INDEPENDENT AUDITOR'S REPORT

To The Participants and Administrator of the
MSX International 401(k) Plan
Southfield, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MSX International 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MSX International 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MSX International 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MSX International 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted

in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MSX International 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MSX International 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling

such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MSX INTERNATIONAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - Description of the Plan

The following description of the MSX International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan established effective November 7, 1996 and includes, as participants, eligible employees of MSX International RNS, LLC. (the "Company"), as defined by the Plan. The Plan is subject to the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The trustees of the Plan are Prudential Bank & Trust, F.S.B. and Empower Annuity Insurance Company.

Eligibility - Employees are immediately eligible to participate in the Plan if they meet the following requirements:

- An employee in an eligible job classification.
- Not working in a status classified as casual or temporary, unless they complete 1,000 hours of service during an eligibility computation period for purposes of all contributions.
- Not a non-resident alien who receives no compensation from sources within the United States.
- Not a union employee whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining.
- Not a resident of Puerto Rico or an employee performing services in Puerto Rico.
- Not a leased employee.
- Not an independent contractor.

Contributions - Participants may contribute up to 75 percent of their earnings to the Plan. They may choose to do this as either a pre-tax deferral, a Roth deferral, or a combination of both. The Plan has an automatic enrollment feature under which eligible employees are automatically enrolled unless they elect to opt out. Participants may also make rollover contributions representing distributions from other qualified plans. The Plan provides for an employer matching contribution of 15% of the first 5% of salary deferrals. The Company may also make discretionary matching contributions in accordance with the provisions of the Plan agreement. These Company contributions, if applicable, vary by division or subsidiary and are invested pursuant to the participant's investment elections. Contributions are subject to certain IRC limitations.

Participant Accounts - Each active participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and forfeitures (if applicable), and (b) Plan earnings. Allocations are based on participant earnings, hours of service or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MSX INTERNATIONAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2023 and 2022

NOTE 1 - Description of the Plan (Continued)

Vesting - Participants are immediately vested in their contributions and related earnings thereon. Participants are vested in the Company's contributions and related earnings thereon after six years of service. In addition, a participant becomes 100 percent vested upon death, disability or attainment of age 65.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in one percent increments in any of the 17 investment options. Participants may change their investment options at any time. These options consist of professionally managed mutual funds, pooled separate accounts and a guaranteed income fund, and vary in their respective strategies, risks and goals. The mutual fund and pooled separate account options include investments in large-capitalization, mid-capitalization and small-capitalization stock funds, international stock funds and fixed income funds. The stock funds offer additional options for income, balanced and growth strategies.

Notes Receivable from Participants - Generally, participants may borrow from their pre-tax or rollover contribution accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years. The loans are collateralized by the balance in the participant's account and bear interest at the bank prime rate in effect when the loan is issued. Principal and interest are paid through payroll deductions.

Payment of Benefits - After separation from service due to termination, death, disability or retirement, generally a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed five years. In-service and hardship withdrawals are distributed in a single lump-sum payment.

Forfeitures - Forfeitures were \$26,497 in 2023 and \$8,140 in 2022. Forfeitures were used to pay for expenses of the Plan in the amount of \$15,875 in 2023 and \$14,165 in 2022. The value of forfeited non-vested accounts totaled \$19,740 at December 31, 2023 and \$2,399 at December 31, 2022.

SECURE Act and CARES Act - The Plan has implemented certain provisions of the SECURE Act, which was effective January 1, 2020, and the CARES Act, which was signed into law in March 2020. The Plan has until December 31, 2025 to adopt amendments to reflect these provisions.

NOTE 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan were prepared on the accrual basis of accounting.

MSX INTERNATIONAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2023 and 2022

NOTE 2 - Significant Accounting Policies (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions to the Plan from employees and from the Company, as defined in the plan, are recorded on an accrual basis.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are paid in part from forfeitures. Additional administrative expenses are paid by the sponsor of the Plan and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - Management has evaluated events and transactions through August 26, 2024, the date the financial statements were available to be issued.

MSX INTERNATIONAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2023 and 2022

NOTE 3 - Fair Value Measurements

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2023 and 2022:

	December 31, 2023		
	Level 1	Level 2	Total
Registered investment companies	\$45,332,675	\$ -	\$45,332,675
Pooled separate accounts	-	12,353,338	12,353,338
Total assets at fair value	<u>\$45,332,675</u>	<u>\$12,353,338</u>	<u>\$57,686,013</u>
	December 31, 2022		
	Level 1	Level 2	Total
Registered investment companies	\$39,543,296	\$ -	\$39,543,296
Pooled separate accounts	-	11,199,770	11,199,770
Total assets at fair value	<u>\$39,543,296</u>	<u>\$11,199,770</u>	<u>\$50,743,066</u>

The Plan's investments are reported at fair value in the statements of net assets available for benefits, except for fully benefit-responsive investment contracts which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels which are described below. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The fair value of money market and mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

MSX INTERNATIONAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2023 and 2022

NOTE 3 - Fair Value Measurements (Continued)

Level 2 Fair Value Measurements

Level 2 inputs consist of quoted prices for similar assets in active and inactive markets and other observable corroborated market data. Level 2 inputs were only used when Level 1 inputs were not available. This includes, but is not limited to, quoted prices for similar assets or liabilities in markets that are not active.

Level 3 Fair Value Measurements

Level 3 assets have the lowest priority. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. The Plan had no Level 3 assets.

Gains and losses included in statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, are reported in net appreciation (depreciation) in fair value of assets.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no significant transfers between Levels 1 and 2.

NOTE 4 - Investments

The Plan's investments include the Guaranteed Income Fund, which is considered a fully benefit-responsive investment contract offered by Empower Annuity Insurance Company (Empower). Empower maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute. The contract is included in the respective statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

There are no events that allow Empower Annuity Insurance Company to terminate the contract and which require the Plan to settle at an amount different than contract value, and generally there are no events that could limit the ability of the Plan to transact at contract value.

NOTE 7 - Related Party and Party-In-Interest Transactions

Plan investments include pooled separate accounts and a guaranteed investment contract managed by entities related to Empower Annuity Insurance Company, a trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. In addition, Empower Annuity Insurance Company provides recordkeeping services to the Plan. The Company and its subsidiaries participate in the Plan and are considered parties-in-interest. The administrative expenses paid by the Plan include plan administration, investment advisory, legal and audit services, and the service providers are considered parties-in-interest.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all amounts credited to the participants' accounts will be 100% vested.

NOTE 9 - Tax Status

The Plan is a prototype plan sponsored by Empower Annuity Insurance Company (Empower). Empower has obtained a determination letter in which the Internal Revenue Service stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code. Management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

MSX INTERNATIONAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2023 and 2022

NOTE 10 - Risks and Uncertainties

The Plan provides for various investment options whose underlying investment securities include stocks, bonds and fixed income securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 11 - Transfer to Another Plan

During 2022 the Plan sponsor disposed of a business unit that had 199 employees with account balances in the Plan. On February 16, 2022, the Plan transferred \$6,763,477 to another plan in which these employees had become participants.
