Independent Auditor's Report

Participants and 401(k) Committee
Forge Resources Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Forge Resources Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Forge Resources Group 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Forge Resources Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan sponsored by Forge Resources Group LLC (the Company). Employees are eligible for the salary deferral portion of the Plan following two months of service, as defined by the Plan, and may enter the Plan the first day of the following quarter. Employees are eligible to participate in the Company matching contribution portion of the Plan upon completion of one year of service, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Each year participants may contribute up to an amount not to exceed a dollar limit which is set by the Internal Revenue Code (IRC). Participants may designate some or all of their contributions as Roth contributions subject to the IRC limitations. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan at a 6% deferral rate unless they affirmatively elect not to participate in the Plan or change their deferral rate. This deferral rate automatically increases by 1% annually, up to a maximum of 8%, for those employees who continued to be auto-enrolled as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. The Company contributes a matching contribution to the Plan equal to 100% of the first 4% and 50% of the next 2% of participants' compensation deferred to the Plan. The Company may contribute a discretionary contribution if it chooses to do so. During the year ended December 31, 2023, there were no discretionary contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions, and Company discretionary contributions, if any, and (b) Plan earnings and charged with an allocation of administrative expenses and applicable loan fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A general method is used where if 1,000 hours were worked in a Plan year, a year of service is credited. Participants hired on or after January 1, 2015 are 100% vested in Company matching contributions, plus actual earnings thereon, after two years of credited service. Participants hired prior to January 1, 2015 are 100% vested upon receipt of Company matching contributions. The Plan includes previously frozen profit-sharing contributions for which vesting is ratable annually resulting in a participant being 100% vested after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balances in a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options daily.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 reduced by the highest outstanding loan balance in a participant's account during the prior 12-month period or (b) 50% of the participant's vested balance. Notes are available for any purpose. Note terms range up to five years, or up to 10 years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear a rate of interest commensurate with local prevailing rates as determined by the Plan Administrator at the time the note is made. Principal and interest payments are required and are paid through payroll deductions.

Payment of benefits: On termination of service, death, disability or retirement, participants may elect to receive the value of their accounts in the form of a lump sum equal to the value of the participant's vested amount in his or her account. Installment payments are also allowed under the Plan. Distributions may also be made from the Plan in cases of financial hardship as defined in the plan agreement. In addition, participants over age 59½ may withdraw all or a portion of their vested account balance while still employed. Participants over age 72 are required to receive minimum annual distributions as required in the plan document. Account balances less than \$5,000 but more than \$1,000 at date of termination are distributed to an Individual Retirement Account or Annuity for the participant's benefit upon termination, while account balances less than \$1,000 at date of termination are paid in a lump sum upon termination.

Forfeited accounts: At December 31, 2023 and 2022, forfeited nonvested accounts were approximately \$30 and \$15, respectively. These accounts can be used to pay plan expenses, reduce Company contributions or can be reallocated to participants. In 2023, approximately \$10,100 was used reallocated to participants and approximately \$1,700 was used to pay plan expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits paid directly to participants are recorded when paid.

Subsequent events: The Plan's management has evaluated subsequent events through September 13, 2024, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by Trustee, Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and income information for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that the information provided to the Plan Administrator by Fidelity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2023	2022
Investments, at fair value:		
Shares of registered investment companies	\$ 10,861,754	\$ 8,984,725
Units of collective investment trust	1,284,536	423,902
Notes receivable from participants	274,642	241,952

Fidelity also certified to the completeness and accuracy of \$1,430,659 of net appreciation in fair value of investments, \$271,208 of interest and dividends and \$15,488 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Forge Resources Group 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Units of collective investment trust: This investment is valued based on the net asset value (NAV) of units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2023			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 10,861,754	\$ 10,861,754	\$ -	\$ -
Investments measured at NAV (a)	1,284,536			
Investments at fair value	<u>\$ 12,146,290</u>			
	2022			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 8,984,725	\$ 8,984,725	\$ -	\$ -
Investments measured at NAV (a)	423,902			
Investments at fair value	<u>\$ 9,408,627</u>			

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Forge Resources Group 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of the transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

The following tables summarize investments measured at NAV as a practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trust	<u>\$ 1,284,536</u>	<u>\$ -</u>	Immediate	5 days

	2022			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trust	<u>\$ 423,902</u>	<u>\$ -</u>	Immediate	5 days

Note 5. Related-Party and Party-In-Interest Transactions

Certain plan investments are shares of registered investment companies that are managed by an affiliate of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services to Fidelity amounted to \$20,646 for the year ended December 31, 2023.

Certain administrative functions are performed by officers or employees of the Company for which no compensation is received from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company may discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a pre-approved defined contribution plan sponsored by FMR LLC. The pre-approved defined contribution plan has received an opinion letter from the Internal Revenue Service as to the pre-approved defined contribution plan's qualified status. The pre-approved defined contribution plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved defined contribution plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Forge Resources Group 401(k) Plan

Notes to Financial Statements

Note 7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	\$ 12,420,932	\$ 9,672,518
Difference in:		
Company contributions receivable	-	(21,939)
Participant loans	262,274	230,275
Notes receivable from participants	(274,642)	(241,952)
Net assets available for benefits per the Form 5500	<u>\$ 12,408,564</u>	<u>\$ 9,638,902</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits per the financial statements	\$ 2,748,414
Difference in:	
Interest income on notes receivable from participants	(692)
Company contributions	21,940
Net increase in net assets available for benefits per the Form 5500	<u>\$ 2,769,662</u>

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
