Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ThedaCare Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2023 (in liquidation) and December 31, 2022 (ongoing), and the related statements of changes in net assets available for benefits for the eleven-month period ended November 30, 2023 (in liquidation) and year ended December 31, 2022 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of November 30, 2023 and December 31, 2022 and for the eleven-month period ended November 30, 2023 and year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

As discussed in the notes to the financial statements, the Board of Directors of ThedaCare, Inc. approved the termination of the Plan effective March 15, 2022, and management determined liquidation was imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ThedaCare Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ThedaCare Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions for the eleven-month period ended November 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Plan Administrator
ThedaCare Pension Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THEDACARE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2023 (IN LIQUIDATION) AND DECEMBER 31, 2022 (ONGOING)**

NOTE 1 DESCRIPTION OF PLAN

The following description of the ThedaCare Pension Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering substantially all employees of ThedaCare, Inc. (Company or Employer). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In 2022, the Board of Directors of ThedaCare, Inc. approved to amend and terminate the Plan effective March 15, 2022 (also see Note 6). As part of the plan for liquidation, the Plan was amended to allow for lump sum or annuity distribution options. In April 2023, the Plan Administrator notified eligible participants of their lump sum or annuity distribution options. The Plan proceeded with the termination by distributing each participant's beneficial interest in the Plan pursuant to participant elections. The Plan of liquidation was completed as of November 30, 2023.

Pension Benefits

Under the Plan, employees with at least three years of continuous service are entitled to annual pension benefits beginning at normal retirement age (65) equal to the greater of 2% of the highest five consecutive year average annual compensation multiplied by the years of benefit service (maximum of 25 years) multiplied by the service ratio or \$144 multiplied by the years of benefit service (no maximum). The Plan has been amended for pension benefits on years of service earned after December 31, 2003. The pension credit formula will range from 2% up to 18% based on the participant's age. Reduced benefits are available to participants retiring early. If employees terminate before rendering three years of service, they forfeit the right to receive the benefits they have accumulated. Participants may elect to receive their pension benefits in the form of a lifetime annuity, a fixed period annuity, or a survivor annuity. Participants age 55 or older who terminate may elect to receive their pension benefit in the form of a lump-sum payout. The Plan has been amended to allow any participant who earns a year of vesting service after December 31, 2003 to receive their pension benefit in the form of a lump-sum payout following termination.

The Company elected to freeze the Plan as of December 31, 2009. No additional employees will be allowed to enter the Plan after December 31, 2009. Participants will no longer earn credited service after December 31, 2009. However, active participants who are not yet vested in the Plan will be allowed to continue earning vesting service.

Death and Disability Benefits

If a participant should die before retirement, no benefits are payable under the Plan, except for survivor annuity benefits, if all other requirements have been met.

The Plan does not provide a disability retirement benefit as such to participants. However, if a participant becomes disabled while in the service of the Company, benefit service and vesting service shall continue to be imputed to the participant for so long as he remains disabled until his death or earlier request for commencement of a benefit hereunder, on the basis of his regular work schedule as in effect prior to the onset of the disability.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Funding Policy

The Company's contributions to the Plan are based on an actuarial calculation of amounts necessary to provide for defined benefit payments upon retirement or death. As of the most recent actuarial study, the minimum funding requirements under ERISA regulations have been met by the Company. The Company's contribution during 2023 was made to fully fund the plan and future payments to participants which was finalized with the transfer of assets to Banner Life Insurance Company.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Board of Directors of ThedaCare, Inc. authorized the termination of the Plan and management determined liquidation was imminent during 2023 when distributions to participants under the plan of liquidation commenced. As a result, the Plan changed its basis of accounting from the ongoing plan basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of account would include any expected costs of the disposal of asset and other costs expected to be incurred during the liquidation process.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Annuity Contract

Effective September 20, 2023, the Company purchased an annuity contract with Banner Life Insurance Company in the amount of \$95,900,000 for certain participants in the Plan. The annuity contract was purchased as part of the termination of the Plan (as described in Notes 1 and 6).

