The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zampell Companies Profit Sharing/401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zampell Companies Profit Sharing/401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zampell Companies Profit Sharing/401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zampell Companies Profit Sharing/401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zampell Companies Profit Sharing/401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZAMPELL COMPANIES PROFIT SHARING/401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023 **DECEMBER 31, 2023 AND 2022**

Note 1 - Description of the Plan

The following brief description of the Zampell Companies Profit Sharing/401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1984, to provide the employees of the Zampell Companies, consisting of Zampell Refractories, Inc., Zampell Advanced Refractory Technologies, Inc., J.C. Zampell Construction, Inc. and ZAM Transition Company LLC (formerly Custodial Partners, LLC) (collectively, the "Company") a tax effective opportunity to save for their retirement. The Plan is a defined contribution plan covering all employees of the Company, except those covered by a collective bargaining agreement and those considered leased employees as defined in the Plan document, and are age 18 or older and have completed 3 months of service. Employees are eligible to enter the Plan on the first day of the month subsequent to the month in which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective September 24, 2021, the Plan was restated to meet IRS requirements.

The Company has been appointed by the Board of Directors of the Zampell Companies to serve as the Administrator of the Plan. Fidelity Management Trust Company serves as trustee and custodian of Plan assets, invests all contributions and allocates to each participant account its proportionate share of the funds' investment earnings. The Plan includes a savings plan established under the provisions of the Internal Revenue Code Section 401(k). Under the Plan, a certain amount of employee wages, as defined in the Plan, can be deferred as an employee contribution to the Plan.

Enrollment - Employees who have met the eligibility service requirement that are at least 18 years of age may make any deferral election (including an election to contribute 0% of eligible compensation) by the first day of the month subsequent to becoming eligible. The plan also includes an auto escalation feature in which automatic enrollments will be increased by 1% annually until a deferral rate of 6% is reached. Participants may change their deferral percentage at any time.

Contributions - Each year, participants may contribute on a pretax and/or on an after-tax Roth basis, a percentage of their eligible compensation, up to an aggregate of 90%, as defined in the Plan, subject to limitations under Internal Revenue Code section 401(k). Contributions made by "highly compensated" employees may be restricted to satisfy Code discrimination rules. Rollover contributions from pension, profit-sharing plans and IRA accounts meeting the requirements of Section 401(a) of the Code are accepted by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer matching contributions are made at the discretion of the employer. For the year ended December 31, 2023, the Company made a matching contribution equal to 50% of the first 2% of a participant's eligible compensation deferred into the Plan, which amounted to \$212,037. Contributions are subject to certain limitations, and eligibility requirements apply to such contributions.

The Company may also make a discretionary profit sharing contribution to the Plan. Each employee's portion of the Company's discretionary profit sharing contribution is based on the employee's eligible compensation in relation to the total eligible plan compensation. Discretionary profit sharing contributions may be made on behalf of employees who have 1,000 hours or more of service during the Plan year and are active members on the last day of the Plan year. There were no discretionary profit sharing contributions made to the Plan for the year ended December 31, 2023.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023 **DECEMBER 31, 2023 AND 2022**

Note 1 - Description of the Plan (Continued)

Contributions (Continued) - Prior to May 1, 2020, the Company might elect to make safe harbor non-elective contributions on behalf of eligible active participants each plan year. The contribution would be equal to at least 3% of such active participants' eligible compensation. Effective May 1, 2020, the Company elected to suspend the safe harbor non-elective contributions.

Participants' Accounts - Participants' accounts are credited with their voluntary salary deferral contributions, the corresponding Company matching and safe harbor contributions, and an allocation of (a) the Company's discretionary profit sharing contribution, if any, and, (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant compensation and on account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in salary deferral contributions, rollover contributions and employer matching and safe harbor non-elective contributions plus actual earnings thereon. Vesting in employer discretionary profit sharing contributions is based on years of service. A participant is 100 percent vested after six years of credited service. A year of service is twelve consecutive months in which a participant has worked at least 1,000 hours of service.

Investment Options - Participants shall direct the investment of their accounts among various investment options including mutual funds and a common collective trust offered under the Plan. Participants may reallocate their funds or redirect new contributions on a daily basis among any of the offered funds.

Notes Receivable from Participants - A participant may borrow from their funds a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The notes are secured by the participant's vested interest in the Plan. Note terms range from one to five years. Note terms relating to the purchase of a principal residence may exceed five years. Principal and interest are repaid ratably through payroll deductions. The notes bear interest at a market interest rate comparable to unsecured loans of similar duration from a banking institution at the time of the application. Participants may not have more than one note outstanding at any given time under the Plan provisions.

