REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Anti-Defamation League 403(b) Defined Contribution Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Anti-Defamation League 403(b) Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Anti-Defamation League 403(b) Defined Contribution Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Anti-Defamation League (ADL or Plan Sponsor) 403(b) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan, a defined contribution plan established on January 1, 2012 pursuant to the provisions of Section 403(b) of the Internal Revenue Code (the Code), covers all eligible employees, as defined, of ADL and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees are immediately eligible to participate in the Plan for the purposes of making employee elective deferral contributions up to the maximum permitted under the Code. To be eligible to receive employer matching and non-matching contributions, employees must have completed one year of service with ADL.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined, into the Plan, up to the maximum allowed under the Code. For 2023 and 2022, the maximum deferral limit for a participant's pre-tax and/or Roth after tax contributions was \$22,500 and \$20,500, respectively. Participants who have attained age 50 before the end of a Plan year are eligible to make catch up contributions. For 2023, the maximum pre-tax and/or Roth catch up contribution was \$7,500. Participants may also make rollover contributions to the Plan from other qualified plans, individual retirement accounts and annuities. Participants direct the investment of their contributions into various investment options offered by the Plan.

Newly hired or rehired employees are automatically enrolled in the Plan at a 6% pre-tax contribution rate unless they affirmatively elect not to participate in the Plan or otherwise adjust their contribution rate. Additionally, each calendar year, the pre-tax contribution rate automatically escalates by 1% until a 10% deferral rate is attained. Participants may elect to opt out of this auto-escalation feature or otherwise adjust their contribution rate.

Employer matching contributions are made on a bi-weekly basis. For the years ended December 31, 2023 and 2022, ADL matched 25% of the first 6% of employees' elective deferrals. The Plan also provides for true up matching contributions which are determined on an annual Plan year basis. This feature permits employees to receive the maximum employer match they might otherwise have missed, either because of front loading their elective deferrals and/or due to the timing of their elective deferrals.

Employer non-matching contributions are made on an annual basis on behalf of each participant who is eligible for such contribution. The annual amount of the non-matching contribution is subject to change based on the collective bargaining agreement. For the Plan year ended December 31, 2023, the employer non-matching contribution was 1.5% of eligible employees' compensation, as defined. Effective January 1, 2024, the employer non-matching contribution was approved for 2% for Plan years ending December 31, 2024 and 2025.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, employer matching contributions, true up match contributions, the annual non-matching contribution, Plan earnings and an allocation of certain expenses, where applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the

investment of their contributions and any related earnings into the various investment options offered by the Plan. Participants may make transfers between existing funds and change their investment options on a daily basis as permitted by the selected investment. Participant accounts are valued daily.

Vesting

Participants are vested immediately in their contributions, rollovers, and actual earnings. Vesting in the employer contribution portion (ADL matching and non-matching contributions) of their account is based on years of continuous service, as defined in the Plan document. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Generally, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions. Loans used to purchase a primary residence may be repaid over ten years. Loans for all other purposes are required to be repaid within five years. Loans are secured by the balance in the participant's account. The loan interest rate is based on interest rates currently charged by commercial lenders for loans of comparable risk on similar terms and for similar duration. Once a loan is granted, the interest rate of that loan does not change. Principal and interest are paid ratably through payroll deductions. Only one loan may be outstanding at a time.

At December 31, 2023 and 2022, participants had outstanding Plan loans totaling \$345,263 and \$276,369, respectively.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or elect from various payment options. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or continue to invest in the Plan's funds until retirement or death.

Forfeited Accounts

Forfeited nonvested amounts may be used to pay Plan expenses and/or reduce future employer contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3 and \$0, respectively. Forfeitures in the amount of \$32,201 for 2023 were used to reduce employer matching contributions made in 2023.

Administrative Expenses

Expenses related to investments are allocated among the various funds and are included in net appreciation in fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Other administrative expenses of the Plan are paid by the Plan Sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Anti-Defamation League 403(b) Defined Contribution Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

The Plan's investment in the guaranteed investment contract, which is a fully benefit responsive investment contract, is reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Trust Company, is the aggregation of contributions, plus interest, less withdrawals, if any.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS - INFORMATION CERTIFIED BY PRINCIPAL TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the custodian of the Plan).

NOTE 4 - FAIR VALUE MEASUREMENT

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The three levels of the fair value hierarchy are as follows:

Level 1 - inputs are quoted or published prices (unadjusted) in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date.

Level 2 - inputs are other than quoted or published prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - inputs are unobservable inputs for the asset or liability.

Assets and liabilities reported at fair value are required to be classified within a fair value hierarchy that gives preference to the use of observable inputs over unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2023 and 2022:

Registered Investment Companies: Investments in mutual funds valued at the quoted or published prices of shares held by the Plan at year end, which are quoted or published daily. Prices quoted or published are the net asset value (NAV) of the shares held, which are based on the fair value of the underlying securities.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies used at December 31, 2023 and 2022 and there were no transfers between levels for the years ended December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total Assets Measured at Fair Value
Registered investment companies	\$ 44,271,792	\$ -	\$ -	\$ 44,271,792

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total Assets Measured at Fair Value
Registered investment companies	\$ 33,681,728	\$ -	\$ -	\$ 33,681,728

There are no unfunded commitments, and redemptions may occur daily.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The Plan Sponsor performs ongoing due diligence reviews of the Plan's investments and has retained an investment consultant to provide quarterly performance reviews.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

Plan assets include a fully benefit responsive guaranteed investment contract with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. Due to the nature of these contracts, they do not have specific underlying assets assigned. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a Volume Submitter 403(b) Plan sponsored by Principal Financial Group. On March 31, 2017, the Internal Revenue Service (IRS) stated in an opinion letter that the Volume Submitter 403(b) Plan sponsored by Principal Financial Group, adopted by the Plan, was in compliance with the applicable requirements of Section 403(b) of the Code and, therefore, is exempt from taxation. Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or an asset) or disclosure in the financial statements.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds issued by Principal Funds Inc. and a guaranteed investment contract issued by Principal Life. In addition, certain Plan administrative services are performed by Principal Life. Principal Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits, as they are paid by the funds, rather than by a direct payment from the Plan.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in a variety of investments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, ADL has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event of Plan termination, participants would become 100% vested in their employer's contributions.

NOTE 10 - SUBSEQUENT EVENTS

The Plan and Plan Sponsor have evaluated subsequent events from December 31, 2023 through August 22, 2024, the date on which the financial statements were available to be issued. Effective March 1, 2024, Plan management engaged Orenda Retirement, LLC as an ERISA Section 3(16) Plan Administrator. No additional events have occurred that would require adjustments to or further disclosure in the accompanying financial statements.
