INDEPENDENT AUDITOR'S REPORT

Board of Trustees

Northwestern Ohio Plumbers and Pipefitters

Retirement Plan and Trust

Northwood, Ohio

Opinion

We have audited the accompanying financial statements of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Board of Trustees
Northwestern Ohio Plumbers and Pipefitters
Retirement Plan and Trust

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Retirement Plan and Trust

Supplemental Schedule and Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental Schedule of Administrative Expense for the years ended December 31, 2023 and 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental Schedule of Assets (Held at End of Year), including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content of the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NORTHWESTERN OHIO PLUMBERS AND PIPEFITTERS
RETIREMENT PLAN AND TRUST

Notes To Financial Statements
Years Ended December 31, 2023 and 2022

Note 1 - Description of the Plan

The following description of the Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust (Plan) is a multiemployer defined contribution pension plan covering eligible members of the Northwestern Ohio Plumbers and Pipefitters Local No. 50 Union (Union) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions are made by employers pursuant to terms and conditions of collective bargaining agreements with the Union, based upon negotiated rates per hour paid. The contributing employers are primarily located in Northwest Ohio. Therefore, the Plan is affected by the economic conditions of the region.

Participant Accounts

Individual account balances are maintained for each participant and are participant directed. The account value includes the employer contributions earned by the participant and received by the Plan plus or minus the earnings and gains and losses from the individually selected investments of the Plan, net of expenses. Participants are 100% vested in their individual accounts upon completion of one hour paid.

Normal Retirement Benefits

Participants qualify for normal retirement upon attaining age 65. At this date, a participant's individual account balance can be used to purchase a "joint and survivor annuity" contract from an insurance company (or a "single life annuity" contract if the participant is not married) which will provide a monthly benefit payment for the rest of the participant's life and, upon the death of the participant, will provide a reduced monthly benefit to the participant's surviving spouse. A retired participant can elect instead to receive benefits in the form of a lump sum payment or in monthly payments directly from the participant's individual account balance until the account balance is exhausted.

If a participant's individual account balance is not more than \$5,000, the annuity contract benefit option is not available.

NORTHWESTERN OHIO PLUMBERS AND PIPEFITTERS
RETIREMENT PLAN AND TRUST

Notes To Financial Statements
Years Ended December 31, 2023 and 2022

Note 1 - Description of the Plan (continued)

Early Retirement Benefits

Participants qualify for early retirement upon attaining 55 years of age. Early retirement benefits are paid in the same manner as normal retirement benefits, with participants able to elect an annuity contract benefit, a lump-sum payment, or monthly payments until the exhaustion of the retired participant's account balance.

If a participant's individual account balance is not more than \$5,000 at the date of early retirement, the annuity contract benefit option is not available.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust are presented on the accrual basis of accounting.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions

Contributions are accrued when earned by participants as documented in employer reports.

Investment Valuation and Income

Investments are reported at fair value except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements and Note 5 for contract value investments.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (continued)

Benefits

Benefits are recorded when paid.

Employer Contributions Receivable

Employer contributions receivable represents amounts due from employers that were received subsequent to year end. Therefore, the carrying amount of these receivables is not reduced by an allowance for amounts that will not be collected. In addition, it is impractical to estimate revenue recognition for amounts due but erroneously unreported by employers.

Administrative Expense

The Plan participates in a cost-sharing agreement with Northwestern Ohio Plumbers and Pipefitters Pension Plan, the Northwestern Ohio Plumbers and Pipefitters Active Health and Welfare Plan, and the Northwestern Ohio Plumbers and Pipefitters Retiree Health and Welfare Plan ("Pension Plan", "Active Health and Welfare Plan", and "Retiree Plan", respectively). Certain shared operating expenses, and wages and payroll taxes are paid by the Active Health and Welfare Plan, which are reimbursed by the Plan, the Pension Plan, and the Retiree Plan. Other administrative expenses are paid by the Plan and recorded when incurred.

Note 3 - Investments

The Plan's investments were held and managed by Fidelity Management Trust Company. Participants may direct the investment of their accounts among several available investment fund options as determined by the Trustees. These options are designed to provide varying degrees of risk and expected returns. Participants may also invest up to 60% of their account balance in any security or mutual fund that is publicly traded or traded on a national security exchange.

