Independent Auditor's Report

RSM US LLP

Board of Trustees
Accu-Mold LLC 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Accu-Mold LLC 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accu-Mold, LLC 401(k) & Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Accu-Mold, LLC 401(k) & Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering substantially all non-union employees of Accu-Mold, LLC (the Company) who are age 21 or older and provided 30 days of service. Participants may enter the Plan on the first day of each month following their compliance with eligibility requirements. The Board of Trustees is responsible for oversight of the Plan. The Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and investment options: Each year, participants may contribute up to the maximum limitations imposed by the Internal Revenue Service (IRS). Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides an automatic election of 6% of compensation for all eligible employees beginning January 1, 2023. Prior to this the automatic election was 4%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a discretionary matching contribution each pay period equal to 50% of the first 6% of each eligible participant's salary deferrals. Additional nonelective employer contributions may be contributed at the option of the Company. No nonelective employer contributions were made for the year ended December 31, 2023.

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and guaranteed interest accounts as investment options for participants. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary matching contribution, (b) nonelective employer contributions, (c) Plan earnings and (d) administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and nonelective contributions plus actual earnings is based on years of continual service. A participant is 20% vested after one year of service. Vesting increases 20% per year until the participant is 100% vested after five years of service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (for qualified individuals under the Coronavirus Aid, Relief, and Economic Security Act, the maximum is equal to the lesser of \$100,000 or their vested account balance). Notes receivable terms are five years or less, except in the case of a mortgage loan. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate equal to 1% above the prime rate. Principal and interest are paid ratably through payroll deductions. Notes receivable outstanding at December 31, 2023 and 2022, bear interest at rates ranging from 4.25% to 9.50%. Notes receivable outstanding at December 31, 2023 have maturities through September 2053.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Participants or their beneficiaries are eligible to receive benefits upon termination of service, death, disability, retirement or reaching age 59½. Participants with vested account balances less than \$1,000 will receive a lump-sum distribution upon termination of service. Participants with a vested account balance greater than \$1,000 but less than \$5,000 may elect to receive a lump-sum distribution or rollover the balance to another qualified retirement account. If no election is made, the vested account balance will be rolled over to an individual retirement account. Participants with a vested account balance greater than \$5,000 may elect to defer distribution until such time as distribution is required as a matter of applicable law, and may receive distributions as a lump-sum payment or in installments, but only over a period of not more than the expected life expectancy.

Forfeited accounts: Forfeited balances of terminated participants' nonvested accounts are used to reduce employer contributions. The balance of forfeited accounts totaled approximately \$0 as of both December 31, 2023 and 2022. During the year ended December 31, 2023, nonvested forfeited account balances of approximately \$15,000 were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Accounting estimates and assumptions: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 4, 2024, the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 4. Information Certified and Provided by John Hancock Life Insurance Company, the Custodian

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and the ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by John Hancock Life Insurance Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the ERISA-required supplemental schedule related to the following assets:

	2023	2022
Investments at fair value:		
Pooled separate accounts	\$ 26,994,331	\$ 23,291,598
Guaranteed interest accounts	20,612	23,056
Notes receivable from participants	534,277	411,029

During the year ended December 31, 2023, the custodian of the Plan also certified to the completeness and accuracy of \$4,082,272 of net appreciation in fair value of investments (including investments bought, sold and held during the period), \$259 of interest and dividends, and \$26,972 of interest income on notes receivable from participants.

Note 5. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

When available, quoted market prices are used to determine the fair value of investments held in the Plan and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements.

Pooled separate accounts: The pooled separate accounts invest primarily in mutual funds. A pooled separate account is valued at the net asset value of units of the underlying fund. The net asset value is used as a practical expedient to determine fair value for these accounts. This practical expedient would not be used if it is determined to be probable that the pooled separate account will sell the investment for an amount different from the reported net asset value. Each pooled separate account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement.

Guaranteed interest accounts: The Plan has guaranteed interest investment options with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintains the Plan's deposits in an unallocated fund, to which it adds interest at the contract rate. Deposits are guaranteed the contract rate of return. Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. This fair value is determined by comparing current market interest rates to the interest rate on the account and adjusting for the number of years until the maturity date. The fair value of the guaranteed interest account is classified within Level 3 of the valuation hierarchy.

There have been no changes in valuation methodologies at December 31, 2023 compared to December 31, 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Guaranteed interest accounts	\$ -	\$ -	\$ 20,612	\$ 20,612

Note 5. Fair Value Measurements (Continued)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the range of values for those inputs:

December 31, 2023					
Instrument	Fair Value	Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed interest accounts	\$ 20,612	Principal Theoretical transfer (exit value)	Credit interest rate	0.80%-2.36%	0.82%
December 31, 2022

Guaranteed interest accounts	\$ 23,056	Principal Theoretical transfer (exit value)	Credit interest rate	0.55%-2.60%	1.15%

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the net asset per share practical expedient as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitments	Redemption Frequency (if currently available)	Redemption Notice Period
	2023	2022			
Pooled separate accounts:					
Large U.S. equity (a)	\$ 15,591,487	\$ 13,981,995	\$ -	Daily	None
Small/mid U.S. equity (a)	1,966,960	1,731,038	-	Daily	None

	<u>\$ 26,994,331</u>	<u>\$ 23,291,598</u>			

- (a) These categories invest in mutual funds that seek long-term growth within varying market capitalization ranges.
- (b) This category invests in mutual funds that seek both long-term growth and fixed income by investing primarily in domestic and foreign equities and fixed-income funds. The asset allocation strategy of certain funds are designed for investors having an investment time horizon comparable to that fund, for which the asset allocation becomes more conservative over time.
- (c) This category invests in mutual funds that seek to preserve capital and provide current income through returns on bond funds and other fixed-income securities.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Midwest Group Benefits. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status dated June 30, 2020. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Related-Party Transactions

The Plan holds investments with John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled \$76,490 for the year ended December 31, 2023. The Company also pays certain administrative expenses on behalf of the plan.
