To the Retirement Plan Committee
Essex Portfolio, L.P. 401(k) Plan
1100 Park Place, Suite 200
San Mateo, California 94403

We have audited the financial statements of Essex Portfolio, L.P. 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2023 and we will issue our report thereon dated July 23, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated January 31, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the fair values of the investments in mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. We evaluated the key factors and assumptions used to develop the fair value of these investments in mutual funds in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the fair values of the investments in common stock of Essex Property Trust, Inc. is determined by obtaining quoted prices from nationally recognized exchanges. We evaluated the key factors and assumptions used to develop the fair value of the investment in common stock in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified in the current year.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Retirement Committee of the Essex Portfolio, L.P. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of
Essex Portfolio, L.P. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Essex Portfolio, L.P. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(c) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Essex Portfolio, L.P. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Essex Portfolio, L.P. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Essex Portfolio, L.P. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Essex Portfolio, L.P. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Essex Portfolio, L.P. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1: DESCRIPTION OF PLAN

The following description of the Essex Portfolio, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Essex Portfolio, L.P. 401(k) Plan is a defined contribution plan covering eligible employees of Essex Portfolio L.P. (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code" or "IRC") and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All regular employees of the Company who complete one month of service are eligible to participate in the Plan, starting on the first day of the month coinciding with or next following the date on which the employee meets eligibility requirements. All temporary or seasonal employees, who are age twenty-one or older and complete 1,000 hours of service are eligible to participate in the Plan. Employees covered by a collective bargaining agreement, leased employees, independent contractors and non-resident aliens are not eligible to participate. Eligible employees are auto-enrolled into the Plan on the first day of the month after meeting eligibility requirements at an initial deferral rate of 3%, if the employee does not make an election.

Participant Contributions

Each year, participants may contribute an amount of annual compensation, as defined by the Plan, subject to the annual maximum currently allowed under the provisions of the Internal Revenue Code. Participants can contribute pre-tax or after-tax salary deferrals and contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer Contributions

The Plan provides for discretionary Company matching contributions. For the year ended December 31, 2023 the discretionary matching contribution was equal to 50% of an eligible participant's Plan year deferral contributions up to a maximum of \$6,000. The Company contributed \$3,582,702 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of benefit payments and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions, including Roth deferrals and rollovers plus actual earnings thereon. Vesting in any Company contributions is based upon years of credited service using the hours of service method. Participants vest in the discretionary Company matching contributions as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than one year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

A year of vesting service is defined as a calendar year during which employee completes at least 1,000 hours of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the vested account balance and bear interest commensurate with rates charged by commercial lenders for loans made under similar circumstances. The interest rates for participant notes receivable outstanding as of December 31, 2023 ranged between 4.25% and 9.50%. Principal and interest is paid ratably through monthly payroll deductions. Loan repayment terms are for up to five years, unless for the purchase of a primary residence, in which the loan term may be for up to 10 years.

Payment of Benefits

Upon termination of employment, attainment of age 59 1/2, or other reasons specified by the Plan, a participant may take a distribution in a single lump-sum payment. If a terminated participant has an account balance of less than \$1,000, the participant will automatically receive a cash lump-sum payment. If a terminated participant has an account balance between \$1,000 and \$5,000 and does not request that the account balance be rolled into another qualifying plan, the Plan will automatically roll the account balance into an individual retirement plan account. Terminated participants with account balances greater than \$5,000 may elect to leave their account in the Plan or roll their account balance into another qualified plan. Participants may also receive in-service distributions on account of hardship. As of December 31, 2023 and 2022, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents of forfeiture. Forfeitures of terminated participants' nonvested accounts may be used to pay Plan expenses or used to reduce future employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$234,654 and \$149,866, respectively. The amount of forfeitures used to reduce employer contributions or pay administrative expenses for the year ended December 31, 2023 was \$281,431.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and a description of the method(s) and significant assumptions used to determine the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend dates. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2024, the date on which the financial statements were available to be issued.

NOTE 3: INVESTMENTS CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest income from notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the custodian. This information has not been audited by independent accountants.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4: FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the assets or liability;• Inputs that are derived principally from or corroborated by observable market data correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 or 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, resulting in a Level 1 valuation.

Essex Property Trust, Inc. Common Stock: The fair value of Essex Property Trust, Inc. Common stock is determined by obtaining quoted prices from nationally recognized exchanges resulting in a Level 1 valuation.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	<i>Investments at Fair Value as of December 31, 2023</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>\$ 95,759,923</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 95,759,923</u>

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: TAX STATUS

The Company has adopted a prototype plan and relies on upon the prototype plan's opinion letter from the IRS, which as of June 30, 2020 stated that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the accompanying financial statements.

