INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Universal Health Services, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Universal Health Services, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Universal Health Services, Inc. Retirement Savings Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Universal Health Services, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Universal Health Services, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Universal Health Services, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Universal Health Services, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 and the supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Universal Health Services, Inc. Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. Description of Plan

The following description of the Universal Health Services, Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan, which became effective January 1, 1985, is a defined contribution plan available to qualifying employees of Universal Health Services, Inc. (the “Company” or “UHS”) and affiliated companies. The Company’s Plan Committee (“Plan Committee”) is the Plan administrator. To be eligible to participate in the Plan, an employee must generally have completed at least one month of credited service and be 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Fidelity Management Trust Company (“Fidelity”) is trustee of the Plan.

Contributions

Each year, participants may contribute to the Plan up to 75% of their compensation, as defined in the Plan document, subject to Internal Revenue Code (“IRC”) limitations. Contributions may be designated as pre-tax or Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes a discretionary amount of each participant’s contribution to the Plan in accordance with Plan provisions as detailed by each participating employer with respect to their participants.

Investment Options

Participants direct the investment of their contributions and Company contributions into various investment options selected by the Plan Committee. Participants’ ability to change their investment options is not restricted.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and the Company’s contribution as well as allocations of Plan earnings. Participant accounts are charged with allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion is based on years of continuous service. Generally, participants vest 25% each year and are fully vested after four years of service.

Forfeited Amounts

Forfeitures by non-vested participants are used to reduce future Company contributions. The unallocated forfeiture balance was approximately \$0.3 million and \$0.3 million, as of December 31, 2023 and 2022, respectively. Approximately \$4.5 million of previously forfeited accounts were used to offset employer contributions during 2023.

Universal Health Services, Inc. Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Notes Receivable from Participants

Plan participants may request loans for a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$750 and participants may have only one loan outstanding at any one time. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local borrowing rates charged by commercial lending institutions. Current interest rates range from 4.25% to 9.50%. Interest is charged to the account of the borrower. Principal and interest are generally paid ratably through bi-weekly payroll deductions over a period of five years or less with the exception of notes receivable for the purchase of a primary residence, which may be repaid over a period of 15 years or less.

Payment of Benefits

Distributions from the Plan are permitted under the following circumstances:

- Retirement (age 65) or late retirement;
- Early retirement upon age 55;
- Total disability;
- Death;
- Termination of employment;
- Hardship distributions; and
- In-service withdrawals upon age 59-1/2.

Distributions may be paid to qualified participants in a single sum cash payment, through a rollover to an eligible retirement plan (as defined by the Plan document), through a qualified joint and survivor annuity or a single-life annuity. Amounts transferred from certain other plans merged into the Plan are subject to special distribution provisions, as stipulated in the Plan document. Vested account balances below \$1,000 shall be automatically paid to participants in a cash lump sum, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account or annuity at the discretion of the Company.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America, requires Plan management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held during the year.

Universal Health Services, Inc. Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants and the discretionary matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless the Company elects to pay the expenses. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and other participant-specific fees are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments. Certain other professional expenses of the Plan and its participants are partially offset through income generated from revenue sharing agreements (which is reported in the statement of changes in net assets available for benefits as other investment income).

The Plan is participating in Fidelity Management Trust Company's Participant Revenue Credit Program (the "Program"). Income from the Program may be used to pay Plan expenses or may be allocated to participants. Effective April 1, 2017, the Plan changed to a new flat dollar participant fee with distribution of future returns of excess revenue directly to participants on a per capita basis. During the year ending December 31, 2023, the Plan received approximately \$0.6 million of excess revenue from Fidelity. During the year ended December 31, 2023, the Plan utilized approximately \$0.2 million to pay certain Plan level expenses and directly credited approximately \$0.2 million of excess revenue to participants during 2023. As of December 31, 2023 and 2022, approximately \$0.4 million and \$0.2 million, respectively, is available to pay Plan expenses or to allocate to participants.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, including interest and dividends, net appreciation in fair value of investments, other income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- The information for all mutual funds (registered investment companies), common collective trusts and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023, as shown in the ERISA-required supplemental schedules.

Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV or equivalent based on units of the common collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2023 and 2022.

The Plan is applying the practical expedient as of December 31, 2023 and 2022 to its common collective trusts.

The Plan's investment options include common collective trusts whose investment strategies are similar to target date, fixed income and equity funds. The objective of common collective trusts with target date strategies is to provide an age-based investment mix of stocks, bonds and short-term investments. The objective of the common collective trusts invested in fixed income or similar fixed income funds is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of common collective trusts with equity strategies is to invest in a majority of stocks with categories ranging across various business sectors, a mix of small, mid, large capitalization as well as domestic or international. These common collective trusts are redeemable at net asset value under agreements with the underlying common collective trusts. However, it is possible that these redemption rights may be restricted by the common collective trusts in the future in accordance with underlying common collective trust agreements. Due to the nature of the investments held by the common collective trusts, changes in market conditions and the economic environment may significantly impact the net asset value of the common collective trusts, and consequently, the fair value of the Plan's interest in the common collective trusts. Furthermore, changes in the liquidity provisions of the common collective trusts may significantly impact the fair value of the Plan's interest in the common collective trusts.

Universal Health Services, Inc. Retirement Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

The Fidelity Managed Income Portfolio II (“MIP”) is a common collective trust investment that seeks the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The MIP invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into “wrap” contracts issued by third parties, and invests in cash equivalents represented by shares in a money market fund. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the MIP and, in unusual market conditions, restrictions on issues and redemptions may be imposed by the MIP.

5. Related-Party and Party-in-Interest Transactions

The Plan holds units of common collective trusts and invests in mutual funds managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant’s account balance.

During 2022, the Company failed to remit to the Plan’s trustee certain employee contributions and loan repayments totaling \$1,431, within the period prescribed by the Department of Labor regulations. During 2023, the Company made contributions to the affected participants’ accounts to compensate those participants for potential lost income due to the processing delays. The Company believes that these transactions do not affect the tax status of the Plan and took action prescribed by the regulations to remedy such errors.

Fidelity or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Fidelity or its affiliates may receive revenue from mutual fund and collective trust service providers for services Fidelity or its affiliates provide to the funds and collective trusts. This revenue may be used to offset certain amounts owed to Fidelity or its affiliates for administrative services to the Plan. If the revenue received by Fidelity or its affiliates from such mutual fund or collective trust service providers exceeds the amount owed as agreed to by Fidelity and the Plan for administrative services, Fidelity or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants (see Note 2). The Plan or Plan Sponsor may make a payment to Fidelity or its affiliates for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, including any employer contributions for which they were not already vested, and all remaining assets in the Plan are to be distributed to the participants in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by letter dated January 17, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial

Universal Health Services, Inc. Retirement Savings Plan
Notes to Financial Statements

statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On June 5, 2020, Plaintiffs Mary K. Boley, Kandie Sutter, and Phyllis Johnson (together, "Plaintiffs"), individually and on behalf of a putative class of participants in the Plan, filed a complaint in the U.S. District Court for the Eastern District of Pennsylvania against UHS, the Board of Directors of UHS, and the "Plan Committee" of UHS. In an amended complaint filed on July 6, 2020, Plaintiffs dropped the Board of Directors and the "Plan Committee" as defendants and added the UHS Retirement Plans Investment Committee as a new defendant (hereinafter UHS and the UHS Retirement Plans Investment Committee are referred to collectively as "UHS"). On September 4, 2020, UHS filed a motion for partial dismissal of Plaintiffs' claims based on Plaintiffs' lack of standing to challenge funds in the Plan in which Plaintiffs did not personally invest. On September 25, 2020, in lieu of responding in opposition to UHS's motion to dismiss, Plaintiffs filed a second amended complaint. Plaintiffs initially were represented solely by attorneys from the law firm Capozzi Adler, P.C.; as of the filing of their second amended complaint, Plaintiffs were represented jointly by attorneys from Capozzi Adler, P.C. and Miller Shah LLP. In their second amended complaint, Plaintiffs alleged that UHS breached its fiduciary duties under ERISA by offering to participants in the Plan overly expensive investment options when less expensive investment options were available in the marketplace. Plaintiffs also asserted that UHS caused participants to pay excessive recordkeeping fees associated with the Plan, that UHS breached its duty to monitor appointed fiduciaries, and, in the alternative, that UHS engaged in a "knowing breach of trust" separate from the alleged violations under ERISA.

