INDEPENDENT AUDITORS' REPORT

To the Trustee of
Gumby's, LLC 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gumby's, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gumby's, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gumby's, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gumby's, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gumby's, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gumby's, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GUMBY'S, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Gumby's, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General - The Plan is a contributory defined contribution plan covering all employees of Gumby's, LLC and the adopting companies, Coin Op Vending, First Class Realty, LLC, Trey, LLC, Paradise Management, LLC, and McCormick Stables, LLC (collectively, the "Companies") who have attained one year of service and the age of 21. A year of service is defined as a 12 consecutive month period in which at least 1,000 hours are worked. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute up to 100% of their eligible pre-tax compensation, as defined in the Plan Document, up to the annual limitation allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies contribute a safe harbor profit sharing contribution of 3% of the participants' eligible compensation, as defined in the Plan document, and may also make a non-safe harbor discretionary profit sharing contribution to all employees, as defined in the Plan document. During 2023, the Companies made a non-safe harbor discretionary profit sharing contribution of \$197,987.

All participants who have attained age 50 before close of the Plan year are eligible to make additional elective deferrals in accordance with, and subject to the limitations of, IRC Section 414(v).

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of (a) the Companies' contributions, (b) Plan income and losses, and (c) administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Investment Options - Participants may invest their voluntary contributions, rollover contributions and the Companies' contributions, plus actual earnings thereon into any of the investment options offered by the Plan. The participants may change their investment election for new contributions and existing balances daily.

Vesting - Participants are vested immediately following eligibility to enter the Plan on their salary deferral portion and safe harbor profit sharing contribution. Participants automatically become fully vested on the non-safe harbor profit sharing contributions, regardless of years of service, upon attainment of normal retirement age of 65. Otherwise, the non-safe harbor profit sharing contributions are vested according to the following schedule:

GUMBY'S, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years of service	0%
At least 2 years, but less than 3 years	20%
At least 3 years, but less than 4 years	40%
At least 4 years, but less than 5 years	60%
At least 5 years, but less than 6 years	80%
6 or more years	100%

Payment of Benefits - A participant who has attained age 59½ or has become disabled may receive a distribution from the Plan. The Plan may also make a distribution upon termination of service or death.

Notes Receivable from Participants - The Plan does not permit notes to be made to the participants.

Plan Administration Costs - Expenses incurred by the Plan administrator and Custodian for their services and costs in administering the Plan may be paid directly by the Plan or Companies. Expenses that are paid by the Companies are excluded from these financial statements. Transaction charges (for benefit payment transactions) are paid by the participant by reducing the balances of those participants initiating the transactions. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Forfeited Accounts - Forfeitures are used to reduce future employer contributions and administrative expenses incurred in the operation of the Plan, in accordance with the Plan's provisions. During 2023 and 2022, \$931 and \$1,024, respectively, of administrative expenses were paid from forfeited non-vested accounts and \$0 and \$3,990, respectively, of employer contributions were used from the forfeited non-vested accounts.

The balance of forfeitures as of December 31, 2023 and 2022 was \$18,017 and \$6,349, respectively. The balance at December 31, 2023 was applied to the 2023 profit sharing contribution that was authorized and paid during 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

GUMBY'S, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Investments - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount that participants would receive if they were to initiate permitted transactions under terms of the Plan.

Net Appreciation or Depreciation in Fair Value of Investments - The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains and losses from sales of investments and the unrealized appreciation or depreciation on those investments.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment to Benefits - Benefits are recorded when paid.

3. CERTIFIED INFORMATION

Certain information related to cash and investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including cash and investments held at December 31, 2023 and 2022, and net appreciation or depreciation in fair value of investments and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Alerus Financial, N.A., (the "Custodian"). The guaranteed investment contract as disclosed in Note 5 was certified by Standard Insurance Company ("Standard").

4. FAIR VALUE MEASUREMENTS

Accounting Standard Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

GUMBY'S, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's mutual funds are classified as Level 1 within the fair value hierarchy as of December 31, 2023 and 2022. The Level 1 investments totaled \$7,592,521 and \$5,973,344 at December 31, 2023 and 2022, respectively.

5. GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Standard. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less

NOTES TO FINANCIAL STATEMENTS

participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract is \$1,452,407 and \$1,341,151 at December 31, 2023 and 2022, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Standard. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause as defined by the Standard. Upon termination by the Standard, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participant's contract values are not affected.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2023</u>	<u>2022</u>
Based on actual earnings	<u>2.80%</u>	<u>2.23%</u>

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

GUMBY'S, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

7. TAX STATUS

The non-standardized pre-approved plan from which the Plan was drafted has received a favorable determination letter from the IRS dated June 30, 2020. The Plan has been amended since receiving its determination letter. The plan administrator believes that the Plan, as amended, is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, assets will be allocated to each participant based on his/her respective account balance after payment of all final liquidation or termination expenses, pursuant to the directions of the plan administrator.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian as defined by the Plan document. Transactions with the Custodian qualify as party-in-interest transactions. Any fees for investment management services are included in net appreciation or depreciation in fair value of the investments.

10. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events in accordance with ASC Topic 855, Subsequent Events, through September 12, 2024, which is the date the financial statements were available to be issued. During its evaluation, no subsequent event items were identified.