During the years ended December 31, 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$43,575,029 and \$(84,746,840).

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) topic, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority

RETIREMENT PLAN AND TRUST

Notes To Financial Statements
Years Ended December 31, 2023 and 2022

Note 4 - Fair Value Measurements (continued)

to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the company can access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Self-Directed Brokerage Accounts: Valuation of investments were derived from quoted market prices.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023.

	Investments at Fair Value as of December 31, 2023

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

	Investments at Fair Value as of December 31, 2022	
	Level 1	Total
Mutual Funds	\$ 270,218,745	\$ 270,218,745

Total Investments at Fair Value	<u>\$ 283,459,450</u>	<u>\$ 283,459,450</u>

Note 5 - Stable Value Fund

The Plan holds shares of the Fidelity Fund Managed Income Portfolio which is a stable value fund that invests in fully benefit responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds and meets the criteria to be reported at contract value. Fidelity Management Trust Company is the investment manager and is not insured or guaranteed by the manager, plan sponsors, trustees or the FDIC. The Fund is valued at contract value. The total contract value is \$8,266,061 and \$10,259,489 at December 31, 2023 and 2022, respectively, and is not included in the fair value level hierarchy in Note 4. The fair value adjustment is \$(470,572) and \$(692,566) for the year ended December 31, 2023 and 2022, respectively, and is reported on the Form 5500 as required.

The contracts provide for the payment of certain withdrawals and exchanges at book value during the terms of the contracts. In order to maintain the contracts issuers' promise to pay such withdrawals and exchanges at book value, the contracts subject the fund and its participants to certain restrictions. Withdrawals prompted by certain events may be paid at the market value of the fund's securities, which may be less than the book value balance. Certain investment options offered by the plan may be deemed by the contract issuers to "compete" with this fund. The terms of the contracts prohibit a direct exchange from this fund to such competing funds, and an exchange to a non-competing fund for 90 days is required. The fund permits termination of the contract prior to the scheduled maturity date as a result of specific occurrences as defined.

Note 6 - Reconciliation to Form 5500

The Plan invests in a Stable Value Fund which is a fully benefit responsive contract required to be reported at fair value on the Form 5500. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	12-31-2023	12-31-2022
Net assets available for benefits per the financial statements	\$ 342,768,731	\$ 295,652,356

Net assets available for benefits per the Form 5500	<u>\$ 342,298,159</u>	<u>\$ 294,959,790</u>

The following is a reconciliation of changes in net assets per the financial statements to the Form 5500 for the years ended December 31, 2023 and 2022:

	12-31-2023	12-31-2022
Change in net assets, per the financial statements	\$ 47,116,375	\$ (64,610,149)
Change in fair value for stable value fund	221,994	(768,645)
Change in net assets, per 5500 year ended	<u>\$ 47,338,369</u>	<u>\$ (65,378,794)</u>

Note 7 - Related Party

The Plan, along with the Retiree Health and Welfare Plan, the Active Health and Welfare Plan, and the Pension Plan, leases its current office facilities from the Union on a month-to-month basis. Rent expense for the years ended December 31, 2023 and 2022 was \$2,678 and \$2,794, respectively.

The Plans participate in a cost expense-sharing agreement with related Plans (see Note 2). The amounts due to the related Plans are \$232,743 and \$105,195 as of December 31, 2023 and 2022, respectively, and are included in Accounts Payable.

Note 8 - Federal Income Taxes

The Plan obtained a favorable determination letter dated January 20, 2016 from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements for the Internal Revenue Code. Therefore, they believe that the Plan continues to qualify and operate in accordance with the applicable provisions of the Internal Revenue Code.

The Plan has determined that there are no uncertain tax positions that require disclosure in these financial statements under the FASB Accounting Standards Codification topic Income Taxes.

Note 9 - Plan Termination

The Plan may be terminated by joint agreement between participating employers and the Union, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will remain 100 percent vested in their accounts.

Note 10 - Risks and Uncertainties

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 11 - Concentration of Credit Risk

The Plan maintains deposits in federally insured financial institutions. At times, these deposits exceed federally insured limits. Management monitors the soundness of these financial institutions and does not believe it is exposed to significant credit risk with respect to its deposit accounts.

