To the Plan Administrator

Jas. D. Easton 401(k) / Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Jas. D. Easton 401(k) / Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

-
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Jas. D. Easton 401(k) / Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document and the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was created on August 26, 1964 and is a defined contribution 401(k) plan covering substantially all employees of Jas. D. Easton, Inc. and its affiliates (collectively, the Company, Plan Sponsor or Employer) who have at least one month of service, as defined, and are age 18 or older. The Retirement Plan Committee controls and manages the operation and administration of the Plan. Fidelity Management Trust Company is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Recent Pronouncements

On December 29, 2023, the Setting Every Community Up for Retirement Enhancement Act 2.0 (the "SECURE Act 2.0") was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants in the future include increasing the age for Required Minimum Distributions. Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required.

Contributions

Eligible employees automatically become participants and are enrolled into the Plan with a 6% deferral rate, unless they elect otherwise. Participants who have not elected a specific deferral rate will have their deferral rate automatically increased 1% annually on March 1 until their deferral rate is 10%. Contributions are made to the Plan by both participants and the Employer. Participating employees may contribute up to 50% of their annual eligible compensation not to exceed the dollar limit set by the Internal Revenue Code (IRC) of \$22,500 (\$30,000 for employees who are age 50 or older) for the year ended December 31, 2023. Eligible compensation is based on IRC Section 3401(a) which defines compensation as all cash and non-cash remuneration from the Employer which excludes reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits and differential wages. Participants may also make contributions by rollover of distributions from other qualified retirement plans. Roth contributions from participants may be made on an after-tax basis. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a matching contribution to each participant's account equal to 50% of elective employee deferrals of the first 6% of each participant's contribution. The Company may also make profit sharing contributions and qualified non-elective contributions. The Company did not make profit sharing contributions for 2023; and qualified non-elective contributions for 2023 were minimal.

Participant Accounts

Individual accounts are maintained for each participant of the plan. Each participant's account is adjusted for participant contributions, Employer's matching contributions, and an allocation of the Plan's actual earnings or losses and administrative expenses allocated to and specifically identified with the participant's investment account. Participants may direct the investment of their account balance into various investment options offered by the Plan. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting

Participants are immediately vested in their contributions, Company qualified non-elective contributions and actual earnings thereon. Vesting in the Company matching contributions and Company profit sharing contributions is based on years of continuous service. A participant becomes vested at 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% after six years of service. However, upon reaching normal retirement age or if an active participant dies or becomes permanently disabled prior to attaining normal retirement age, the participant's account becomes 100% vested.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of the vested portion of their account balance, whichever is less. The loans bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Retirement Plan Committee, are typically paid off through payroll deductions, and are secured by the participant's vested account balance. The interest rates on the outstanding loans as of December 31, 2023 ranged from 4.25% to 9.50%, with maturities through September 2031.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. The Plan document permits the use of forfeitures to first be used to pay administrative expenses and then they may be used to reduce future required Employer contributions. As of December 31, 2023 and 2022, forfeited unvested accounts totaled \$53,413 and \$43,078, respectively. Forfeitures utilized to pay administrative expenses or to reduce required Employer contributions during the year ended December 31, 2023 totaled \$174,532.

Administrative Expenses

Plan administrative expenses may be charged directly to the Plan (either allocated to the participants or using forfeiture funds) or paid by the Employer as provided in the Plan Document. The Plan Sponsor pays certain administrative costs which the Plan would otherwise have to pay, including third-party legal, auditing and accounting fees, as well as internal administrative costs. Charges for loan and benefit payment transactions, if any, are deducted from the account balances of those participants initiating the transaction. For the year ended December 31, 2023, the Plan paid \$67,217 in administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, liquidity, overall market volatility, and changes in economic conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds, U.S. government securities, and self-directed brokerage account assets are stated at fair value based on quoted market prices.

The stable value fund is stated at net asset value (NAV) per unit as a practical expedient of fair value, which is based on the fair value of the underlying net assets on the last day of the Plan year. The trustee determines unit values by dividing the net assets of the stable value fund at fair value by the number of units outstanding as of the valuation date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest are reinvested as earned. The net appreciation in fair value of investments, which includes realized gains (losses) and unrealized appreciation (depreciation) on those investments, is presented in the statement of changes in assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized over the terms of the notes at the rates specified in the loan documents. Fees related to notes receivable from participants are recorded as administrative expenses when they are incurred and reduce the accounts of the applicable participants. Delinquent participant loans are recorded as distributions when the participant has a distributable event.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Terminated and Defaulted Loans

Loans are terminated when a participant withdraws from the Plan. Any unpaid loan balance is settled by reducing the amount of the participant's vested interest in the account balance upon distribution. Active participants who have loans with scheduled repayments that remain unpaid as of the last business day of the calendar quarter following the calendar quarter in which repayment was due are in default. If an active participant defaults, the entire outstanding principal and accrued interest shall be immediately due and payable. The carrying amount of the note receivable from the participant is eliminated and a benefit payment is recorded at the time the participant is deemed to have received a distribution.

Subsequent Events

Plan management has evaluated events occurring subsequent to year end through September 10, 2024 which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1 : Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

	Level 1	Level 2	Level 3	Total

* The fair value of the stable value fund is provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

The following tables set forth a summary of the Plan's investments reported at NAV as a practical expedient as of December 31:

	2022			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	\$ 917,483	\$ -	Daily	One day

4. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Investments Institutional Operations Company, Inc., which is the Plan's custodian. These transactions are considered exempt party-in-interest transactions. Fidelity Investments Institutional Operations Company, Inc. also executes transactions for the Plan's self-directed accounts which are also exempt party-in-interest transactions. Notes receivable from participants are also exempt party-in-interest transactions.

5. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company. Fidelity Management & Research Company received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the Internal Revenue Service. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. Plan management has analyzed the tax positions of the Plan and has concluded that as of December 31, 2023, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits in tax jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year):

- All investment assets held by the Plan
- Notes receivable from participants
- The recording of transactions related to all investment assets and notes receivable from participants, including related earnings (losses) and interest and dividends.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of assets available for benefits presented in the statements of assets available for benefits as of December 31, 2023 and 2022 to Form 5500:

	2023	2022
Assets available for benefits per Form 5500	\$ 51,916,519	\$ 46,755,625