**ESSEX PORTFOLIO, L.P. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 7: TRANSACTIONS WITH PARTIES-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns fifty percent or more of such an employer. Substantially all administrative expenses of the Plan are paid by the Plan Sponsor. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan held 10,469 and 10,668 shares of Essex Property Trust, Inc., the Company's parent, valued at \$2,596,546 and \$2,261,416 at December 31, 2023 and 2022, respectively. The Plan issues notes receivable to participants, which are secured by the balances in the participant's accounts. These transactions qualify as party-in-interest transactions.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

To the Retirement Plan Committee
Essex Portfolio, L.P. 401(k) Plan
1100 Park Place, Suite 200
San Mateo, California 94403

We have audited the financial statements of Essex Portfolio, L.P. 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2023 and we will issue our report thereon dated July 23, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated January 31, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the fair values of the investments in mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. We evaluated the key factors and assumptions used to develop the fair value of these investments in mutual funds in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the fair values of the investments in common stock of Essex Property Trust, Inc. is determined by obtaining quoted prices from nationally recognized exchanges. We evaluated the key factors and assumptions used to develop the fair value of the investment in common stock in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified in the current year.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Retirement Committee of the Essex Portfolio, L.P. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of
Essex Portfolio, L.P. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Essex Portfolio, L.P. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(c) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Essex Portfolio, L.P. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Essex Portfolio, L.P. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Essex Portfolio, L.P. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Essex Portfolio, L.P. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Essex Portfolio, L.P. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1: DESCRIPTION OF PLAN

The following description of the Essex Portfolio, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Essex Portfolio, L.P. 401(k) Plan is a defined contribution plan covering eligible employees of Essex Portfolio L.P. (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code" or "IRC") and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All regular employees of the Company who complete one month of service are eligible to participate in the Plan, starting on the first day of the month coinciding with or next following the date on which the employee meets eligibility requirements. All temporary or seasonal employees, who are age twenty-one or older and complete 1,000 hours of service are eligible to participate in the Plan. Employees covered by a collective bargaining agreement, leased employees, independent contractors and non-resident aliens are not eligible to participate. Eligible employees are auto-enrolled into the Plan on the first day of the month after meeting eligibility requirements at an initial deferral rate of 3%, if the employee does not make an election.

Participant Contributions

Each year, participants may contribute an amount of annual compensation, as defined by the Plan, subject to the annual maximum currently allowed under the provisions of the Internal Revenue Code. Participants can contribute pre-tax or after-tax salary deferrals and contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer Contributions

The Plan provides for discretionary Company matching contributions. For the year ended December 31, 2023 the discretionary matching contribution was equal to 50% of an eligible participant's Plan year deferral contributions up to a maximum of \$6,000. The Company contributed \$3,582,702 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of benefit payments and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions, including Roth deferrals and rollovers plus actual earnings thereon. Vesting in any Company contributions is based upon years of credited service using the hours of service method. Participants vest in the discretionary Company matching contributions as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than one year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

A year of vesting service is defined as a calendar year during which employee completes at least 1,000 hours of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the vested account balance and bear interest commensurate with rates charged by commercial lenders for loans made under similar circumstances. The interest rates for participant notes receivable outstanding as of December 31, 2023 ranged between 4.25% and 9.50%. Principal and interest is paid ratably through monthly payroll deductions. Loan repayment terms are for up to five years, unless for the purchase of a primary residence, in which the loan term may be for up to 10 years.

Payment of Benefits

Upon termination of employment, attainment of age 59 1/2, or other reasons specified by the Plan, a participant may take a distribution in a single lump-sum payment. If a terminated participant has an account balance of less than \$1,000, the participant will automatically receive a cash lump-sum payment. If a terminated participant has an account balance between \$1,000 and \$5,000 and does not request that the account balance be rolled into another qualifying plan, the Plan will automatically roll the account balance into an individual retirement plan account. Terminated participants with account balances greater than \$5,000 may elect to leave their account in the Plan or roll their account balance into another qualified plan. Participants may also receive in-service distributions on account of hardship. As of December 31, 2023 and 2022, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents of forfeiture. Forfeitures of terminated participants' nonvested accounts may be used to pay Plan expenses or used to reduce future employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$234,654 and \$149,866, respectively. The amount of forfeitures used to reduce employer contributions or pay administrative expenses for the year ended December 31, 2023 was \$281,431.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and a description of the method(s) and significant assumptions used to determine the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend dates. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2024, the date on which the financial statements were available to be issued.

NOTE 3: INVESTMENTS CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest income from notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the custodian. This information has not been audited by independent accountants.

**ESSEX PORTFOLIO, L.P. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 4: FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the assets or liability;• Inputs that are derived principally from or corroborated by observable market data correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 or 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, resulting in a Level 1 valuation.

Essex Property Trust, Inc. Common Stock: The fair value of Essex Property Trust, Inc. Common stock is determined by obtaining quoted prices from nationally recognized exchanges resulting in a Level 1 valuation.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	<i>Investments at Fair Value as of December 31, 2023</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>\$ 95,759,923</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 95,759,923</u>

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: TAX STATUS

The Company has adopted a prototype plan and relies on upon the prototype plan's opinion letter from the IRS, which as of June 30, 2020 stated that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the accompanying financial statements.

**ESSEX PORTFOLIO, L.P. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 7: TRANSACTIONS WITH PARTIES-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns fifty percent or more of such an employer. Substantially all administrative expenses of the Plan are paid by the Plan Sponsor. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan held 10,469 and 10,668 shares of Essex Property Trust, Inc., the Company's parent, valued at \$2,596,546 and \$2,261,416 at December 31, 2023 and 2022, respectively. The Plan issues notes receivable to participants, which are secured by the balances in the participant's accounts. These transactions qualify as party-in-interest transactions.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