Note 12 - Plan Amendments

There were no plan amendments in 2023 or 2022.

Note 13 - Subsequent Events

The Plan has evaluated subsequent events through September 11, 2024, the date the financial statements were available to be issued. There were no subsequent events that required adjustment to the financial statements or additional disclosure.

*1 If EIN is provided, Address will not be provided. If EIN is not available and Address is available, the Address will be displayed. If neither EIN nor Address is available "See Note *2" will be displayed.

*2 Disclosures in this report are intended to satisfy the alternative reporting option. If complete information for non-Fidelity funds and/or other third party service providers related to compensation is not available, more information for the annual operating expenses of the fund may be found in the Fee Table of the Fund Summary section of each prospectus and/or statement of additional information. In addition, information about the services provided and the identity of the entities performing services with respect to each fund may be found in the Fund Services section of each prospectus. If the compensation being reported relates to a Fidelity fund, more information for the annual operating expenses of the fund may be found in the Fee section of one or more of the following sources: investment management agreement, trust agreement, collective trust participation agreement, commingled pool participation agreement, mutual fund prospectus, statement of additional information, the fund's investment manager or annuity provider.

*3 For Self-Directed Brokerage Investments, each fund family may offer an indirect support fee paid to Fidelity Investments. Each indirect support fee paid by a fund may differ depending on the form of investment. Please contact your Fidelity representative to receive information on indirect support fees for your Self-Directed Brokerage Investments.

*4 Net Expense Ratio is displayed.

*5 Gross Expense Ratio is displayed.

*6 Disclosures in this report are intended to satisfy the alternative reporting option. If complete information for this Fund is not available, the fee information for the annual operating expenses and/or information about the services provided and identity of the entities performing the services can be found in the Fee section of one or more of the following sources: investment management agreement, trust agreement, collective trust participation agreement, commingled pool participation agreement, mutual fund prospectus, the fund's investment manager or annuity provider.

Additional Information:

Fidelity may have provided non-monetary compensation, such as meals or business entertainment, to associates or service providers during the plan year for which this data is being reported. If you believe there are associates or plan service providers who have received total non-monetary compensation, from all sources of \$5,000 or more, that are not reflected on this report, you may contact your Fidelity representative and ask for a detailed summary of non-monetary compensation provided during the plan year. For additional information, please refer to the Auditor's Guide.

Fidelity utilizes omnibus accounts at unaffiliated banks to facilitate transactions for the defined contribution plans it services as set forth in your trust or service agreement or letter of authorization. If markets permit, omnibus account balances are invested in short-term investments that generally earn a rate approximating the Target Federal Funds Rate and/or money market rates. These earnings are called "float" and are considered eligible indirect compensation for purposes of Schedule C. Fidelity uses these earnings to pay bank fees and make other required adjustments and generally retains any float earnings that exceed such fees and adjustments. Fidelity is responsible for paying bank fees to the extent they exceed float earnings.

Since the amount of float generated depends on the length of time that assets are held in the omnibus accounts, Fidelity adheres to the following specific time frames within which cash pending investment or distribution is held:

SCHEDULE C SUPPLEMENTAL REPORT

- If contributions are received by Fidelity in good order before the close of trading, Fidelity executes transactions in the investment options as of that day's closing price (the "transaction date" or "T"). Settlement of trades for most investment options occurs on the following business day ("T+1") or, in the case of certain securities including company stock, on T+2 (prior to September 5, 2017 the settlement period for certain securities including company stock was T+3).
- Exchange requests received by Fidelity in good order before the close of trading are processed in that day's nightly cycle. If investment options have identical settlement rules, exchanges between them generate no overnight balances, as money is received from one investment option and conveyed to another investment option on the same business day. If investment options have different settlement rules, balances attributable to exchanges may remain in the omnibus account for a few days if FMTC serves as trustee of the plan.
- Disbursement requests received in good order before the close of trading are processed in that day's nightly cycle, and reflected as debits from participant accounts as of that date ("T"). Proceeds attributable to disbursements are received from investment options or from the unaffiliated Plan trustee based on the settlement period for the investment options. Disbursements are made to participants on T+2 either through electronic funds transfers or by mailing a check. Disbursement proceeds distributed by check remain in the omnibus account until the check is presented for payment.
