Independent Auditor's Report

Benefits Committee
Silver Eagle Distributors Houston 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Silver Eagle Distributors Houston 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the period from April 1, 2023 through December 31, 2023, and has obtained a separate certification from another qualified institution as of December 31, 2022, and for the period from January 1, 2023 through March 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Silver Eagle Distributors Houston 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

General: The following description of Silver Eagle Distributors Houston 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, a copy of which is available from Silver Eagle Distributors Houston, LLC (the Plan Sponsor or the Company).

On March 22, 2019, Silver Eagle Distributor, L.P. announced it had signed an agreement for an investor to acquire its assets in the Houston area (the Transaction). The Transaction was closed on July 1, 2019 (the Closing Date). The assets purchased in the Transaction were formed as the Company, and the Plan was established on July 1, 2019, to receive the 401(k) account balances from Silver Eagle Distributor, L.P. of employees who were transferred to the Company due to the Transaction.

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

All of the Plan's investments are administered by Empower Trust Company (Empower), the current trustee of the Plan (the Trustee). Among other duties, the Trustee receives contributions, invests and reinvests Plan assets, collects income, and makes distributions from the Plan's assets as directed by participants.

Eligibility: Employees are eligible to participate in the Plan after two months of service with the Company, provided the employee has attained age 18. Excluded employees are those who are either residents of Puerto Rico, covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, leased employees, or nonresident aliens with no U.S. source income from the Company.

Contributions: Participants can contribute to the Plan up to the maximum deferrable amount allowed by the Internal Revenue Service (IRS). For the year ended December 31, 2023, the maximum contribution allowed for any participant was \$22,500. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of up to \$7,500 for the year ended December 31, 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company makes a matching contribution equal to 50% of amounts contributed by participants, up to 6% of eligible annual compensation. The Company may also make discretionary profit-sharing contributions determined by the Company's Board of Directors. To be eligible for such discretionary profit-sharing contributions, participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. For the year ended December 31, 2023, the Company made no discretionary profit-sharing contributions.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution and (a) the Company's matching contributions, (b) the Company's discretionary contribution and (c) the participant's allocated share of the Plan's investment earnings. Income for each of the investment choices is allocated to the participant's account on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's contributions plus actual earnings thereon based on years of continuous service, generally in accordance with the following schedule:

Years of Service	Vested Percentage (%)
Less than 2	0
2	20
3	40
4	60
5	80
6	100

The Plan provides for participants who are employed to be fully vested upon death, permanent disability, or termination of employment at or after the age of 65.

Payment of benefits: Upon termination of service, participants may elect to receive any portion of their vested account balances in a lump-sum payment or in monthly installments over a period not to exceed the assumed life expectancy of the participant or the participant's beneficiary. In-service distributions may be taken at the age of 59½.

If a participant has not elected otherwise, all mandatory distributions in excess of \$1,000 are automatically rolled into an individual retirement account selected by the Plan Administrator.

In limited circumstances, account withdrawals can be made for financial hardship in accordance with the Plan.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$59,874 and \$39,774 at December 31, 2023 and 2022, respectively. During 2023, \$241,278 was used to reduce employer matching contributions, and no forfeitures were used to pay administrative expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 9.50% on loans outstanding at December 31, 2023, and mature through 2028. Principal and interest are paid ratably through monthly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the trustee, and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain record-keeping fees paid by the Plan. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: The Plan evaluated subsequent events for potential recognition and/or disclosure through September 11, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Empower Trust Company and Reliance Trust Company (the Trustees)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the current and former trustees of the Plan. Empower Trust Company (Empower), the current trustee of the Plan, provided a certification as of December 31, 2023, and for the period from April 1, 2023 through December 31, 2023, and Reliance Trust Company (Reliance), the former trustee of the Plan, provided a certification as of December 31, 2022, and for the period from January 1, 2023 through March 31, 2023. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets as of December 31:

	2023	2022
Shares of registered investment companies	<u>\$ 48,896,584</u>	<u>\$ 40,489,286</u>
Shares of common collective trust	<u>\$ 3,782,654</u>	<u>\$ 5,097,537</u>
Notes receivable from participants	<u>\$ 2,005,575</u>	<u>\$ 1,684,703</u>
Interest and dividends	<u>\$ 1,111,786</u>	
Net appreciation in fair value of investments	<u>\$ 6,620,715</u>	
Interest income on notes receivable from participants	<u>\$ 111,826</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares of common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 48,896,584	\$ -	\$ -	\$ 48,896,584
Collective trust fund—Morley Stable Value Fund (measured at NAV) (a)				3,782,654
Investments at fair value				\$ 52,679,238

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 40,489,286	\$ -	\$ -	\$ 40,489,286
Collective trust fund—Morley Stable Value Fund (measured at NAV) (a)				5,097,537
Investments at fair value				\$ 45,586,823

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth the fair value of investments in certain entities that calculate the NAV per share (or its equivalent) as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Shares of common collective trust	\$ 3,782,654	\$ 5,097,537	\$ -	\$ -	Daily	12 months

Note 5. Related-Party and Party-in-Interest Transactions

Reliance and Empower are the former and current trustees of the Plan, respectively, as defined by the Plan; therefore, these transactions with the trustee qualify as party-in-interest transactions. Total fees paid by the Plan to Reliance and Empower totaled \$0 and \$8,767, respectively, for the year ended December 31, 2023.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The IRS has determined and informed the Plan Sponsor, by a letter dated June 30, 2020, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate section(s) of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan and trust are operating in a manner that did not jeopardize this tax status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 54,684,813	\$ 47,271,526
