a maximum contribution equal to 5% of participants' eligible compensation, as defined by the Plan. Participants also direct the investment of the employer contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company safe harbor matching and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust

Notes to Financial Statements December 31, 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

The Plan's policy for the payment of benefits is as follows: (1) on termination of service for any reason, participants with a vested account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, (2) for terminated participants with a vested account balance greater than \$1,000, but less than \$5,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator unless the participant makes an affirmative election, and (3) participants with a vested account balance greater than \$5,000 may receive a lump sum, installments or defer payment of benefits to a later date.

Participants who have reached age 59½ may withdraw all or a portion of the vested balance in their account prior to termination for any reason. Participants may make withdrawals from the rollover portion of their account at any time.

Forfeited accounts

At December 31, 2022 and 2021, there were \$135,165 and \$0 forfeited nonvested accounts related to the transfer in of the Arbor Pharmaceutical LLC 401(k) Plan, respectively. Any forfeited nonvested accounts may be used to pay Plan expenses or to reduce future employer contributions. There were no forfeitures utilized during the year ended December 31, 2022.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust

Notes to Financial Statements December 31, 2022

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distribution fees and monthly account management fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through September 5, 2024, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust

Notes to Financial Statements December 31, 2022

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2022			
	Level 1	Level 2	Level 3
Investments included in fair value hierarchy			
Mutual funds	\$ 41,277,138	\$ -	\$ -
Investments measured at NAV (a)			1,390,544
Total investments at fair value			\$ 42,667,682

December 31, 2021			
	Level 1	Level 2	Level 3
Investments included in fair value hierarchy			
Mutual funds	\$ 7,397,147	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Notes to Financial Statements December 31, 2022

Fair value of investment in entity that use NAV

The following table summarizes the investment for which fair value is measured using NAV per share practical expedient as of December 31, 2022. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	December 31, 2022			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	\$ 1,390,544	None	Daily	12 months

Note 4 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6 - Tax status

The prototype plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter dated October 6, 2020 in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan itself has not received a determination letter from the IRS, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust

**Notes to Financial Statements
December 31, 2022**

Note 7 - Related party transactions and party-in-interest transactions

Plan investments include shares of mutual funds and units of common collective trust fund managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net depreciation in fair value of investments. Direct fees paid by the Plan to the investment advisors and third party administrator amounted to \$50,345 for the year ended December 31, 2022. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

The Plan receives monthly rebates from Reliance Trust Company as part of a revenue sharing agreement which are maintained in a revenue credit account and can be used to reduce future Plan expenses or be allocated to participant accounts. During the year ended December 31, 2022, the Plan received revenue sharing credits of \$28,822 under the agreement, which are shown as other income in the accompanying financial statements. As of December 31, 2022 and 2021, the balance in the revenue credit account was \$0. During 2022, credits of \$28,822 were used to pay Plan expenses.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits shown in the financial statements to Form 5500 as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>

Azurity Pharmaceuticals, Inc. 401(k) Profit Sharing Plan Trust

Notes to Financial Statements December 31, 2022

Note 10 - Department of Labor

The Company received a notice dated June 26, 2024 from the U.S. Department of Labor, Employee Benefits Security Administration ("DOL") for the Company's failure to file a complete Form 5500 for the plan year ended December 31, 2022. The 2022 Form 5500 was rejected as it did not include an attached copy of the audited financial statements of the Company's 401(k) plan for the year ended December 31, 2022. The DOL has provided the Company with 45 days to file an amended Form 5500 with the Plan's financial statements attached. The Company sent a Statement of Action response to the DOL on August 8, 2024 requesting an additional 45 days to complete the Plan's 2022 audited financial statements. The Company and its auditors are diligently working on completing the audited financial statements for the year ended December 31, 2022.

In June 2024, Arbor Pharmaceuticals LLC ("Arbor") received two notices from the U.S. Department of Labor ("DOL"), Employee Benefits Security Administration of their intent to assess financial penalties against Arbor for its failure to file a complete Form 5500 for the Plan year ended December 31, 2021 and the period ended November 18, 2022. The 2021 and 2022 Form 5500's for the Arbor Pharmaceuticals LLC 401(k) Plan were both rejected as they did not include a copy of the Plan's audited financial statements. The Company submitted two "Statement of Reasonable Cause" letters on June 28, 2024, requesting the penalties associated with the rejected filings be abated. On July 15, 2024, the Company was notified by the DOL that their requests to waive the assessed penalties for 2021 of \$100,000 and 2022 of \$132,210 were denied. The Company was given 30 days from the receipt of the July 15, 2024, DOL letter to file a "Request for a Hearing and Answer" with the Office of Administrative Law Judges ("OALJ") to oppose the penalty determination. The Company decided not to file a letter with the OALJ for a "Request for a Hearing and Answer" and paid the 2021 and 2022 penalties in August 2024. The Company filed an amended Form 5500 for 2021, including a copy of the Plan's audited financial statements for the year ended December 31, 2021, on July 31, 2024. The Company filed an amended Form 5500 for 2022, including a copy of the Plan's audited financial statements for the period ended November 18, 2022, in August 2024.

Note 11 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain salary deferral contributions were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2022. These delinquent participant contributions pertain to multiple payroll periods during the year ended December 31, 2022. The Company is currently working with its third-party administrator to correct the delinquent participant contributions relating to payroll for the year ended December 31, 2022. The Company believes that these transactions should not affect the tax-qualified status of the Plan.

Note 12 - Subsequent event

Effective December 1, 2023, the Plan was amended to allow for hardship distributions. Effective January 1, 2024, the Plan was amended to remove the three months of service requirement to participate in the Plan.
