Independent Auditors' Report

Plan Administrator and Management
Booksource 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Booksource 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Booksource 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Booksource 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Booksource 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Booksource 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Booksource 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required By ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOOKSOURCE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 And 2022

1. Description Of The Plan

The following description of Booksource 401(k) Plan (the Plan), formerly The Booksource, Inc. Profit Sharing 401(k) Plan, is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by GL Group, Inc. (the Company or Plan Sponsor). The Plan was established January 1, 1980, and was most recently restated effective August 1, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. There is no age requirement for participation in the Plan. An employee shall complete one month of service to become eligible to participate in the Plan and an employee can enroll in the Plan on the first day of the month following the satisfaction of the eligibility requirements. To become eligible for the Company's matching contributions, an employee shall complete six months of service. Prior to August 1, 2023, matching contributions would begin on the first day of the quarter following the satisfaction of the eligibility requirements. Effective August 1, 2023, an employee becomes eligible for matching contributions immediately upon meeting eligibility requirements.

Administration Of The Plan

Effective August 1, 2023, the Plan's recordkeeper and Trustee became Ascensus, LLC, through a partnership with The Vanguard Group, Inc. and Ascensus Trust Company (Ascensus). From January 1, 2022 through July 31, 2023, Reliance Trust Company (Reliance) was the Plan's Trustee and ADP Retirement Services (ADP) was the Plan's recordkeeper.

BOOKSOURCE 401(k) PLAN

Notes To Financial Statements (*Continued*)

Contributions

Participants may contribute to the Plan an amount equal to a dollar amount or percentage of their annual compensation, as defined in the Plan Document, in either pre-tax or Roth contributions, not to exceed the maximum allowed by Internal Revenue Code (IRC) limitations. Participants who have reached age 50 may make catch-up contributions, as defined in the IRC. Participants may also contribute amounts representing rollover distributions from other qualified plans. For the period from January 1, 2022 through July 31, 2023, the Company was required to contribute matching contributions equal to 50% of each participant's deferral contributions up to 6% of the participant's salary. Effective August 1, 2023, the Plan was restated and the Company's matching contribution became discretionary. For the period from August 1, 2023 through December 31, 2023, the discretionary match amounted to 50% of each participant's deferral contributions up to 6% of the participant's salary. Additional profit-sharing amounts may be contributed at the discretion of the Company. There were no additional discretionary profit sharing contributions approved for the 2023 and 2022 plan years. Participants direct the investment of contributions into various investment options offered by the Plan.

The Plan includes a provision to auto enroll all newly eligible participants and existing non-participating employees. Participants are deemed to have elected to make a salary deferral of 3% of their compensation (as defined in the Plan), unless they file an election to contribute a different amount (or no amount). Participants may opt out of this automatic enrollment option. For the period January 1, 2022 through July 31, 2023, the Plan also included an annual deferral increase option. All participants were deemed to have elected to increase their salary deferral contribution rate by 1% until the participant reached an 8% deferral. Participants could opt out of this annual increase option. As of August 1, 2023, the annual increase option was removed.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined.

BOOKSOURCE 401(k) PLAN

Notes To Financial Statements (*Continued*)

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. A participant is incrementally vested in the Company's contributions over six years of credited service. Participants are fully vested upon death, reaching early retirement age of 55, total disability, or termination of the Plan.

Forfeitures

During the Plan years ended December 31, 2023 and 2022, \$2,224 and \$7,589 respectively, in forfeited funds were used to reduce Company matching contributions and pay plan expenses. At December 31, 2023 and 2022, forfeitures available to reduce future employer contributions totaled \$12,389 and \$21, respectively.

In-Service Withdrawals

Active participants who reach age 59-1/2 or experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to Plan provisions and established Internal Revenue Service (IRS) provisions.

Payment Of Benefits

Upon termination of service, death, disability or attainment of normal retirement age, a participant may elect distribution of their account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

BOOKSOURCE 401(k) PLAN

Notes To Financial Statements (*Continued*)

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

As amended on July 15, 2024, the Plan will begin allowing participant loans.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statement of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022;
- Investment information included in the supplemental schedule of assets held at end of year as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

BOOKSOURCE 401(k) PLAN

Notes To Financial Statements (*Continued*)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common/Collective Trusts

Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidation will be carried out in an orderly business manner. There are no unfunded commitments relating to this investment. The collective trusts held by the Plan file annual returns on Form 5500 as a direct filing entity.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes To Financial Statements *(Continued)*

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,059,899	\$ —	\$ —	\$ 9,059,899
Total Assets In The Fair Value Hierarchy	\$ 9,059,899	\$ —	\$ —	9,059,899
Common/collective trust measured at net asset value (a)				<u>150,752</u>
Total Assets At Fair Value				<u>\$ 9,210,651</u>

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 5,526,174	\$ —	\$ —	\$ 5,526,174
Total Assets In The Fair Value Hierarchy	\$ 5,526,174	\$ —	\$ —	5,526,174
Common/collective trusts measured at net asset value (a)				<u>1,082,597</u>
Total Assets At Fair Value				<u>\$ 6,608,771</u>

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There have been no changes in the valuation methodologies used at December 31, 2023 or 2022.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Plan was restated effective August 1, 2023, through the adoption of a non-standardized pre-approved plan document. The pre-approved plan sponsor obtained an opinion letter dated June 30, 2020, which states the prototype plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

For the period of June 1, 2022 through July 31, 2023, the Plan used a pre-approved plan document sponsored by Automatic Data Processing (ADP). ADP obtained an opinion letter dated October 6, 2020, which stated the prototype plan document satisfied the applicable provisions of the IRC.

Prior to June 1, 2022, the Plan used a volume submitter plan document sponsored by ADP. ADP received an opinion letter from the IRS, dated March 31, 2014, which stated the volume submitter document satisfied the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party In Interest Transactions

Plan investments include registered investment companies managed by Vanguard, an affiliate of the Trustee and recordkeeper. Therefore, deposits and withdrawal from these accounts qualify as party in interest transactions. Fees paid by the Plan to the Trustee for administrative expenses qualify as party in interest transactions.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
