Retirement Plan Committee
Veradigm LLC. Retirement Savings Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Veradigm LLC. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of the Veradigm LLC. Retirement Savings Plan (the “Plan”), formerly the Allscripts Retirement Savings Plan, provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions. On January 3, 2023, the Plan was amended to change the name from the Allscripts Retirement Savings Plan to the Veradigm LLC. Retirement Savings Plan.

General

The Plan is a defined contribution plan covering all full-time employees of Veradigm LLC. (the “Company”) who are age 18 or older. Charles Schwab Trust Bank (the “Trustee”) serves as the Plan’s trustee. Schwab Retirement Plan Services, Inc. is the recordkeeper (the “Recordkeeper”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Transfer

During 2022, the Company divested a business segment to Harris Dawn Holdings Inc. The Plan was amended to include Harris Dawn Holdings Inc. as an adopting employer and those employees continued to participate in the Plan during 2022. Effective January 1, 2023, Harris Dawn Holdings, Inc. was removed as an adopting employer and participant balances for those employees totaling approximately \$305,000,000 were transferred out of the Plan to the Constellation Software (U.S.A.) Inc. Retirement Savings Plan in January 2023.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions

Participants may contribute up to the lesser of 70% of pretax or after-tax annual compensation, as defined in the Plan, or the annual statutory limit determined by the Internal Revenue Code (“IRC”). The Plan also permits Roth contributions, and participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company makes a safe harbor contribution in an amount equal to 100% of the participant’s contribution that does not exceed 4% of eligible compensation.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN (continued)

The Company may also make non-safe harbor nonelective contributions. The Company did not make any non-safe harbor nonelective contributions during 2023. Contributions are subject to certain limitations.

Effective January 1, 2023, the Plan was amended to include an automatic enrollment provision, whereby newly eligible participants are automatically enrolled in the Plan at an initial contribution rate of 4% of their eligible compensation. The Plan was also amended to allow conversion of pretax contributions to Roth contributions.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's safe harbor contributions and non-safe harbor nonelective contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor contributions, and the Company's non-safe harbor nonelective contributions plus actual earnings thereon.

Forfeitures

Forfeitures relating to the nonvested portion of a terminated participant's employer contributions are retained by the Plan and may be used to reduce the employer's contributions or pay administrative expenses. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$24,700 and \$16,312. During the year ended December 31, 2023, \$37,948 of forfeited accounts were used to reduce employer contributions and \$46,230 of forfeited accounts were used to pay administrative expenses.

Payment of Benefits

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Participants may elect to receive annual installments, partial distributions, or a lump-sum amount.

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN (concluded)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loan term is up to five years for a general-purpose loan and up to ten years for the purpose of purchasing a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the Prime rate plus 1% at the date of the loan origination. Principal and interest are paid ratably through payroll deductions. A participant may have two loans outstanding.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except fully benefit-responsive investment contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. See Note 5 for discussion of the investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, hardship withdrawals, and the self-directed, personal-choice retirement accounts (“PCRAs”) are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest on investments, and interest income on notes receivable from participants for 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are held individually and within the self-directed brokerage accounts.

Common and preferred stocks - Valued at the closing price reported on the active market on which the individual securities are traded. These investments are held within the self-directed brokerage accounts.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Unit investment trusts - Valued at the daily closing price as reported by the trust. Unit investment trusts held by the Plan are exchange-traded mutual fund offerings registered with the SEC. These investments are held within the self-directed brokerage accounts.

Collective trust funds - Investment funds formed by the pooling of investments by institutional investors, such as a group of not-necessarily affiliated pension or retirement plans, typically with the intention of achieving cost savings over similar investment options such as mutual funds. Collective trusts are similar to mutual funds, with a named investment manager and documented investment objective. These investments, however, are not registered with the SEC (unlike mutual funds, which are registered) and participation is not open to the public. The NAV is measured by the custodian or investment manager as of the close of regular daily trading. These investments are classified within level 2 of the fair value hierarchy. When measuring the fair value of such funds, the NAV, as provided by the fund sponsor, is corroborated with observable inputs provided by pricing services for the securities. In certain instances, NAVs may require adjustments to more appropriately reflect the fair value. No adjustments to NAVs were required.

The collective trust funds have a daily redemption frequency, and a redemption notice period is not required. There are no unfunded commitments. The valuation of fund units is published daily and is the basis for current transactions. There are no collective trust funds held within the self-directed brokerage accounts.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023			
	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 335,575,381	\$ -	\$ -	\$ 335,575,381

Total investments measured at fair value	\$479,912,995	\$266,105,212	\$ -	\$746,018,207

NOTE 5: INVESTMENT AT CONTRACT VALUE

Certain Plan participants invest in the New York Life Anchor Account IV Fund, which is a fully benefit-responsive investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity-wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 6: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Charles Schwab Trust Bank is the Trustee of the Plan; therefore, transactions with the Trustee qualify as party in interest transactions that are allowable under ERISA. Fees paid by the Plan to the Trustee totaled \$258,094 for the year ended December 31, 2023, and fees paid to other service providers totaled \$186,082. The Company also paid certain administrative expenses of the Plan.

NOTE 7: INCOME TAX STATUS

The Plan obtained its latest opinion letter on September 21, 2020, in which the Internal Revenue Service stated that the Schwab Retirement Plan Services, Inc. Prototype Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with cash or deferred arrangement, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities.

NOTE 8: SUBSEQUENT EVENTS

In January 2024, the Company acquired Koha Health LLC. The employees of Koha Health LLC began participating in the Plan effective January 1, 2024 and were offered the opportunity to participate in a group rollover to bring their previous account balances into the Plan. In February 2024, the Company acquired Cascade Bio Inc. The employees of Cascade Bio Inc. began participating in the Plan effective April 1, 2024. On July 25, 2024, Cascade Bio Inc.'s 401(k) Plan, the ScienceIO 401(k) Plan, merged into the Veradigm LLC Retirement Savings Plan, with total assets transferred of approximately \$956,000.

The Plan Sponsor has evaluated subsequent events through the report date, the date the financial statements were available to be issued, and determined that no other events have occurred that would require adjustment to or disclosure in these financial statements.
