Report of Independent Auditors

Plan Administrative Committee
Fox Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fox Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the

financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FOX SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. PLAN DESCRIPTION

The following description of the Fox Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan’s provisions, a copy of which may be obtained from Fox Corporation (the “Company” or “Plan Sponsor”).

General

The Plan is a defined contribution plan sponsored by the Company and covers the majority of employees of the Company and its affiliates.

The Plan meets the requirements of Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”), which permits employees to exclude contributions to the Plan from their current taxable income, subject to certain limits. The Plan is subject to the regulations of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the Code.

Effective January 1, 2023, the Plan was amended so that once an individual participates in the Plan, they are immediately eligible to resume participation upon rehire as an eligible employee and further if a termination and rehire occur during the same computation period, hours worked in that computation period are aggregated for purposes of determining eligibility to participate; to adopt a provision of the Setting Every Community Up for Retirement Enhancement Act so that non-regular employees will be eligible to participate in the Plan immediately following the completion of 500 hours of service rather than the previously required 1,000 hours; and to include the USFL League, LLC (“USFL”) as a participating employer but excluding game day and union employees of the USFL.

Plan Administration

The Plan Administrative Committee (the “plan administrator”) is a named fiduciary with responsibility for administration of the Plan, other than with respect to the management of the Plan’s assets. The Investment Committee of the Fox Savings Plan is a named fiduciary with responsibility for the management of the Plan’s assets, appointment of trustees, and trust administration.

Assets Held in Trust

The Plan’s investments are held in the Fox Savings Plan Trust with Fidelity Management Trust Company (“Fidelity” or “Trustee”). Among other duties, Fidelity is responsible for the custody, recordkeeping and investing of Plan assets and for the payment of benefits to eligible participants. All contributions are invested by Fidelity as designated by Plan participants. Prudential Trust Company and Blackrock Institutional Trust Company, N.A are custodians of certain investments in the Stable Value Fund.

Eligibility

Employees classified as a regular full-time or regular part-time employee (i.e., classified to work at least 30 hours per week, or if he or she became eligible to participate prior to July 1, 2019, at least 17 hours per week) are eligible to participate in the Plan immediately on their hire date. Employees not classified as a regular full-time or regular

FOX SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

part-time employee who complete at least 500 hours of service within a 12-month period following their date of hire or 500 or more hours in any subsequent calendar year are eligible to participate in the Plan.

Contributions and Vesting

Each year, Plan participants are entitled to contribute, subject to certain Internal Revenue Service ("IRS") regulations, pretax and Roth contributions from 1% to a maximum of 40% of their compensation, as defined, and after-tax contributions up to 40% of their compensation, as defined, not to exceed a combined deferral percentage of 40%. The Plan also permits catch-up contributions up to the IRS maximum (\$7,500 in 2023). Participants' voluntary contributions and actual earnings thereon vest immediately.

Each Eligible Employee, as defined, is automatically enrolled in the Plan at a contribution rate of 3% of his or her pretax eligible earnings following 30 days after the Eligible Employee's eligibility date, unless he or she elects within the applicable time frame to not enroll in the Plan. Following the initial auto-enrollment contribution deferral rate of 3%, the contribution deferral percentage will increase 1% for each subsequent 12-month period until it reaches 10% unless the Eligible Employee opts out.

The employer match on eligible employee deferrals is 100% of the first 1% plus 50% of the next 6% of eligible compensation contributed. A participant becomes 100% vested in the employer matching contribution account at the earliest of the following dates: (1) completion of two years of vesting service, as defined, (2) death, (3) termination of employment due to total and permanent disability, (4) retirement at age 65, or (5) termination of the Plan.

In addition, the Company makes a 2% non-elective contribution of eligible compensation for those eligible employees of the Plan. Eligibility to receive the 2% non-elective contribution extends to participants that: (a) were hired or rehired on or after January 1, 2008, (b) transferred to the Company (or a participating employer) from an affiliate of the Company (including from outside the U.S.) that does not maintain or contribute to an employer-sponsored defined benefit plan, or (c) transferred to the Company (or a participating employer) from an affiliate of the Company (including from outside the U.S.) that maintains or contributes to an employer-sponsored defined benefit plan, in which the participant was not an active participant immediately prior to his or her transfer. Employees who are actively accruing a benefit on their behalf to any defined benefit pension plan are not eligible to receive a 2% non-elective contribution. Employees hired prior to January 1, 2008 and have a defined benefit pension benefit which was frozen as of December 31, 2013 are eligible to receive a 3% non-elective contribution rather than the 2% non-elective contribution. A participant becomes 100% vested in the Employer Non-Elective Contribution account at the earliest of the following dates: (1) completion of three years of vesting service, as defined, (2) death, (3) termination of employment due to total and permanent disability, (4) retirement at age 65, or (5) termination of the Plan.

Participant Accounts

A separate account is maintained by the Trustee for each participant to record his or her pretax, Roth and after-tax contributions, the employer's matching and non-elective contributions and Plan earnings.

FOX SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Forfeitures

Forfeitures (normally unvested interests of terminated participants' Company matching and non-elective contribution accounts and any realized earnings) are allocated to reduce future Company contributions. The total unallocated forfeitures that can be used to reduce future Company contributions at December 31, 2023 and 2022 were approximately \$857,000 and \$787,000, respectively. During 2023, approximately \$2,731,000 was forfeited from non-vested participants into forfeitures and approximately \$2,661,000 was used to offset employer contributions.

