INDEPENDENT AUDITORS' REPORT

To the Plan Administrators of
NetPlanner Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of NetPlanner Systems, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NetPlanner Systems, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NetPlanner Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NetPlanner Systems, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NetPlanner Systems, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NetPlanner Systems, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NETPLANNER SYSTEMS, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE A – DESCRIPTION OF PLAN

The following description of NetPlanner Systems, Inc. 401(k) Plan (the “Plan”) is provided for general informational purposes only. More complete information regarding the Plan’s provisions may be found in the Plan Document.

General – The Plan is a defined contribution and profit sharing plan established by NetPlanner Systems, Inc. (the “Company”), under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers all eligible employees and is administered by an Administrative Committee appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility - Employees are eligible to participate in the Plan upon attaining six months of service and reaching the age of 21. An employee is credited with six months of service if the employee worked longer than six months during the year and is employed at the end of the plan year.

Contributions - Participants may elect to defer both pre-tax and after tax portions of their annual compensation subject to IRC limitations. The Company may make both matching and discretionary contributions. Discretionary contributions will be allocated to the participants’ accounts in the same ratio as each participant’s compensation bears to the total compensation of all qualifying participants and allocated to investment funds, as the participant’s contributions are allocated. If the participant’s account does not allocate to an investment fund, the discretionary contributions are then allocated to a money market account in the participant’s account.

Participant accounts - Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting - All participants’ contributions and earnings thereon are fully vested. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is determined by years of continuous service. Participants will become 25% vested after two years of continuous service with additional vesting of 25% per year thereafter.

Forfeited accounts - Forfeitures of terminated participants’ nonvested accounts are used to reduce future Company contributions and pay administrative expenses of the Plan. There were \$7,321 of non-vested accounts forfeited during the year ended December 31, 2023. The Plan Administrator expects to use these amounts to reduce Company contributions and/or administrative expenses in the year following the year they are forfeited.

Benefits - The full value of a participant’s account is paid when (1) the participant retires at age 59.5 or later; (2) the participant becomes permanently disabled; (3) the participant terminates employment; or (4) the participant dies while an active participant in the Plan. Participants who terminate employment with less than five years of service receive the vested portion of their account balance.

For the Year Ended December 31, 2023

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to/(from) the investment fund from/(to) loans to participants. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans.

Participant loans are recorded at amortized cost, which represents unpaid principal plus accrued interest. Interest income on notes receivable from participants is recorded when it is earned. In accordance with ASC 326, the Plan utilizes historical information and reasonable and supportable forecasts regarding future events to regularly evaluate the collectability of notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Administrative fees paid by the Plan were \$72,324 for the year ended December 31, 2023.

Investment valuation and income recognition – Investments are stated at fair value. The underlying securities in each pooled separate account are listed on national securities exchange and valued on the basis of year-end closing prices; securities traded in the over-the-counter market are valued at the closing price on the last business day of the year. Gain or loss on securities sold is based on average cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) denotes fair value using the net asset value per share as the practical expedient.

Subsequent events - Subsequent events have been evaluated through August 9, 2024, which is the date the financial statements were available to be issued.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurements – FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds are valued using quoted market prices in active markets which are observable Level 1 inputs.

Common collective trusts are primarily stated at net asset value using the practical expedient, which represents the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NETPLANNER SYSTEMS, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently adopted accounting pronouncements – In June 2016, the Financial Accounting Standards Board (“FASB”) issued ASU 2016-13, *Financial Instruments – Credit Losses: Measurement of Credit Losses on Financial Instruments*, which requires the use of a new current expected credit loss (“CECL”) model in estimating allowances for current expected credit losses with respect to notes receivable. The CECL model requires that the Plan estimate its lifetime expected credit loss with respect to these receivables and record allowances when deducted from the balance of the receivables, which represent the estimated net amounts expected to be collected. The Plan will consider whether historical loss rates are consistent with expectations of forward-looking estimates for its notes receivable from participants.

This ASU is effective for fiscal years beginning after December 15, 2022. The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

NOTE C – TAX STATUS

The Plan is a volume submitter 401(k) profit sharing plan created by Fidelity Management and Research Company (FMRC). The Internal Revenue Service has determined and informed FMRC by a letter dated June 30, 2020 that the prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving FMRC’s opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for tax years prior to 2020.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NETPLANNER SYSTEMS, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE E – CERTIFIED INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as complete and accurate by a qualified institution need not be subjected to independent audit. The Plan administrator has obtained a certification from Fidelity, as trustee of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as of December 31, 2023 and 2022.
- Plan transactions related to investment income, securities transactions and interest income on notes receivable from participants for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – FAIR VALUE MEASUREMENTS

The following represent fair value measurements based on inputs as of December 31, 2023 and 2022:

<u>As of December 31, 2023</u>	<u>Fair Value</u>	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>

NOTE G – FAIR VALUE MEASUREMENTS (CONTINUE)

** The common/collective trust funds are measured at net asset value as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investment for which the fair value is measured using NAV as a practical expedient as of December 31, 2023 and 2022:

<u>Description</u>	<u>Fair Value</u> <u>12/31/2023</u>	<u>Fair Value</u> <u>12/31/2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>
Common collective trusts	\$ 789,236	\$ 807,829	N/A	Daily

NOTE H – PARTIES-IN-INTEREST

Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, transactions occurring between the Plan and the trustee qualify as party-in-interest transactions. Certain administrative fees are deducted from the Plan assets by the trustee.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following represents a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

INDEPENDENT AUDITORS' REPORT

To the Plan Administrators of
NetPlanner Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of NetPlanner Systems, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NetPlanner Systems, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NetPlanner Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NetPlanner Systems, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NetPlanner Systems, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NetPlanner Systems, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NETPLANNER SYSTEMS, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE A – DESCRIPTION OF PLAN

The following description of NetPlanner Systems, Inc. 401(k) Plan (the “Plan”) is provided for general informational purposes only. More complete information regarding the Plan’s provisions may be found in the Plan Document.

