THE DESERT BOTANICAL GARDEN, INC. 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***The Desert Botanical Garden, Inc. 401(k) Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE DESERT BOTANICAL GARDEN, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan

The following description of ***The Desert Botanical Garden, Inc. 401(k) Plan*** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

- A. General** – The Plan was established January 1, 1998. Effective October 1, 2021, the Plan was amended and restated. The Plan is a defined contribution plan covering all eligible employees of The Desert Botanical Garden, Inc. (the "Garden") who have completed three months of service and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The 401(k) Investment Committee is responsible for the oversight of the Plan. The 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Audit Committee.
- B. Contributions** – Each year, participants may contribute up to 100% of eligible annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also make after tax contributions by designating salary deferrals as Roth deferrals.

Each year, at the Garden's discretion, the Garden may contribute to the Plan a percentage of the participants' contributions. For the year ended December 31, 2023, the Garden contributed 100% of the first 5% of the participant's compensation. Additional profit sharing amounts may be contributed at the Garden's discretion. There were no profit-sharing contributions for 2023. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate is then increased by 1% every January 1 up to 10%.

- C. Vesting** – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Garden's discretionary matching and profit sharing contribution portions of their accounts is based on years of continuous service. A participant is vested 20% after one year of credited service and vests an additional 20% each year until fully vested after five years of credited service.
- D. Participant accounts** – All investment options are participant-directed. A separate account is maintained for each investment option of a participant by type of contribution. Each participant's account is credited with the participants' contributions and allocations of (a) the Garden's contributions, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Plan earnings (losses) are allocated and credited to the account daily based on the adjusted balance of each participant's account. The benefit to which a participant is entitled is the benefit from the participant's vested account.
- E. Payment of benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If an election is not made, the participant's vested account will be transferred to an IRA for the benefit of the participant. If the participant's vested account is greater than \$5,000, the participant may choose a payment option described in the Plan. The Plan provides for the payment of benefits in amounts up to the entire vested balance in a participant's account upon a demonstrated hardship.

THE DESERT BOTANICAL GARDEN, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan (continued)

- F. Notes receivable from participants** – The Plan makes loans available to all participants and their beneficiaries on a uniform and non-discriminating basis. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable must be repaid over a term not to exceed five years from the date the proceeds are received unless the entire proceeds are used to purchase the participant's primary residence, in which case the repayment period may be extended, from the date of issuance. Participants may have only two loans outstanding at one time. The notes receivable are secured by the balance in the participant's account and shall bear interest at a rate comparable to rates available at commercial lending institutions. Principal and interest is paid ratably through payroll deductions.
- G. Termination of the Plan** – Although it has not expressed any intent to do so, the Garden has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants become 100% vested in the Garden's contributions.
- H. Forfeitures** – Forfeitures of nonvested accounts are utilized to reduce future Garden matching contributions, profit sharing contributions or to pay administrative expenses, which would otherwise be paid by the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$14,000 and \$11,000, respectively. During 2023, approximately \$17,000 of forfeited non-vested accounts were used to pay administrative expenses.
- I. Administrative expenses** – Certain expenses of maintaining the Plan are paid directly by the Garden on behalf of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments. The Plan permits administrative expenses to be paid from the Plan's assets and allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

(2) Summary of significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(2) Summary of significant accounting policies (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit paid to the participant is recorded.

Risks and uncertainties – The Plan provides for various investments in mutual funds and a money market fund. Investments in these funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of benefits – Benefits are recorded when paid.

Subsequent events – Plan management has evaluated subsequent events through September 13, 2024, which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(3) Fair value measurement (continued)

The following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds – Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Money market fund – The money market fund offers one share class. Shares are bought and sold at closing net asset value per share, which is the price for all outstanding shares of a fund. Each share has a par value of 1/1,000 of a cent.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,084,774	\$ -	\$ -	\$ 13,084,774
Money market fund	-	84,702	-	84,702
Total investments at fair value	<u>\$ 13,084,774</u>	<u>\$ 84,702</u>	<u>\$ -</u>	<u>\$ 13,169,476</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 10,982,193	\$ -	\$ -	\$ 10,982,193
Money market fund	-	80,790	-	80,790
Total investments at fair value	<u>\$ 10,982,193</u>	<u>\$ 80,790</u>	<u>\$ -</u>	<u>\$ 11,062,983</u>

(4) Information certified by the custodian

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest income on notes receivable from participants
- Interest and dividends income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-interest transactions

Certain Plan investments are managed by Charles Schwab Trust Bank, the Plan's custodian. These investments and transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Tri-Ad maintains and processes participant data and account information. Tri-Ad is the recordkeeper as selected by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Total administrative fees and expenses paid by the Plan to Tri-Ad for recordkeeping services totaled \$21,000 for the year ended December 31, 2023.

(6) Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed the Plan Administrator of such in a letter dated June 30, 2020. The Plan Administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.
