INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Valley Rubber, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Valley Rubber, LLC 401(k) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the period from March 1, 2023 to December 31, 2023 and for the period from January 1, 2023 to February 28, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We

believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VALLEY RUBBER, LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of Valley Rubber, LLC (Sponsor) 401(k) Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the official plan documents for complete information.

General - The Plan is a defined contribution plan covering substantially all employees of the Sponsor who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Sponsor and Plan Administrator are responsible for oversight of the Plan. The Sponsor, utilizing the recommendations of advisors, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Participants may contribute a defined amount of pretax or post-tax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Such transfers from other qualified plans are reported as rollover contributions. Eligible employees are automatically enrolled with a pre-tax contribution of 3% of compensation, as defined by the Plan, in the absence of making an election not to participate. The Sponsor makes a safe harbor matching contribution of 100% of the first 3% of deferrals and 50% of the next 2%. The Sponsor may make, but elected not to for the year ended December 31, 2023, additional discretionary contributions to the Plan. The additional contributions are subject to additional service requirements. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's and the Sponsor's contributions, an allocation of net Plan earnings, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and sponsor contributions and any income or loss thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, reduced by the highest outstanding loan balance during the one-year period or fifty percent of their vested account balance, reduced by any outstanding loan balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest from 3.25% to 9.50%. The interest rate on participant loans is determined by the plan administrator in accordance with Plan provisions. Principal and interest are paid through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits - Upon termination of service, due to death, disability, retirement or separation of service, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or other payments under various options. The Plan also permits in-service withdrawals when a participant attains the age of 59 ½ or due to circumstances of financial hardship in accordance with provisions specified in the Plan document.

Forfeitures - Forfeitures will be used to reduce future Sponsor contributions or pay Plan expenses. If any forfeitures still remain, such forfeitures may be reallocated to participants. There were no unallocated forfeiture balances at December 31, 2023 and 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

In preparing the financial statements, management evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Concentration of Market Risk - As of December 31, 2023 and 2022, approximately 53% and 50%, respectively, of the Plan's net assets were invested in one collective investment trust and three mutual funds for 2023 and four collective investment trusts for 2022. The underlying value of the investments are dependent on the performance of the individual investment holdings and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the investments and their investment holdings in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as incurred. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Sponsor and are therefore excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account, certain advisory expenses, and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

3. CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the periods from January 1, 2023 to February 28, 2023 and March 1, 2023 to December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and Principal Trust Company.

4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs which are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded at the close of every business day.

Collective investment trusts (CIT): Valued at the net asset value (NAV) per share/unit reported at the close of every business day. The NAV is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust and accounts less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments or redemption restrictions relative to the CIT.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

VALLEY RUBBER, LLC 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022
(Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022.

	Fair Value	Level 1	Level 2	Level 3
December 31, 2023				
Mutual funds	\$ 3,493,354	\$ 3,493,354	\$ -	\$ -
Investments measured using NAV	506,557	-	-	-
	<u>\$ 3,999,911</u>	<u>\$ 3,493,354</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2022				
Mutual funds	\$ 343,768	\$ 343,768	\$ -	\$ -
Investments measured using NAV	4,065,262	-	-	-
	<u>\$ 4,409,030</u>	<u>\$ 343,768</u>	<u>\$ -</u>	<u>\$ -</u>

Plan investments include a CIT, which uses NAV as a practical expedient. These investments are not categorized within the fair value hierarchy.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal). Principal maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022, was \$44,171. The crediting interest rate was based on a formula agreed upon with the issuer.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company and Principal Trust Company, the trustees of the Plan during the years ended December 31, 2023 and 2022. Therefore, these transactions qualify as party-in-interest transactions. As described in note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are considered related party transactions.

7. PLAN TERMINATION

Although it has not expressed intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts would become 100% vested in their employer contributions.

8. INCOME TAX STATUS

The Plan adopted a standardized form of a prototype plan. The prototype plan has received an opinion letter dated October 6, 2020 from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS; however, there are currently no examinations for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits from the financial statements to the Form 5500.

	2023	2022
Net assets available for benefits per financial statements	\$ 4,276,811	\$ 4,689,555