Notes Receivable from Participants

Participants may borrow from the Plan a minimum of \$1,000 and a maximum amount not to exceed the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are payable over a period not to exceed five years or, if the proceeds are used to purchase the participant's principal residence, the fixed rate loans are payable over a period not to exceed 20 years, and bear interest at prime plus 1%. The loans are secured by the pledge of the participant's interest in the Plan. For active participants, principal and interest are paid ratably through payroll deductions. Terminated participants have the option to continue repayment through automatic debits from their personal bank accounts. Outstanding unpaid loan balances will be treated as taxable distributions to the participants who have triggered a distributable event, as defined. Participants may prepay their loans at any time without penalty.

Payment of Benefits

Plan participants or beneficiaries are eligible to receive a benefit payment equal to their vested account balances upon termination of employment, retirement, death, or permanent disability, as stipulated in the plan document. Such benefits shall be made in a lump-sum payment, a qualified rollover to an individual retirement account or another employer's tax qualified retirement plan or an installment payment for retirees, subject to certain restrictions as defined in the plan document.

Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the plan document.

Administrative Expenses

Certain expenses incurred by the Plan are paid by the Company.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in 1% increments among various investment options offered by the Plan. Additionally, participants may redirect their investment balances among these various investment options.

FOX SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions set forth in ERISA. In the event of plan termination, the accounts of all participants affected shall become fully vested and non-forfeitable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Loans are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the Synthetic Guaranteed Investment Contracts ("GICs"), which are valued at contract value (see Note 5). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned on an accrual basis. Dividends are recorded on the ex-dividend dates. All realized and unrealized gains and losses in the fair value of investments are shown on the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

3. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIANS

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments, amounts due to broker for securities purchased, notes receivable from participants, net appreciation in fair value of investments, interest income on notes receivable from participants, and dividend and interest income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee and custodians.

FOX SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

4. FAIR VALUE MEASUREMENTS

In accordance with ASC 820, *Fair Value Measurement*, investments are categorized based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: Not traded on an active market, but significant observable inputs are readily available
- Level 3: Significant unobservable inputs

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Mutual funds are valued at the quoted closing price reported on the active market in which they are traded. Common collective trusts are valued using the net asset value, which is determined daily, published and is the basis for current transactions with the fund's investment manager or issuer. The short-term investment fund is valued at cost plus interest earned, which approximates fair value.

5. STABLE VALUE FUND

For the years ended December 31, 2023 and 2022, the Plan's investment options included the Standish Income Fund, which holds GICs. The GICS meet the fully benefit-responsive investment contract ("FBRIC") criteria and therefore are reported at contract value. Contract value is the relevant measure for FBRICs because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the investment manager, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of these investments was \$95,886,543 as of December 31, 2023 and \$106,889,928 as of December 31, 2022.

Generally, fixed maturity GICs consist of an asset or collection of assets that are owned by the Plan and a benefit-responsive, book-value wrap contract purchased for the portfolio. The wrap contract provides book-value accounting for the assets and assures that benefit-responsive payments will be made at book value for participant-directed withdrawals.

Constant duration GICs consist of a portfolio of securities owned by the Plan, and a benefit-responsive, book-value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration and assures that benefit-responsive payments will be made at book value for participant-directed withdrawals.

Certain events could limit the ability of the Standish Income Fund to transact withdrawals and transfers at contract value. Such events include the following:

- Company-initiated events, including events within the control of the Plan or Plan Sponsor that would have a material and adverse effect on the Standish Income Fund.
- Company communications designed to induce participants to transfer from the Standish Income Fund.
- Competing fund transfer or violation of equity wash or equivalent rules in place.
- Changes of qualification status of the Plan.

The plan administrator does not believe that the occurrence of any of the above events is probable.

In general, issuers may terminate the contract and settle at other than contract value if the qualification status of the employer or Plan changes, a breach of material obligations under the contract and misrepresentation by the contract holder occurs, or there is a failure of the underlying portfolio to conform to the pre-established investment guidelines.

6. RISKS AND UNCERTAINTIES

The Plan's exposure to credit loss in the event of non-performance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions, as well as those of ERISA and the participants' investment preferences.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes

FOX SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

in risk in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan's sales and purchases of investments in mutual funds managed by affiliates of the Trustee are considered to be party-in-interest transactions. These investments amounted to approximately \$441,862,000 and \$344,606,000 as of December 31, 2023 and 2022, respectively. Fees paid by the Plan Sponsor to the Trustee for the year ended December 31, 2023 were not significant.

8. TAX STATUS

The Plan has received a determination letter from the IRS, dated April 7, 2020, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequently, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

GAAP requires the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 12, 2024, the date the accompanying financial statements were available to be issued.

Effective January 12, 2024, the Plan was amended to fully vest each participant who was employed by the USFL on that date and to remove the USFL as a participating employer in the Plan.

Effective July 15, 2024, the Plan was amended to provide matching contributions based on the combination of employee deferrals and qualified student loan payments as permitted under Section 401(m) of the Code.
