Independent Auditor's Report

To the Plan Administrator
Fortis Solutions Group, LLC Retirement Savings Plan
Virginia Beach, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fortis Solutions Group, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022 and the Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of Fortis Solutions Group, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Fortis Solutions Group, LLC the "Company" or "Employer" and participating related employers who have completed three months of service and are twenty-one years of age or older. Eligible participants are able to enter the Plan the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA) and other regulations. Fidelity Management Trust Company (Fidelity) acts as trustee for the Plan.

Effective November 19, 2021, the Plan was amended to provide that any individual who became an employee as a result of the acquisitions at the Company during the plan year shall be eligible to participate in the Plan and receive credit for service with the predecessor employer. The Plan also provide for rollovers of participant accounts, including contributions and participant loans, from a qualified plan of the acquired companies. These amounts are included in rollover contributions.

Effective January 1, 2022, the Plan was restated for regulatory compliance purposes and adopted a pre-approved plan document.

Contributions

Each year, participants may contribute up to 90% of eligible compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also contains an automatic enrollment feature where participants are notified 30 days prior to the enrollment date. The automatic deferral contribution rate starts at 1% and will increase by 1% each year to a maximum of 5%, unless the participant elects otherwise. The Company makes a safe harbor matching contribution of 100% up to the first 3% and 50% of the next 2% of a participant's salary deferral. The Company's safe harbor matching contribution is invested in the participants' selected investment options. Additional profit-sharing amounts may be contributed at the discretion of the Company and are invested in the portfolio of investments as directed by the participants. No profit-sharing contribution was made in 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Fortis Solutions Group, LLC Retirement Savings Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Participants who become disabled while employed at the Company are entitled to the full amount in their account. Participants who terminate employment for any other reason prior to six years of service are entitled to a percentage of their Employer profit sharing contributions depending on their years of service. A participant will be vested 20% per year, starting in year two, and is therefore 100% vested after six years of service.

Notes Receivable from Participants

The Plan does not allow participants to borrow from their accounts. Employees of entities that are acquired by the Company are allowed to rollover their existing loans. The notes are secured by the balance in the participant's account and bear interest at the rate of 5.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$5,000 or less. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdrawal an amount at age 59½ if certain criteria are met.

Forfeited Accounts

Forfeitures of non-vested Employer profit sharing contributions may be used to pay administrative expenses. Any remaining amounts can be used to reduce Employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$2,923 and \$5,720, respectively. During the year ended December 31, 2022, \$4,305 was used to pay administrative expenses.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America "GAAP" requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fortis Solutions Group, LLC Retirement Savings Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by Fidelity. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Administrative Expense

Certain administrative expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation in the fair value of investments on the statement of changes in net assets available for benefits. Administrative expenses of \$5,130 were charged to the Plan for participant requested transactions for the year ended December 31, 2022.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2024, the date which the accompanying financial statements were available to be issued and concluded no events had occurred with the exception the events below.

During 2023 and 2024, Fortis Solutions Group, LLC acquired additional companies. The acquired companies were added as a related employer to the Plan and employees are eligible to participate in the Plan as of the date of the amendment. The Plan also provides for rollovers of participant accounts, including contributions and participant loans, from a qualified plan of the acquired companies.

Fortis Solutions Group, LLC Retirement Savings Plan

Notes to Financial Statements

3. Fair Value Measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: represent investments (mutual funds) held with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trust: common collective trusts are valued at the NAV of units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCT held by the Plan is a direct filing entity.

Fortis Solutions Group, LLC Retirement Savings Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2022 and 2021 on a recurring basis:

<i>December 31, 2022</i>	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 31,601,744	\$ 31,601,744	\$ -	\$ -
Common collective trust (a)	1,142,663			
Total investments, at fair value	\$ 32,744,407			

<i>December 31, 2021</i>	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 34,129,438	\$ 34,129,438	\$ -	\$ -
Common collective trust (a)	623,036			
Total investments, at fair value	\$ 34,752,474			

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient:

<i>December 31,</i>	2022	2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust:					
Fidelity Managed					
Income Portfolio Fund	\$ 1,142,663	\$ 623,036	\$ -	Daily	None

Fortis Solutions Group, LLC Retirement Savings Plan

Notes to Financial Statements

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2022 and 2021, and depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

5. Party-in-Interest and Related Party Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee or its affiliates by the Plan for participant-initiated transactions were \$5,130 for the year ended December 31, 2022. Notes receivable from participants qualify as exempt party-in-interest transactions.

During the Plan years ended December 31, 2018, 2019, 2020, 2021, and 2022, participant contributions and loan repayments totaling \$49,159, \$196,024, \$86,009, \$24,748, and \$8,193 respectively, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer is in the process of correcting these transactions. The related lost earnings are expected to be remitted to the Plan during 2024.

6. Tax Status

The Plan Document is a volume submitted document that has an opinion letter dated June 30, 2020, from the IRS stating that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and currently operating in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants would become fully vested in their accounts.

Fortis Solutions Group, LLC Retirement Savings Plan

Notes to Financial Statements

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Re: Statement of Reasonable Cause

Plan: Fortis Solutions Group, LLC Retirement Savings Plan
Agency Debt ID/Case Number: 24-0849D
EIN: 273616783: Plan Number: 001
Filing (ACK) ID: 20231016150311NAL0038214961001
Plan Year Ended: December 31, 2022
Intended Penalty: \$130,000

Dear Sir/Madam:

Please accept this letter as our Statement of Reasonable Cause for the late filing of the Plan's 2022 Form 5500 and audit report. We respectfully request that you reduce the assessed penalty from the current assessment of \$130,000 to \$0. We will be filing the 2022 5500 and audit on or about September 18, 2024 under the DFVCP program. Below are details of the reasonable cause for the late filing.

TIMELINE

The 2022 5500 was due on October 15, 2023, with extensions. The 2022 5500 (without audit report) was filed (timely) on October 16, 2023 at the suggestion of our auditor. Our typical audit process for plan year 2022 would have begun in August 2023 through September 2023. Unfortunately, several significant events disrupted this normal process – resulting in the audit not being prepared timely and failure to appropriately communicate with EBSA.

First, a new CFO came on board during summer of 2022, and the old CFO that had overseen the audit and signed past regulatory filings, including the 5500 retired. By the time we reached the summer of 2023, when our normal 401k audit process would have been completed, we had yet another new CFO after the first replacement did not work out. From mid-2022 through mid-2023, our organization completed four acquisitions, involving nearly 125 employees in 3 states. This acquisition and integration activity completely overtook the normal audit process and communications. Additionally, human resources, payroll and accounting staff was insufficient to handle these acquisitions along with the regularly scheduled audit process, and the latter fell in priority to the former. Once the “window” for the normal audit process closed with our auditor, the audit process for the 2022 plan year simply fell off the

radar and the applicable vendors and auditors became engaged with their own schedules further delaying our progress on the 2022 plan year audit report.

On June 26, 2024, we apparently received the DOL Notice of Rejection of the 2022 5500. By then, we were working diligently with our auditor and vendor to complete the 2022 plan year audit. On August 19, 2024, we received the Notice to Assess Penalty, to which we are now timely responding.

Please consider reduction of our penalty to \$0 in accordance with the DFVCP program and our 2022 Form 5500 filing and audit report with this letter. We will file the 2022 form 5500 and associated audit report on or about September 17, 2024.

This statement is made under penalties of perjury, as required under Section 2560.502c-2(e).

Very truly yours,
