INDEPENDENT AUDITOR'S REPORT

Board of Directors
Innovize 401(k) Savings Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Innovize 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H item 4i – Schedule of Assets Held at End of Year, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INNOVIZE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Plan description:

The following description of the Innovize 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution Plan covering substantially all employees of. A employee is eligible for participation upon attaining 21 years of age and completion of one month of service. In 2024, the Plan was amended and merged with another plan effective January 1, 2024. The plan name has changed to Innovize / Excel 401(k) Savings Plan. An eligible employee may become a participant the first day of each month. Once an employee is eligible, the employee is automatically enrolled to defer 3% of their annual compensation unless the employee specifies otherwise.

The Employer is responsible for appointing an administrator and trustee for the Plan. The trustee has discretionary powers in executing investment transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Reasonable administrative and investment expenses of the Plan may be paid by the Plan to the extent not paid by the Employer.

Contributions:

The Plan allows participants to contribute up to 100% of their eligible compensation, as defined in the Plan, subject to limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans.

The Employer's matching and profit sharing contributions are discretionary and determined annually by the Employer. The Employer's match contribution is allocated to participants in the Plan employed on the last day of the plan year. The Employer's profit sharing contribution is allocated to participants in the Plan who are employed on the last day of the plan year and have completed at least 501 hours of service during the plan year.

Participants' account:

Each participant's account is credited with the participant's contribution and an allocation of (a) any Employer discretionary contributions and (b) investment income less Plan administration fees. Allocations are based on participant contributions to the Plan in proportion to contributions to the Plan by all participants or account balances, as defined.

Changes in a participant's deferral percentage for future contributions may be made at any time. Reallocation of participant investment accounts among the investment options may be made at any time during the plan year. Forfeitures, if any, are used to offset plan administration fees.

INNOVIZE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Plan description (continued):

Vesting:

Participants are immediately vested in their employee contributions plus earnings thereon. Participants vest in all Employer contributions at the rate of 20% after one year of service, with an additional 20% per year being vested thereafter until the employee is 100% vested after five years of service, as defined. A participant is 100% vested due to reaching normal retirement age, death or disability.

Payment benefits:

Upon termination of service due to death, disability, or retirement or termination of employment, a participant may receive a single lump sum or installment payments equal to the participant's vested account balance. Participants with balances of \$5,000 or less are subject to an automatic IRA Rollover.

Notes receivable from participants:

Notes receivable from participants from a participant's vested balance are permitted up to the lesser of one-half of the vested balance or a maximum of \$50,000 for each participant. The minimum loan amount is \$1,000. The loans shall bear a reasonable rate of interest, be adequately secured, and have a definite repayment schedule, generally over a period not to exceed five years.

Forfeited accounts:

Forfeited accounts are used to defray the cost of administrative expenses of the Plan or reduce future employer contributions. The balance of unapplied forfeitures of non-vested accounts totaled \$1,408 and \$1,292 as of December 31, 2022 and 2021, respectively. Administrative fees paid from forfeitures totaled \$1,053 and \$164 during the year ending December 31, 2022 and 2021, respectively.

Risks of uncertainties:

The Plan is comprised of investments in a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Concentrations:

At December 31, 2022 and 2021, approximately 50% and 57% of investments were held in 3 funds, respectively.

2. Summary of significant accounting policies:

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid balance plus accrued but unpaid interest. Delinquent participant loans are reclassified to distribution based on the terms of the Plan document.

Valuation of investments:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Investments in guaranteed investment contracts are stated at contract value.

As described in the Accounting Standards Codification ("ASC"), 946, Financial Services - Investment Companies, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales are recorded on the trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Participant direction of investments:

Subject to the provisions of the Plan, a participant has the right to direct the investment of the balance in their accounts in the specific investment funds made available by the Plan administrator. At December 31, 2022 and 2021 all investments are participant directed.

Administrative expenses:

Fees related to the administration of notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses on the statement of changes in net assets available for benefits. Investment expenses, administration expenses, and other professional fees related to the Plan were included in net change in fair value of investments, to the extent not paid by the Employer on behalf of the Plan.

INNOVIZE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

2. Summary of significant accounting policies (continued):

Payment of benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Subsequent events:

Management has evaluated for subsequent events through April 9, 2024, the date the financial statements were available for issuance.

3. Information Certified by the Trustee:

The Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements, were prepared by or derived from information provided by Minnesota Life Insurance Company, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the assets is complete and accurate. Accordingly, as permitted by ERISA Section 103(a)(3)(c) as of and for the year ended December 31, 2022 and 2021, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	<u>2022</u>	<u>2021</u>
Pooled separated accounts	\$ 12,417,890	\$ 18,212,662
Guaranteed investment contract	3,791,381	3,577,789
Notes receivable from participants	249,703	187,364

Minnesota Life Insurance Company, the custodian, also certified as to the completeness and accuracy of \$(3,871,478) and \$2,551,664 of net (depreciation) appreciation in fair value of investments, \$49,907 and \$38,920 of interest related to the aforementioned investments and \$11,157 and \$8,408 of interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, respectively.

4. Fair value measurements:

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value utilizing a hierarchy that prioritizes the valuation inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value (NAV) as a practical expedient to fair value of the units held by the plan at year-end.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INNOVIZE 401(K) SAVINGS PLANNOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**4. Fair value measurements (continued):**

There are no Plan assets at fair value that require tabular disclosure by level, within the fair value hierarchy, as the investments, at fair value, are all measured at NAV as a practical expedient as of December 31, 2022 and 2021.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share as a practical expedient (or its equivalent) as of December 31, 2022 and 2021:

Investment type	Fair value		Unfunded commitments	Redemption frequency	Redemption notice period
	2022	2021			
Pooled separate accounts	\$ 12,417,889	\$ 18,212,662	-	Immediate	None

The Plan assesses the levels of investments at each measurement date, and transfers between fair value hierarchy levels are recognized by the Plan on the actual date of the event or change in circumstances that caused the transfer.

5. Guaranteed investment contract with insurance company:

The following is the total contract value of each type of fully benefit responsive contract not listed within the fair value hierarchy, as of December 31, 2022 and 2021:

	2022	2021
Guaranteed investment contract	\$ 3,791,381	\$ 3,577,789

The Plan provides an investment option issued by Minnesota Life Insurance Company (MN Life) that simulates the performance of a guaranteed investment contract. MN Life maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdraw also and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

INNOVIZE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

6. Federal income taxes:

The Plan has adopted the Volume Submitter Profit Sharing Plan, of Minnesota Life Insurance Company. The Volume Submitter sponsor obtained its latest advisory letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan's policy is to evaluate the likelihood that any uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence. The federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

7. Party-in-interest transactions:

Minnesota Life Insurance Company is the trustee of the Plan and holds the Plan's investments and executes transactions.

Securian Retirement is an agent of the Plan and is the third-party administrator. Royal Alliance is the investment advisor to the Plan.

8. Plan termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to reduce, suspend, or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
