INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Heyl Companies 401(k) Plan
Rapid City, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Heyl Companies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

HEYL COMPANIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(1) Summary of Significant Accounting Policies

Nature of Business of Plan Sponsor

Heyl Truck Lines Inc. (the Company and Plan Administrator) specializes in transportation services for refrigerated and dry freight across North America with locations in Iowa, Texas, Florida, South Dakota, and Alberta, Canada. Payroll and accounting services are centrally performed in the Company's Iowa location. The Heyl Companies 401(k) Plan (the Plan) is administered by the Company.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions

Contributions from Plan participants and the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis as determined by Reliance Trust Company, the Trustee of the Plan (Notes 3 and 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when received. Dividends are recorded on the ex-dividend date.

Net Change in Fair Market Value of Investments

The net appreciation in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(1) Summary of Significant Accounting Policies

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Company has evaluated subsequent events through September 4, 2024, the date which financial statements were available for issue.

(2) Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General and Eligibility

The Plan is a salary reduction plan for the benefit of the employees of Heyl Truck Lines Inc. The Plan was adopted with an effective date of January 1, 1988. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees become eligible to participate in the Plan when they have attained the age of 21. Employees must be actively employed on the last day of the plan year to receive employer discretionary matching and profit sharing contributions.

Contributions

Each year participants may contribute a percentage of their pretax annual compensation, up to 85 percent, as defined in the Plan subject to certain IRS limitations. The Plan allows for discretionary employer matching and profit-sharing contributions. The Plan Sponsor made a discretionary matching contribution for both years ended December 31, 2023 and 2022. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan allows Roth elective deferrals. Contributions to Roth accounts are made on an after-tax basis and contributions to a Roth account are included in the participant's gross contributions. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participant's Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching and/or profit sharing contributions, as well as an allocation of Plan earnings (losses). Participants are assessed an administrative fee for processing of withdrawal requests. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of credited service. A participant is 20 percent vested after two years of credited service and continues to vest at the rate of 20 percent for each successive year of service. A participant becomes fully vested after six years of credited service, or if less than six years, upon reaching the age of 65, upon total disability or death, or upon the termination of the Plan.

HEYL COMPANIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(2) Plan Description

Vesting and Forfeitures

Nonvested account balances are forfeited unless participants return to employment and contribute the distribution received at termination within a specified time. At December 31, 2023 and 2022, forfeited nonvested accounts totaled **\$27,138** and **\$28,821**, respectively. The Plan uses forfeitures to reduce employer contributions and administrative expenses. Forfeitures of approximately **\$26,900** were used to reduce employer contributions during the year ended December 31, 2023.

Participant Investment Options

Participants must direct their account balance to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of 50 percent of their vested benefits or \$50,000, with a minimum of \$500. Loans bear interest at a variable of prime plus one percent, which is commensurate with local prevailing rates as determined by the Plan Administrator. Loans are repaid in equal amounts over the repayment term through payroll reductions. Repayment terms are five years or less, except for loans to acquire a principal residence, which are paid over a reasonable time period determined by the Plan Administrator.

Payment of Benefits

Upon termination of service due to death or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination due to other reasons, a participant may elect a lump-sum amount equal to his or her vested balance. Benefits less than \$1,000 are distributed as soon as administratively feasible after the participant's termination of employment. Vested benefits greater than \$1,000 but less than \$5,000 are rolled over into an individual retirement account. Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers and employees of the Plan Administrator. No such officer or employee receives compensation from the Plan. The Plan Administrator has, at its discretion, absorbed certain administrative expenses pertaining to the Plan. If not paid by the Plan Administrator, these administrative expenses become the responsibility of the Plan.

(3) Investments - Information Certified by Trustee

The Plan's investments are held by the Trustee of the Plan. The fair value of investments at December 31, 2023 and 2022 is determined by the Trustee (Note 7).

The Plan is administered by the Company. Reliance Trust Company is the Trustee for the years ended December 31, 2023 and 2022. The Plan investments are held and managed by the Trustee.

In accordance with Section 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan. Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for receivables)

Statement of Changes in Net Assets Available for Benefits (except for contributions, interest income on participant notes receivable, benefits paid to participants and administrative expenses)

Supplemental Schedule of Assets Held at End of Year (except for participant notes receivable)

HEYL COMPANIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(3) Investments - Information Certified by Trustee

The Plan invests in mutual funds with underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the levels of risk associated with certain investment securities, it is at least reasonably possible that changes in fair values of investment securities will occur in the near term and that such changes could materially affect participants; account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since December 31, 2023.

(4) Participant Withdrawals

Vested, undistributed balances of terminated Plan participant accounts totaled approximately **\$1,459,000** and \$1,247,000 as of December 31, 2023, and 2022, respectively.

(5) Income Tax Status

Effective January 1, 1988, the Plan adopted a non-standardized form of profit sharing plan. The Plan obtained its latest determination letter on October 6, 2020, in which the Internal Revenue Service state that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the Department of Labor or IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their account balance.

HEYL COMPANIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

(7) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level One: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level Two: Inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level Three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2023:	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 10,204,265	\$ -	\$ -	\$ 10,204,265
	\$ 10,204,265	\$ -	\$ -	\$ 10,204,265
December 31, 2022:	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 8,828,409	\$ -	\$ -	\$ 8,828,409
	\$ 8,828,409	\$ -	\$ -	\$ 8,828,409

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(8) Related Party Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. Fees rendered to the Plan and paid by the Company during the year ended December 31, 2023, totaled \$19,212. The Plan allows participants to take out loans against their account balances. These party-in interest transactions are exempt from the prohibited transaction rules of ERISA.
