INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Siddons Martin Emergency Group 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Siddons Martin Emergency Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Siddons Martin Emergency Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Siddons Martin Emergency Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Siddons Martin Emergency Group 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Siddons Martin Emergency Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Siddons Martin Emergency Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Siddons Martin Emergency Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents and related adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 2005, and was most recently restated February 17, 2022, and amended June 1, 2022, covering substantially all employees of Siddons Martin Holding, Inc. and its wholly-owned affiliates (collectively, the "Company" or "Employer"). The Plan is designed to provide participants with a means to defer a portion of their eligible compensation for retirement and to provide benefits in the event of disability, death, termination of employment or financial hardship. The Plan is designed to qualify under section 401(a) and the related provisions of the Internal Revenue Code (IRC) and is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until the end of the first plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Principal Trust Company (the "Custodian") serves as the asset custodian and is responsible for the custody and management of the Plan's assets. Principal Life Insurance Company an affiliate of the Custodian, has been retained to provide recordkeeping services for the Plan and is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Prior to June 1, 2022, employees of the Company who are at least age 21 and have completed one year of eligibility service and who are not members of a collective bargaining unit or a nonresident alien, are eligible to participate in the Plan. As of and subsequent to June 1, 2022, employees of the Company who are at least age 21 and have completed 90 days of eligibility service and who are not members of a collective bargaining unit or a nonresident alien, are eligible to participate in the Plan. Leased employees, independent contractors, seasonal, and temporary employees are not eligible to participate in the Plan. An eligible participant may begin contributing to the Plan on the first day of the month immediately following the eligibility requirements being met.

Contributions

Participants may elect to make salary deferral contributions into the Plan, up to the maximum amounts allowed by law. If after receiving a notice from the Plan Administrator, eligible participants do not make an elective deferral contribution election they will be deemed to have made an elective deferral contribution election in the amount of 1% of eligible compensation. Participants may also designate some or all of their contributions as an after-tax Roth contribution, subject to certain limitations. Participants elective deferral election will increase annually by 1% of eligible compensation up to a maximum of 5% of eligible compensation. Participants, who have attained age 50 before the end of the Plan year may make catch-up contributions. Rollover contributions from other qualified retirement plans or an individual retirement account (IRA) are allowed subject to conditions set forth in the Plan.

The Company contributes a safe harbor matching contribution of 100% of each participant's elective deferrals up to 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals between 3% and 5% of the participant's eligible compensation. The Plan also allows for nonelective discretionary company contributions, however, no discretionary company contributions were made.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and allocations of (a) the Company's contributions, and (b) Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may direct their account balances into any of the investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Loans bear interest at a reasonable rate as determined by the Plan administrator. The maximum note term is five years unless the note qualifies as a home loan, in which case the term of the note is not to exceed fifteen years. Principal and interest is paid ratably through payroll deductions. The interest rates on participant loans range from 4.25% to 9.50%, with various maturities through August 2034.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump sum cash payment, or installment payment. Terminated employees with a vested balance less than \$1,000 shall receive a lump sum distribution directly in cash if the participant does not elect another form of distribution. If the value of the Participant's vested account balance exceeds \$1,000 but less than or equal to \$5,000, upon termination the Participant's vested account will be rolled over into an IRA in the name of the participant, designated by the Plan administrator, if the participant does not elect another form of distribution. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump sum payment, partial payments, or a direct rollover into a qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan documents. The Plan also allows for in-service (age 59 1/2) and hardship withdrawals from a participant's pre-tax elective deferral or rollover account.

Vesting

Participants are immediately vested in rollover contributions, elective deferrals, and safe-harbor Company contributions, plus any actual earnings thereon. Vesting in the Company's non-elective discretionary contributions, plus any earnings thereon, is based on years of continuous service.