Subsequent Events

The Plan has evaluated subsequent events through September 13, 2024, the date on which the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

State Street Bank and Trust Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of November 30, 2023 and December 31, 2022, the statements of changes in net assets available for benefits for the eleven-month period ended November 30, 2023 and the year ended December 31, 2022, and the supplemental schedule of reportable transactions for the eleven-month period ended November 30, 2023.

NOTE 4 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances — retirement, death, disability, and termination of employment — are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

NOTE 4 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The following presents the accumulated plan benefits as of December 31, 2022:

Vested Benefits:	
Participants Currently Receiving Payments	\$ 70,693,010
Other Participants	<u>88,896,214</u>
Total Vested Benefits	159,589,224
Nonvested Benefits	<u>448,688</u>
Total Accumulated Plan Benefits	<u><u>\$ 160,037,912</u></u>

The following presents the changes in accumulated plan benefits for the year ended December 31, 2022:

Accumulated Plan Benefits - Beginning of Year	\$ 192,848,171
Increase (Decrease) During the Year Attributable to:	
Benefits Paid	(30,413,329)
Increase for Interest Due to Decrease in Discount Period	9,336,391
Assumption Changes	(15,130,300)
Actuarial Experience	<u>3,396,979</u>
Accumulated Plan Benefits - End of Year	<u><u>\$ 160,037,912</u></u>

The significant actuarial assumptions and method used in the valuation as of December 31, 2022 are as follows:

Discount Interest Rate	5.25%
Retirement Age	100% by age 70
Mortality	PRI-2012 Employee Tables with Retiree and Contingent Survivor Tables for annuitants projected forward with Scale MP-2021

The decrease in accumulated plan benefits for assumption changes was due to a change in the segment rates for lump sum conversions.

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2023. Had the valuation been performed as of December 31, 2022, there would be no material differences.

NOTE 5 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2023 and December 31, 2022.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash Equivalent – Valued at cost, which approximates fair value.

Corporate Debt Instruments and Municipal Securities – Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

U.S. Government Securities – Valued using pricing models maximizing the use of observable inputs for similar securities.

Total Investments at Fair Value	<u>\$ 80,523,504</u>	<u>\$ 73,168,149</u>	<u>\$ -</u>	<u>\$ 153,691,653</u>

There were no assets held by the Plan as of November 30, 2023.

NOTE 6 PLAN TERMINATION

In 2022, the Board of Directors of ThedaCare, Inc. resolved to terminate the Plan. The Company filed a notice with the Internal Revenue Services (IRS) to fully terminate the Plan effective March 15, 2022, and after approval, will distribute the Plan assets to the participants. The Company received IRS approval in a determination letter to the Plan dated February 2, 2023. The Company proceeded with the termination of the Plan by distributing each participant's beneficial interest in the Plan pursuant to participant elections.

As part of the standard termination process, the Company made contributions to fully fund the benefit obligations. The Company also entered into a single premium group annuity contract with Banner Life Insurance Company to provide benefits to those participants electing an annuity option or who did not make a payment election.

Options were given to participants to receive a lump sum payment or have an annuity purchased on their behalf from an insurance company. In November 2023, the Plan entered into an agreement to purchase an annuity contract with an insurance company for approximately \$96 million to satisfy all remaining obligations of the Plan.

The Plan was fully liquidated as of November 30, 2023; therefore, no administrative expenses or investment income needed to be accrued through liquidation.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a cash equivalent managed by State Street Bank and Trust Company, who is the trustee of the Plan.

Administrative expenses paid by the Plan to various companies for recordkeeping, legal, audit, and investment advisory services amounted to \$969,962 and \$620,274 for the eleven-month period ended November 30, 2023 and year ended December 31, 2022, respectively.

These transactions qualify as party-in-interest transactions.

NOTE 9 TAX STATUS

The Plan obtained its latest determination letter on February 11, 2016, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the IRC. On February 2, 2023, the Company received IRS approval to terminate the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations in progress.
