INDEPENDENT AUDITORS' REPORT

June 26, 2024

Audit Committee of Neogen Corporation,
the Plan Administrator, and Plan Participants
of Neogen 401(k) Retirement Savings Plan
Lansing, Michigan

Opinion on the Financial Statements

We have audited the financial statements of **Neogen 401(k) Retirement Savings Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information contained in the accompanying schedules is fairly stated, in all material respects, in relation to the 2023 financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Neogen 401(k) Retirement Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Neogen 401(k) Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering the employees of Neogen Corporation (the “Plan Sponsor” or “Company”) who meet the age and service requirements. The management of the Company control and manage the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan. Marsh McLennan Agency, LLC serves as the Plan’s investment advisor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the plan document. Participants may choose to contribute to a Traditional 401(k), Roth 401(k) or both, within the Plan. Participants are eligible for Company matching contributions after attaining six months of service. The Company makes matching contributions as follows: \$1.00 for each \$1.00 on the first 3% of participant contributions and \$.50 on each \$1.00 on the next 2% of participant contributions up to the maximum allowable by the IRS. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are immediately vested in the Company contribution portion of their account.

Forfeitures

Forfeitures of non-vested performance contributions are used to reduce future employer contributions or pay administrative expenses of the Plan. At December 31, 2023, forfeited non-vested accounts total \$75. There were no forfeiture balances included in investments, at fair value on the statement of net assets available for benefits that was available to apply to future employer contributions as of December 31, 2022.

Participants' Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested and subject to the same allocation percentages as the participant contributions. The Plan currently offers a variety of mutual funds, common stock of the Company, and a selection of collective investment trust options.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of the present value of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate on new loans is prime plus one percent at time of origination and shall remain fixed throughout the duration of the loan unless a change is required by applicable law for any participant(s) taking a military leave of absence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, normal, early or disability retirement, or other termination of employment, a participant may elect to receive either: (a) lump-sum amount equal to the value of the participant's balance in his or her account; or (b) partial withdrawals for those that meet certain Plan provisions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”).

Investment Valuation and Income Recognition

The Plan’s mutual fund and common stock investments are stated at fair value as of the end of the Plan year based on the quoted market prices of the underlying assets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The Plan’s interests in the collective investment trusts are based on the fair value of each fund’s underlying investments as reported by the fund’s portfolio manager using the audited financial statements of the fund at year-end.

Fair Value Measurements

As defined in the current authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance applies to all financial instruments that are measured and reported on a fair value basis. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of inputs used in the valuation techniques the Plan is required to provide information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect a company’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

For the years ended December 31, 2023 and 2022, the application of valuation techniques applied to similar assets and liabilities has been consistent.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Loans in default are reclassified as benefit payments to participants based upon the terms of the Plan document.

Contributions

Contributions from participants are recorded when withheld from compensation. Contributions from the Company are recorded in the period in which they become obligations of the Company.

Expenses

Plan administrative expenses may be paid by either the Plan or the Company, as provided in the Plan document.

Payments of Benefits

Benefit payments to participants are recorded as deductions from the Plan upon distribution.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of IRC limits. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

3. Plan Termination

Although it has not expressed any intention to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

4. Fair Value Measurements

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds:

Valued at the net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and transact at that price and therefore are deemed to be actively traded.

Common stock of Plan Sponsor:

Valued at the year-end closing price reported on the active market on which the security is traded.

Collective Investment Trusts:

Valued at net asset value as a practical expedient to estimate fair value at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	\$ 87,568,889	\$ -	\$ -	\$ 87,568,889

Total assets in the fair value hierarchy	96,082,261	-	-	96,082,261
Investments measured at net asset value	-	-	-	4,966,139
Total investments, at fair value	<u>\$ 96,082,261</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 101,048,400</u>

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	\$ 68,308,860	\$ -	\$ -	\$ 68,308,860
Common stock of Plan Sponsor	6,588,883	-	-	6,588,883
Total assets in the fair value hierarchy	74,897,743	-	-	74,897,743

Total investments, at fair value	<u>\$ 74,897,743</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 79,930,806</u>

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust funds	\$ 4,966,139	n/a	Daily	12 months

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust funds	\$ 5,033,063	n/a	Daily	12 months

5. Parties-In-Interest

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian and trustee of the Plan and, therefore, transactions with Fidelity Management Trust Company qualify as party-in-interest transactions. Fees paid by the Plan for the custodial, advisory, and record keeping services amounted to \$152,511 for 2023. Fees paid by the plan for investment management, auditing and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Plan invests in the common stock of Neogen Corporation, the Plan's Sponsor, a party-in-interest. Investment in Neogen Corporation common stock as of December 31, 2023, was \$8,513,372 and \$6,588,883 as of December 31, 2022. As of December 31, 2023, the investment in Neogen Corporation's common stock represents 423,340 shares at a market price of \$20.11 per share. As of December 31, 2022, the investment in Neogen Corporation's common stock represents 432,625 shares at a market price of \$15.23 per share.

6. Risks and Uncertainties

The Plan invests in common stock of the Plan Sponsor, mutual funds, and common collective trusts with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent with certain of the Plans investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

7. Federal Income Tax Status

The Plan is maintained through the adoption of a pre-approved plan that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is qualified under Section 401(a) of the Code and therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to, and chose to, rely on the current IRS opinion letter with respect to the qualified status of the Plan. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Tax years 2020 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to IRS Form 5500 as of December 31, 2023 and 2022:

	December 31,	
	2023	2022
Net assets available for benefits per the financial statements	\$ 102,260,609	\$ 80,606,311
Deemed distributions reported on 5500	(24,332)	(25,703)
Net assets available for benefits per the Form 5500	<u>\$ 102,236,277</u>	<u>\$ 80,580,608</u>

Deemed distributions are defaulted and unpaid participant loans of active participants that are reflected as distributions on the Form 5500 and as notes receivable from participants on the financial statements. Upon a distributable event, the deemed distributions will be reflected as distributions on the financial statements.

The following is a reconciliation of changes in net assets available for plan benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

Increase in net assets available for benefits per the financial statements	\$ 21,654,298
Change in deemed distributions	<u>1,371</u>
Net income per Form 5500	<u><u>\$ 21,655,669</u></u>

9. Delinquent Participant Contributions

Contributions for the year ended December 31, 2022 that were not segregated and remitted in a timely manner totaled \$174,589 and were remitted in 2022. Plan management corrected this late remittance in 2023 by depositing lost earnings of \$5,926 to participants' accounts.

There were no contributions for the year ended December 31, 2023 that were not segregated and remitted in a timely manner.

10. Subsequent Events

In preparing the Plan's financial statements, subsequent events and transactions have been evaluated for potential recognition or disclosure. Plan management determined that there are no subsequent events or transactions that require disclosure to or adjustment in the financial statements through the date of the Independent Auditors' Report.