On October 9, 2020, UHS filed a motion to dismiss Plaintiffs' second amended complaint. The District Court denied UHS's motion to dismiss on October 30, 2020. UHS filed an answer to the second amended complaint on November 13, 2020, and the District Court issued a scheduling order soon thereafter. Plaintiffs filed a motion for class certification on February 8, 2021. On March 8, 2021, the District Court granted Plaintiffs' motion for class certification. Thereafter, UHS filed a petition with the U.S. Court of Appeals for the Third Circuit seeking leave to appeal the District Court's order granting class certification. On May 18, 2021, the Third Circuit granted UHS's petition for leave to appeal. On May 24, 2021, UHS filed a motion to stay proceedings in the District Court pending the Third Circuit's resolution of UHS's appeal of the District Court's class certification order. On May 27, 2021, the District Court granted in part UHS's motion to stay. Under the District Court's order granting in part UHS's motion to stay, most previously scheduled deadlines were vacated pending the Third Circuit's resolution of UHS's appeal. Fact discovery in the District Court proceedings closed on July 19, 2021. Briefings on UHS's appeal were completed in September 2021, and oral arguments on UHS's appeal were held on February 11, 2022. On June 1, 2022, the U.S. Court of Appeals for the Third Circuit affirmed the District Court's decision granting class certification.

On July 5, 2022, the District Court issued a new schedule addressing the case management deadlines that remained following the resolution of UHS's appeal. Consistent with the District Court's schedule, the parties conducted expert discovery in July and August 2022. Following a mediation on September 15, 2022, the parties were able to reach a resolution of this matter, with all settlement funds being paid by the insurance carriers.

On October 31, 2022, the United States District Court for the Eastern District of Pennsylvania accepted and approved the parties' negotiated final settlement of all claims for \$12.5 million without any admission of wrongdoing and thus closing out the litigation. Attorney's fees for class counsel were not to exceed 33 1/3% of the

final settlement amounts. The remaining settlement funds were to be allocated to the accounts of impacted participants in accordance with the amounts calculated by the settlement administrator. In accordance with the settlement agreement, class members with Plan accounts were to have their determined amounts deposited to their Plan accounts and class members without Plan accounts were to be paid directly by the settlement administrator. During June 2023, the Plan sponsor allocated approximately \$6.7 million of the settlement amounts to participants' plan accounts in accordance with the settlement agreement. The amount of \$6.7 million is recorded as settlement proceeds on the statement of changes in net assets available for benefits for the year ended December 31, 2023. The remaining amount of \$5.8 million related to attorney's fees or was paid directly by the settlement administrator to those class members that did not have Plan accounts.

During April 2023, the Department of Labor commenced an investigation of the Plan. The outcome of any current governmental investigations cannot be accurately predicted, nor can the Plan sponsor predict any resulting penalties, fines or other sanctions to the Plan sponsor that may be imposed at the discretion of regulatory authorities. The Plan sponsor is cooperating in responding to the Department of Labor's requests and has yet to receive any response.

9. Subsequent Events

The Plan has evaluated subsequent events through September 10, 2024, the date the financial statements were available to be issued.