General – The Plan is a defined contribution and profit sharing plan established by NetPlanner Systems, Inc. (the “Company”), under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers all eligible employees and is administered by an Administrative Committee appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility - Employees are eligible to participate in the Plan upon attaining six months of service and reaching the age of 21. An employee is credited with six months of service if the employee worked longer than six months during the year and is employed at the end of the plan year.

Contributions - Participants may elect to defer both pre-tax and after tax portions of their annual compensation subject to IRC limitations. The Company may make both matching and discretionary contributions. Discretionary contributions will be allocated to the participants’ accounts in the same ratio as each participant’s compensation bears to the total compensation of all qualifying participants and allocated to investment funds, as the participant’s contributions are allocated. If the participant’s account does not allocate to an investment fund, the discretionary contributions are then allocated to a money market account in the participant’s account.

Participant accounts - Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting - All participants’ contributions and earnings thereon are fully vested. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is determined by years of continuous service. Participants will become 25% vested after two years of continuous service with additional vesting of 25% per year thereafter.

Forfeited accounts - Forfeitures of terminated participants’ nonvested accounts are used to reduce future Company contributions and pay administrative expenses of the Plan. There were \$7,321 of non-vested accounts forfeited during the year ended December 31, 2023. The Plan Administrator expects to use these amounts to reduce Company contributions and/or administrative expenses in the year following the year they are forfeited.

Benefits - The full value of a participant’s account is paid when (1) the participant retires at age 59.5 or later; (2) the participant becomes permanently disabled; (3) the participant terminates employment; or (4) the participant dies while an active participant in the Plan. Participants who terminate employment with less than five years of service receive the vested portion of their account balance.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to/(from) the investment fund from/(to) loans to participants. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans.

Participant loans are recorded at amortized cost, which represents unpaid principal plus accrued interest. Interest income on notes receivable from participants is recorded when it is earned. In accordance with ASC 326, the Plan utilizes historical information and reasonable and supportable forecasts regarding future events to regularly evaluate the collectability of notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Administrative fees paid by the Plan were \$72,324 for the year ended December 31, 2023.

Investment valuation and income recognition – Investments are stated at fair value. The underlying securities in each pooled separate account are listed on national securities exchange and valued on the basis of year-end closing prices; securities traded in the over-the-counter market are valued at the closing price on the last business day of the year. Gain or loss on securities sold is based on average cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) denotes fair value using the net asset value per share as the practical expedient.

Subsequent events - Subsequent events have been evaluated through August 9, 2024, which is the date the financial statements were available to be issued.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurements – FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds are valued using quoted market prices in active markets which are observable Level 1 inputs.

Common collective trusts are primarily stated at net asset value using the practical expedient, which represents the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently adopted accounting pronouncements – In June 2016, the Financial Accounting Standards Board (“FASB”) issued ASU 2016-13, *Financial Instruments – Credit Losses: Measurement of Credit Losses on Financial Instruments*, which requires the use of a new current expected credit loss (“CECL”) model in estimating allowances for current expected credit losses with respect to notes receivable. The CECL model requires that the Plan estimate its lifetime expected credit loss with respect to these receivables and record allowances when deducted from the balance of the receivables, which represent the estimated net amounts expected to be collected. The Plan will consider whether historical loss rates are consistent with expectations of forward-looking estimates for its notes receivable from participants.

This ASU is effective for fiscal years beginning after December 15, 2022. The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

NOTE C – TAX STATUS

The Plan is a volume submitter 401(k) profit sharing plan created by Fidelity Management and Research Company (FMRC). The Internal Revenue Service has determined and informed FMRC by a letter dated June 30, 2020 that the prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving FMRC’s opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for tax years prior to 2020.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E – CERTIFIED INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as complete and accurate by a qualified institution need not be subjected to independent audit. The Plan administrator has obtained a certification from Fidelity, as trustee of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as of December 31, 2023 and 2022.
- Plan transactions related to investment income, securities transactions and interest income on notes receivable from participants for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – FAIR VALUE MEASUREMENTS

The following represent fair value measurements based on inputs as of December 31, 2023 and 2022:

NOTE G – FAIR VALUE MEASUREMENTS (CONTINUE)

** The common/collective trust funds are measured at net asset value as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investment for which the fair value is measured using NAV as a practical expedient as of December 31, 2023 and 2022:

<u>Description</u>	<u>Fair Value</u> <u>12/31/2023</u>	<u>Fair Value</u> <u>12/31/2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>
Common collective trusts	\$ 789,236	\$ 807,829	N/A	Daily

NOTE H – PARTIES-IN-INTEREST

Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, transactions occurring between the Plan and the trustee qualify as party-in-interest transactions. Certain administrative fees are deducted from the Plan assets by the trustee.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following represents a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:
