INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Avison Young (US) 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Auditor's Responsibilities for the Audits of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Effective June 30, 2020, the prototype plan with FMR, LLC was amended and restated in accordance with the Cycle 3 Restatement as required by the Internal Revenue Service (IRS). Accordingly, the plan administrator executed a new FMR, LLC Adoption Agreement, a new Trust Agreement with Fidelity Management Trust Company (Fidelity) and amended the Service Agreement with Fidelity Workplace Services, LLC (FWS), effective February 2, 2022. There were no significant changes to plan provisions as a result of the amendment and restatement or services as a result of the newly executed Trust and Service Agreements.

Eligibility - The Plan covers substantially all employees of the Companies. Employees who are nonresident aliens, residents of Puerto Rico, covered by a collective bargaining agreement (unless the collective bargaining agreement requires the employee to be covered under the Plan), leased employees or temporary employees are not eligible to participate in the Plan. However, temporary employees who attain age 21 and complete 1,000 hours of service in a plan year will be eligible to participate in the Plan. Employees may enter the Plan upon satisfying these requirements.

Contributions - Each year, participants may elect to contribute from 1% to 80% of eligible compensation (as defined), up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax or after-tax Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

DECEMBER 31, 2023 AND 2022**

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - continued - The Companies provide for the following contributions on behalf of participants:

A safe harbor matching contribution to all eligible participants in an amount equal to 100% of the first three percent of eligible compensation and 50% of the next two percent of eligible compensation, contributed to the Plan as deferral and catch-up contributions. For 2023, safe harbor matching contributions, net of forfeitures, totaled \$4,591,706.

Qualified Nonelective Contributions (QNECs) and Qualified Matching Contributions (QMACs), as defined in the Plan. No QNECs or QMACs were made for 2023.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and the Companies' contributions into various registered investment companies (mutual funds) and a common/collective trust fund offered by the Plan. For those participants who do not make an investment selection, their contributions and the related Companies' contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in their contributions, safe harbor matching contributions, QMACs and QNECs plus earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, bear interest at a rate equal to the Prime rate plus 1% and can only exceed a repayment period of five years for the purchase of a principal residence, in which case the repayment period may not exceed ten years. Two notes may be outstanding at a time. Principal and interest must be repaid at least quarterly.

Payment of Benefits - Benefit payments may be in the form of lump sums, installments or partial withdrawals and are payable upon termination of employment, death, upon incurring a disability while an employee or retirement at age 65. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures of the Companies' contribution portion of participants' accounts (due to nondiscrimination testing failures) are to be used to pay administrative expenses and reduce the Companies' contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$267 and \$63, respectively. During 2023, forfeitures of \$8,292 were used to reduce the Companies' contributions and pay administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. Investment income and realized and unrealized gains on investments are not distributed, but rather reinvested and reflected in the net asset value of the fund. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values last determined (see Note 3), and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes are reclassified as distributions based on the terms of the plan document. Terminated participants can continue loan repayments personally to avoid defaulting on their loan.

Contributions - Contributions from plan participants and the safe harbor matching contributions from the Companies are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment, as they are paid through revenue sharing. Fees for investment advisory services, an annual asset based fee and fees related to the administration of notes receivable from participants and certain participant distributions are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Galliard Stable Return Fund C (GSRF): The fund has invested all of its assets in the Galliard Stable Return Core Fund (GSRCF) and the value of this investment is based on the underlying unit value as reported by the trustee of the GSRCF. The NAV of the GSRF is calculated daily and reflects reinvested investment income. Units of the fund are issued and redeemed at the current NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value				<u>\$ 90,136,596</u>

The GSRF reserves the right to require a twelve-month notice for withdrawal of assets from the fund initiated by the plan sponsor. Withdrawals initiated by participants will be honored when received. There are no unfunded commitments.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income on notes receivable from participants, and dividend income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, a qualified institution and the trustee of the Plan.

NOTE 5 - TAX STATUS

The IRS has determined and informed FMR, LLC, by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the prototype plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments consist of registered investment companies managed and/or issued by Fidelity Investments. Fidelity Investments is the parent company of Fidelity Workplace Services, LLC (FWS), the Plan's recordkeeper, and Fidelity, the trustee of the Plan. Transactions with Fidelity Investments, FWS and Fidelity qualify as party in interest transactions.

**AVISON YOUNG (US) 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS - CONTINUED

FWS provides certain administrative services to the Plan pursuant to the Fidelity Investments Retirement Plan Service Agreement (Agreement) between the Company and FWS. The Agreement provides for a fixed basis point pricing platform. FWS receives recordkeeping revenue (revenue) based on average quarterly assets billed and payable quarterly. This revenue is subject to offsets (as defined) of Fidelity Investment and non-Fidelity investment products. Net float earnings are an offset against FWS revenue. Any remaining revenue balance is billed to participants on a pro-rata basis based on account balances. However, if the offsets exceed the revenue, FWS or an affiliate will make available a service credit towards the future cost of FWS provided services only. FWS also receives compensation with respect to any non-Fidelity Investment funds that are offered as investment options in the Plan, as disclosed in separate agreements, for services provided by FWS with respect to such investment funds. The Plan or Company may make payments to FWS for administrative expenses not covered by the aforementioned fees. Under the Agreement, participants also pay transactional fees relative to notes receivable and distributions. Fees paid by the Plan to FWS totaled \$120,891 for the year ended December 31, 2023.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2023 and 2022, 62% and 63%, respectively, of net assets available for benefits is invested in the Fidelity Freedom Index Funds; however, by their nature, these funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 26, 2024, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Avison Young (US) 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Auditor's Responsibilities for the Audits of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Participants of
Avison Young (US) 401(k) Plan

Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Effective June 30, 2020, the prototype plan with FMR, LLC was amended and restated in accordance with the Cycle 3 Restatement as required by the Internal Revenue Service (IRS). Accordingly, the plan administrator executed a new FMR, LLC Adoption Agreement, a new Trust Agreement with Fidelity Management Trust Company (Fidelity) and amended the Service Agreement with Fidelity Workplace Services, LLC (FWS), effective February 2, 2022. There were no significant changes to plan provisions as a result of the amendment and restatement or services as a result of the newly executed Trust and Service Agreements.