Forfeited Accounts - At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$1,300 and \$0, respectively. At the option of the Company, forfeitures may be used to reduce future Company contributions to the Plan or for the payment of Plan administrative expenses. During the year ended December 31, 2023, no forfeitures were used to reduce employer contributions or pay for Plan administrative expenses.

Payment of Benefits - Upon retirement or termination from the Company, a participant may elect to receive either a lump-sum payment equal to the value of his or her vested account or annual installments not to exceed the joint life expectancy of the participant (and his/her spouse, if any). The death of a participant shall result in a distribution of the participant's account balance to the participant's beneficiary. Withdrawals due to serious financial hardship are allowed to the extent permitted by federal regulations.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023 **DECEMBER 31, 2023 AND 2022**

Note 1 - Description of the Plan (Continued)

Payment of Benefits (Continued) - Terminated participants with balances less than \$1,000 will automatically receive the balance of their account in a lump sum payment unless the participant requests a rollover. For balances greater than \$1,000, but less than \$5,000, benefit payments are made in the form of either a lump sum payment or are rolled over into an IRA account for the benefit of the participant. For balances greater than \$5,000, participant may defer payment until required by law to receive minimum required distributions.

Administrative Expenses - Certain professional fees and other expenses relating to the operation and administration of the Plan are paid by the Company and are not included in the accompanying financial statements. Investment management fees and plan administration fees charged to the Plan for all investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees, distribution and plan administration fees are reflected as a reduction of net appreciation in the fair value of investments. Loan origination, recordkeeping and certain other administrative fees are paid by the Plan's participants. During the year ended December 31, 2023, administrative expenses amounted to \$5,055.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the plan agreement to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their accounts at that date and the assets would be distributed to participants in accordance with the terms set forth in the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investments - All investments are recorded at fair value in these financial statements. Fair value is measured in accordance with U.S. generally accepted accounting principles as more fully described in Note 4.

Purchases and sales of securities are recorded on a trade-date basis or, if not materially different, the settlement date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the common collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trust, but do have an interest therein represented by units which are valued daily. The trust earns interest which is automatically reinvested in additional units. Generally, contributions to and withdrawals from the trust are converted to units by dividing the amount of such transactions by the unit values as last determined and the participant's accounts are charged or credited with the number of units properly attributable to each participant.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023 **DECEMBER 31, 2023 AND 2022**

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable are reclassified as distributions in accordance with terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits - Benefit payments are accounted for at the time of payment.

Subsequent Events - The date to which events occurring after December 31, 2023 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

Note 3 - Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, at fair value, and notes receivable from participants held at December 31, 2023 and 2022, and realized and unrealized gains, net, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4 - Fair Value Measurements

Fair value is defined under U.S. generally accepted accounting principles as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under U.S. generally accepted accounting principles must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions.

The fair value hierarchy is based on three levels of inputs as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023 **DECEMBER 31, 2023 AND 2022**

Note 4 - Fair Value Measurements (Continued)

Following is a description of the Plan's valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund and calculated at the close of business on the NYSE. The NAV is based on the value of the underlying asset owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the valuation hierarchy.

Common Collective Trust Fund

The Plan's investments in the common collective trust are public investment securities valued using the net asset value (NAV) provided by Morley Capital Management. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. These investments measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented below are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents the financial instruments carried at fair value, by caption on the Statements of Net Assets Available for Benefits and by the valuation hierarchy (as described above) as of December 31, 2023 and 2022, respectively:

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5 - Income Tax Status

The Internal Revenue Service has ruled that the Plan qualifies under section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under the present income tax laws.

The Zampell Companies Profit Sharing/401(k) Plan is utilizing a Fidelity Volume Submitter Plan document. This plan received its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Since that date, the Plan has been amended. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is generally subject to potential examination by taxing authorities for the prior three years. Currently, no audits for any tax periods are currently in progress.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023 **DECEMBER 31, 2023 AND 2022**

Note 5 - Income Tax Status (Continued)

The Plan evaluates all significant tax positions as required by U.S. generally accepted accounting principles. As of December 31, 2023, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Note 6 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee and custodian of the Plan. Accordingly, certain transactions qualify as party-in-interest transactions. The Plan sponsors elect to pay certain expenses of the Plan. During the year ended December 31, 2023, loan origination and maintenance fees and other administrative fees totaling \$5,055 were paid to Fidelity Management Trust Company and charged to participant accounts.

Note 7 - Notes Receivable from Participants

As of December 31, 2023, notes receivable from participants bear interest at rates ranging from 5.25% to 10.50% with maturity dates ranging through June 2031. As of December 31, 2022, notes receivable from participants bear interest at rates ranging from 5.25% to 9.00%, with maturity dates ranging through June 2031.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts of reported in the Statements of Net Assets Available for Benefits.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2023 and 2022, respectively, to Schedule H of Form 5500:
