Audit Committee
Katahdin Trust Company 401(k) Plan

We have audited the financial statements of the Katahdin Trust Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2023, and have issued our report thereon dated September 9, 2024. Professional standards require that we communicate to you the following information related to our audit.

PART I – REQUIRED COMMUNICATIONS

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated January 22, 2024, our responsibility, as described by professional standards, is to conduct our audit in accordance with U.S. generally accepted auditing standards except that, as permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as elected by management, we did not perform any auditing procedures with respect to asset information prepared and certified to by Empower Trust Company, LLC, the trustee, in accordance with DOL Regulation 2520.103-5, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Significant Risks

In our engagement letter, we identified the risks we expected would meet the definition of "significant risks" pursuant to U.S. generally accepted auditing standards, which are risks toward the upper end of the risk spectrum based on their likelihood and potential magnitude. Through conclusion of our audit of the financial statements, we have not identified any additional significant risks.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value measurement as described in Note 8 to the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the disclosure of information prepared and certified by the trustee in Note 4 and the disclosure of fair value measurement in Note 8 to the financial statements.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not identify any known or likely misstatements during our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 9, 2024.

PART II – INTERNAL CONTROL MATTERS

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2023, in accordance with U.S. generally accepted auditing standards, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the trustee that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

PART III – REPORTABLE FINDINGS

Paragraph 27 of Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*, states the auditor should communicate in writing to those charged with governance, on a timely basis, reportable findings from the audit procedures performed. Paragraph 25 of SAS No. 136 defines reportable findings as matters that are one or more of the following:

- An identified instance of noncompliance or suspected noncompliance with laws or regulations in accordance with AU-C section 250, *Consideration of Laws and Regulations in an Audit of Financial Statements*.
- A finding arising from the audit that is, in the auditor's professional judgment, significant or relevant to those charged with governance regarding their responsibility to oversee the financial reporting process in accordance with AU-C section 260, *The Auditor's Communication with Those Charged with Governance*.

- An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention in accordance with AU-C section 265, *Communicating Internal Control Related Matters Identified in an Audit*. Such matters, if any, are disclosed in Part II of this letter.

We identified the following matter we consider to be a reportable finding based on the audit procedures we performed:

Timeliness of Participant Deferral Election Changes

The Plan document stipulates that any deferral elections made pursuant to Section 1.57(A) shall become effective for the first pay period that is within an administratively reasonable period after the date the Plan administrator receives the deferral election. Out of a sample of twenty-one participants, we identified one participant whose requested deferral change was not enacted in a timely manner. We recommend Plan management work with their third-party administrator to develop a process to ensure participants' requested deferral changes are enacted in a timely manner in accordance with the Plan document.

* * * * *

This communication is intended solely for the information and use of Plan management and those charged with governance and is not intended to be, and should not be, used by anyone other than these specified parties. We appreciate the assistance and cooperation extended to us by the management and employees of Katahdin Trust Company during the performance of our engagement.