Eligibility - The Plan covers substantially all employees of the Companies. Employees who are nonresident aliens, residents of Puerto Rico, covered by a collective bargaining agreement (unless the collective bargaining agreement requires the employee to be covered under the Plan), leased employees or temporary employees are not eligible to participate in the Plan. However, temporary employees who attain age 21 and complete 1,000 hours of service in a plan year will be eligible to participate in the Plan. Employees may enter the Plan upon satisfying these requirements.

Contributions - Each year, participants may elect to contribute from 1% to 80% of eligible compensation (as defined), up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax or after-tax Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

DECEMBER 31, 2023 AND 2022**

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - continued - The Companies provide for the following contributions on behalf of participants:

A safe harbor matching contribution to all eligible participants in an amount equal to 100% of the first three percent of eligible compensation and 50% of the next two percent of eligible compensation, contributed to the Plan as deferral and catch-up contributions. For 2023, safe harbor matching contributions, net of forfeitures, totaled \$4,591,706.

Qualified Nonelective Contributions (QNECs) and Qualified Matching Contributions (QMACs), as defined in the Plan. No QNECs or QMACs were made for 2023.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and the Companies' contributions into various registered investment companies (mutual funds) and a common/collective trust fund offered by the Plan. For those participants who do not make an investment selection, their contributions and the related Companies' contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in their contributions, safe harbor matching contributions, QMACs and QNECs plus earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, bear interest at a rate equal to the Prime rate plus 1% and can only exceed a repayment period of five years for the purchase of a principal residence, in which case the repayment period may not exceed ten years. Two notes may be outstanding at a time. Principal and interest must be repaid at least quarterly.

Payment of Benefits - Benefit payments may be in the form of lump sums, installments or partial withdrawals and are payable upon termination of employment, death, upon incurring a disability while an employee or retirement at age 65. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures of the Companies' contribution portion of participants' accounts (due to nondiscrimination testing failures) are to be used to pay administrative expenses and reduce the Companies' contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$267 and \$63, respectively. During 2023, forfeitures of \$8,292 were used to reduce the Companies' contributions and pay administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. Investment income and realized and unrealized gains on investments are not distributed, but rather reinvested and reflected in the net asset value of the fund. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values last determined (see Note 3), and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes are reclassified as distributions based on the terms of the plan document. Terminated participants can continue loan repayments personally to avoid defaulting on their loan.

Contributions - Contributions from plan participants and the safe harbor matching contributions from the Companies are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment, as they are paid through revenue sharing. Fees for investment advisory services, an annual asset based fee and fees related to the administration of notes receivable from participants and certain participant distributions are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Galliard Stable Return Fund C (GSRF): The fund has invested all of its assets in the Galliard Stable Return Core Fund (GSRCF) and the value of this investment is based on the underlying unit value as reported by the trustee of the GSRCF. The NAV of the GSRF is calculated daily and reflects reinvested investment income. Units of the fund are issued and redeemed at the current NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value				<u>\$ 90,136,596</u>

The GSRF reserves the right to require a twelve-month notice for withdrawal of assets from the fund initiated by the plan sponsor. Withdrawals initiated by participants will be honored when received. There are no unfunded commitments.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income on notes receivable from participants, and dividend income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, a qualified institution and the trustee of the Plan.

NOTE 5 - TAX STATUS

The IRS has determined and informed FMR, LLC, by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the prototype plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments consist of registered investment companies managed and/or issued by Fidelity Investments. Fidelity Investments is the parent company of Fidelity Workplace Services, LLC (FWS), the Plan's recordkeeper, and Fidelity, the trustee of the Plan. Transactions with Fidelity Investments, FWS and Fidelity qualify as party in interest transactions.

**AVISON YOUNG (US) 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS - CONTINUED

FWS provides certain administrative services to the Plan pursuant to the Fidelity Investments Retirement Plan Service Agreement (Agreement) between the Company and FWS. The Agreement provides for a fixed basis point pricing platform. FWS receives recordkeeping revenue (revenue) based on average quarterly assets billed and payable quarterly. This revenue is subject to offsets (as defined) of Fidelity Investment and non-Fidelity investment products. Net float earnings are an offset against FWS revenue. Any remaining revenue balance is billed to participants on a pro-rata basis based on account balances. However, if the offsets exceed the revenue, FWS or an affiliate will make available a service credit towards the future cost of FWS provided services only. FWS also receives compensation with respect to any non-Fidelity Investment funds that are offered as investment options in the Plan, as disclosed in separate agreements, for services provided by FWS with respect to such investment funds. The Plan or Company may make payments to FWS for administrative expenses not covered by the aforementioned fees. Under the Agreement, participants also pay transactional fees relative to notes receivable and distributions. Fees paid by the Plan to FWS totaled \$120,891 for the year ended December 31, 2023.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2023 and 2022, 62% and 63%, respectively, of net assets available for benefits is invested in the Fidelity Freedom Index Funds; however, by their nature, these funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 26, 2024, the date the financial statements were available to be issued.
