REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Committee
Dentons US LLP Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Dentons US LLP Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dentons US LLP Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Dentons US LLP Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete description information.

General

The Plan is a defined contribution plan sponsored by Dentons US LLP (the Partnership) and maintained for the benefit of eligible partners and employees (as defined). The Plan was last amended and restated effective January 1, 2023 to incorporate previous amendments and legislative changes. To be eligible for employee elected deferrals an eligible person must complete two months of service. To be eligible to receive profit sharing contributions an eligible person must complete one year of service. Participants, other than partners, are automatically enrolled to make elective deferrals at 3% of their compensation. Partners are not automatically enrolled and make their deferral election once they elect to participate in the Plan. All automatically enrolled participants have the option to increase, decrease or eliminate their automatic enrollment contribution prior to it becoming effective. The Plan Committee is responsible for oversight of the Plan, as well as determining the appropriateness of the Plan's investment options and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to the lesser of (1) 100% (or such other smaller percentage the Partnership may establish for the plan year or partial plan year) of their compensation in a pay period or (2) the maximum elective deferral amount for any plan year or partial plan year. Participants may also contribute on a pre-tax basis, on a post-tax basis, in the form of Roth contributions, or as a combination of both. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute eligible rollover distributions from other eligible retirement plans to the Plan as a (rollover contribution). Partnership contributions are made to the Plan on behalf of partners and salaried general office employees who have completed one year of service, and are based on a percentage of the participant's compensation (as defined). Eligible participants must be employed on the last day of the year or have terminated service during the year after reaching age 65 or due to death or disability to receive a partnership contribution, if any. Associate attorneys, other attorneys (other than partners) and certain professional employees are not eligible to receive a partnership contribution. Partnership contributions are determined as of December 31 of each year and are subjected to certain limitations as defined by the Plan. All participants (excluding partners and principals) electing to contribute a percentage of compensation who have had a pre-tax 401(k) election or Roth contribution elections in effect for at least six months will automatically have a 1% increase in contribution percentage each April 1 until the contribution percentage is 15%.

Investment Options

The Plan is a participant-directed plan, whereby each participant elects to have their voluntary and partnership contributions, if any, allocated into various investment options offered by the Plan. Participants may also transfer all or a portion of their accounts into a self-directed brokerage account maintained under the plan which permits the participant to invest their account balance in a broad range of publicly-traded investment options as permitted by law. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of partnership contributions, if any, plan investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Transfers

During the year, the balances of participants whose employment was transferred from Dentons Global Services, Inc. (DGS) in the amount of \$947,287 were transferred into the Plan from Dentons Global Services 401(k) Plan.

Vesting

Benefits are fully and immediately vested.

Notes Receivable from Participants

Participants may, with the approval of the Plan Administrator, borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 minus the excess of the (a) participant's highest outstanding plan loan balance in the prior 12 months or (b) the participant's outstanding loan balance on the date in which the loan is made. Participants may have no more than two loans outstanding at any time. Loan terms are available up to five years, or longer if used to purchase a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a fixed rate determined as the prime rate plus 1% on the date of application. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Payments of benefits may be made to participants or their beneficiaries upon death after the participant's severance of employment, attainment of age 59½, or in the event of financial hardship. Participants may elect to receive all or part of their account balance in one or more lump sum payments or they may receive their entire account balance in installment payments, except for financial hardship, in which case participants will receive a lump-sum amount. Commencement of distributions to the participant may be deferred until April 1 of the year following the year the participant attains age 72. A participant's account balance must be distributed to the participant's beneficiaries a participant's death no later than the last day of the year that includes the 10th anniversary of the participant's death, except that eligible designated beneficiaries may elect to receive lifetime installments commencing in the year following year in which the participant died.

Forfeited Accounts

Forfeited non-vested accounts were approximately \$399,000 and \$1,300 as of December 31, 2023 and December 31, 2022, respectively. These accounts will be used to reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Defaulted loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Plan and are reflected in these financial statements. Certain expenses of maintaining the Plan are paid directly by the Partnership and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certification from Charles Schwab & Co., Inc. an affiliate of Charles Schwab & Co. (Schwab), the current trustee of the plan, that the following data included in the accompanying financial statements and certification is complete and accurate:

- Investments at fair value, noninterest-bearing cash in self-directed brokerage accounts, and notes receivable from participants, as shown in the statements of net assets as of December 31, 2023 and 2022.
- Net investment income and interest on notes receivable from participants, as shown in the statement of changes available for benefits for the year ended December 31, 2023.
- Schedule of assets (held at end of year) as of December 31, 2023, as shown in schedule H, line 4i.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodologies include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts

These accounts include investments in common stocks, preferred stocks, mutual funds and exchange-traded funds (Level 1 inputs) and fixed income securities (Level 2 inputs) that are valued at the quoted market prices reported in active markets in which the individual securities are traded.

Collective Trust Funds

Valued at the NAV of units of the collective trust funds. The NAV, as provided by the trustees, is used as a practical expedient to fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, respectively:

	2023			Total

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate net asset per share (or its equivalent) at December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Collective trust funds	\$ 383,839,763	\$ 323,901,709	\$ -	\$ -	Daily	12 months

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between levels in the fair value hierarchy during the year ended December 31, 2023.

NOTE 5 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor, by a letter dated August 24, 2017, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan and trust are operating in a manner that did not jeopardize this tax status.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

US GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken or expected to be taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of a money market fund managed by Schwab; therefore, these transactions qualify as party-in-interest.

Certain administrative and recordkeeping fees are paid by the Partnership. Other administrative and investment management fees are paid by the Plan and charged to individual participant accounts. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. The Plan made a direct payment to the record keepers of the Plan of \$137,583 for the year ended December 31, 2023. Certain employees of the Partnership provide services to the Plan without reimbursement.

Notes receivable from participants are also considered part-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are already 100% vested in their accounts, even in the event of plan termination. All assets remaining in the trust, after deducting all fees, taxes and other expenses, shall be distributed to the participants in accordance with the value of their accounts at the date of plan termination.

NOTE 8 - SUBSEQUENT EVENTS

Plan management evaluated the Plan's December 31, 2023 financial statements for subsequent events through September 6, 2024, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure.