Vesting in Company non-elective discretionary contributions, if any, is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (continued)

Forfeited accounts

The Plan provides that non-vested account balances of terminated employees can be used to pay Plan expenses or to offset Employer contributions. There were no forfeitures available as of December 31, 2023 or 2022, and no forfeitures were used during the year ended December 31, 2023.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements have been prepared under accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent liabilities. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and changes therein.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals and administrative expenses (See Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value of investments includes realized gain and losses on the investments bought and sold during the year, as well as investments held at the end of the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as deemed distributions based upon the terms of the plan documents.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions or repayments have been separated from a participant's pay by the Company, which is the pay date. Company contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Custodian.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodian, determined to be a qualified institution by the plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year)("supplemental schedule"). The Custodian certified that the following data included in the financial statements is complete and accurate:

- Investments and notes receivable as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value on investments, interest and dividends and interest on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments and notes receivable from participants reflected on the supplemental schedule as of December 31, 2023.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2023 and 2022.

Registered investment companies (mutual fund investments)

Mutual fund investments are valued at the daily closing price as reported by the fund. Registered investment companies are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These investments are classified within level 1 of the valuation hierarchy.

Pooled separate accounts

Pooled separate accounts are valued at the NAV as a practical expedient to fair value and as determined by the fund issuer, based on the market value of underlying investments. While the majority of the underlying asset values are quoted prices, the net asset value of the pooled separate accounts are not publicly quoted. Investments valued at NAV practical expedient are not disclosed within the fair value hierarchy but are disclosed as a reconciling amount to the Plan's investment fair value leveling table. There are no unfunded commitments or redemption restrictions.

Collective trusts

Collective trust funds are valued at the NAV of units of the collective trust as a practical expedient to fair value, using independent pricing services approved by the Custodian. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The net asset value is used as a practical expedient to estimate fair value as reported by the issuer. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Investments valued at NAV practical expedient are not disclosed within the fair value hierarchy but are disclosed as a reconciling amount to the Plan's investment fair value leveling table. There are no unfunded commitments or redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of the amount realized upon disposition. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 1,377,315</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 1,377,315
Investments measured at net asset value (*)				<u>15,444,672</u>
				<u>\$ 16,821,987</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 903,028</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 903,028
Investments measured at net asset value (*)				<u>10,695,935</u>
				<u>\$ 11,598,963</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. GUARANTEED INTEREST ACCOUNT WITH PRINCIPAL

The Plan maintains a guaranteed interest account (the "account" or "Contract"), a guaranteed investment contract issued by Principal Life Insurance Company ("account issuer" or "issuer"). The account is credited with contributions and with interest and charged for participant withdrawals and administrative expenses. The account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The account does not permit the issuer to terminate the agreement prior to the scheduled maturity date. The guaranteed minimum interest rate must be greater than 1% and less than 3%. The crediting interest rate is reset semi-annually.

Siddons Martin Emergency Group 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

5. GUARANTEED INTEREST ACCOUNT WITH PRINCIPAL (continued)

The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported in the Plan's financial statements at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the failure of the Plan to transact at contract value with the issuer. Such events include the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, early withdrawal from the guaranteed interest account, and premature termination of the contract.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

6. TAX STATUS

The Plan adopted the Principal Life Insurance Company's Non-Standardized Pre-Approved Profit sharing Plan with CODA. The Internal Revenue Service has issued an opinion letter dated June 30, 2020, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. Although the Plan has amended since receiving the opinion letter, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC and that the related trust is therefore tax exempt. Accordingly, no provision for income taxes has been included in the financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Notes to Financial Statements

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Some fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services and sub-transfer agency fees are paid through fund level revenue sharing agreements. These fees reduce the fund earnings thereby impacting the investment return applied to the participants' accounts. Any excess amounts above the record keeping fees are credited back to the participants invested in the specific funds.

The Custodian utilizes omnibus accounts at unaffiliated banks to facilitate transactions for the Plans it services and commingles funds in transit to or from the Plan. The unaffiliated banks charge fees for this service and the Custodian retains, as compensation for services provided to the Plan, any excess interest over the fees charged on amounts earned while certain transactions are pending ("float"). If the bank fees exceed the earnings, the Custodian will pay the excess fees. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodian, therefore, these transactions qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 12, 2024, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
