Report of Independent Auditors

To the Plan Administrator and Participants of the
Litex Industries, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Litex Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Litex Industries, Inc. 401(k) Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Litex Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Litex Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Litex Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Litex Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023 and 2022, and for the Year ended December 31, 2023

1. Description of Plan

The following brief description of the Litex Industries, Inc. 401(k) Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that has been established to provide retirement benefits to eligible employees of Litex Industries, Inc. (the “Company” or “Plan Sponsor”). The Plan was established on February 1, 1996, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act was signed into law to enhance the retirement savings system. Principle areas of the act addressed automatic enrollment, required minimum distributions (“RMD”), and catch-up contributions. Effective January 1, 2023, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023. All provisions of the SECURE 2.0 Act with effective dates in 2024 and beyond will be evaluated and implemented in accordance with future regulations and guidance.

Plan Amendment

Effective January 1, 2022, the Plan was amended to revise the tiebreaker provision to apply the greatest hours of service as the tiebreaker within a suspension tier in lieu of applying the lowest compensation.

Plan Restatement

Effective April 15, 2023, the Plan was restated to allow participants the option to designate a portion of their elective deferral contributions as after-tax “Roth” contributions, subject to the same limitations as pretax contributions. The Plan was also amended to not permit in-plan Roth rollovers. In addition, the Plan’s eligibility provisions were amended to no longer exclude part-time, temporary, or seasonal employees from eligibility.

Eligibility

Employees who have attained the age of 21 and have completed one year of service (1,000 hours) are eligible to participate in the Plan. Effective April 15, 2023, part-time, temporary, and seasonal employees are eligible to participate in the Plan. Employees are able to enroll in the Plan on the first day of the month coinciding with or next following the date upon meeting the eligibility requirements.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollover”). Effective April 15, 2023, Participants have the option of designating a portion of their elective deferral contributions as after-tax “Roth” contributions. Participants direct the investment of their contributions into the various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023 and 2022, and for the Year ended December 31, 2023

1. Description of Plan (continued)

Contributions (continued)

Employer Matching Contributions

The Company makes employer matching contributions equal to 25% of each participant's elective deferrals that do not exceed 6% of the participant's compensation. For the year ended December 31, 2023, the Company made contributions under this arrangement totaling \$166,745.

Employer Nonelective Contributions

At the discretion of the Company, the Company may contribute and credit employer nonelective contributions to eligible participant accounts. No employer nonelective contribution was made for the year ending December 31, 2023.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions over six years at a rate of 20% after the first two years and 20% each year thereafter, until 100% vested after 6 years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, reduced by the highest outstanding loan balance in the account during the immediate preceding 12 month period. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. Participants may have a maximum of one loan outstanding at one time. Loan terms may not exceed five years, unless for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023 and 2022, and for the Year ended December 31, 2023

1. Description of Plan (continued)**Payment of Benefits**

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to minimum balance distribution requirements. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation with the Company, participants with account balances less than \$5,000 but greater than \$1,000, a single lump-sum payment will be made automatically into an individual retirement account of the plan administrator's choosing. The Plan Document further stipulates that account balances less than \$1,000 are to be automatically paid to the participant, without consent.

Forfeitures and Unallocated Accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$6,263 and \$3,174, respectively. For the year ended December 31 2023, participants forfeited \$1,336 in previously contributed non-vested amounts. These amounts will be used to reduce future expenses incurred by the Plan or employer contributions.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. The common collective trust fund is stated at net asset value ("NAV") as determined by the trustee at the end of the plan year. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Company determined the Plan's valuation policies utilizing information provided by the investment advisers and trustee. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS*As of December 31, 2023 and 2022, and for the Year ended December 31, 2023*

2. Summary of Significant Accounting Policies (continued)**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Recently Adopted and New Accounting Principles

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequent amendments to the initial guidance, ASU 2019-10. This accounting standard changes the methodology for measuring credit losses on financial instruments and the timing of when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2022. The Plan adopted the provisions of ASU 2016-13 for the year ended December 31, 2023. The adoption of this standard had no impact on the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust, the trustee, as of December 31, 2022, and Empower Trust Company, LLC, the trustee of the Plan, as of and for the year ended December 31, 2023.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023 and 2022, and for the Year ended December 31, 2023

4. Fair Value Measurements

The framework for measuring fair value hierarchy provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023 and 2022, and for the Year ended December 31, 2023

4. Fair Value Measurements (continued)

Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,513,954	\$ -	\$ -	\$ 19,513,954
Total assets in fair value hierarchy	\$ 19,513,954	\$ -	\$ -	\$ 19,513,954
Investments measured at NAV ^(a)				1,543,915
Total investments, at fair value				\$ 21,057,869

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds:	\$ 16,608,157	\$ -	\$ -	\$ 16,608,157
Total assets in fair value hierarchy	\$ 16,608,157	\$ -	\$ -	\$ 16,608,157
Investments measured at NAV ^(a)				1,451,989
Total investments, at fair value				\$ 18,060,146

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available of benefits.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023 and 2022, and for the Year ended December 31, 2023

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient.

As of December 31, 2023:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trust Fund	\$1,543,915	N/A	Daily	12 months

As of December 31, 2022:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trust Fund	\$1,451,989	N/A	Daily	12 months

5. Related Party and Party-In Interest Transactions

Certain Plan investments are shares of mutual funds and a collective trust fund provided through or managed by JP Morgan Asset Management. JP Morgan is the record-keeper for the Plan and therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2023, the Plan also made direct payments to the record-keeper, trustee, and third-party administrator totaling \$11,913. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2023 and 2022, and for the Year ended December 31, 2023

7. Income Tax Status

The Plan adopted a volume submitter profit sharing plan with cash or deferral arrangement offered by Empower Trust Company, LLC. The submitted plan received an IRS Opinion Letter dated June 30, 2020, stating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2023	2022
Net assets per financial statements	\$ 21,343,404	\$ 18,256,839
Add: excess contribution payable	-	6,086
Net assets per Form 5500	\$ 21,343,404	\$ 18,262,925

The following is a reconciliation of the net increase per the financial statements to the Form 5500:

For the year ended December 31,	2023
Net increase per financial statements	\$ 3,086,565
Less: prior year excess contributions payable	(6,086)
Net increase per Form 5500	\$ 3,080,479
