CERTIFIED PUBLIC ACCOUNTANT

Independent Auditor's Report

To the Plan Administrator and Management of
the Micrometals Security & Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of Micrometals Security & Retirement Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Micrometals Security & Retirement Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Micrometals Security & Retirement Plan and Trust and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Micrometals Security & Retirement Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Micrometals Security & Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Micrometals Security & Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MICROMETALS SECURITY & RETIREMENT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 – Description of plan

The following description of the Micrometals Security & Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established as of January 1, 1989. The Plan Sponsor is Micrometals, Inc. Fidelity Management Trust Company (Fidelity) has been contracted to serve as the trustee and custodian of the Plan. Fidelity Investments serves as the Recordkeeper of the Plan. The Plan was established by the Plan Sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was restated effective March 31, 2021, to reflect statutory changes pursuant to the Bipartisan Budget Act of 2018 (BBA), and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations and any related guidance. The amendment is intended as good faith compliance with the requirements of the Airway Extension Act of 2017 (Disaster Relief Act) and the Tax Cuts and Jobs Act of 2017 (TCJA). The IRS has determined and informed the plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan was again amended and restated effective June 1, 2021, to remove the Trust Agreement formerly within the Basic Plan Document No. 17 to become a separate, independent Trust Agreement without altering the substance thereof.

Effective in 2020, the Plan Sponsor implemented the provision of the CARES Act that waives 2020 Required Minimum Distributions. This is the only provision of the CARES Act that was implemented. The plan was amended September 9, 2022, to account for this provision and was effective January 1, 2020.

The Plan was amended effective December 1, 2022, to allow employees that terminate employment with outstanding note receivable balances will not be immediately due and payable and continue to be payable in accordance with the provisions of the loan note.

The Plan was amended effective February 27, 2023, to allow employees to enter into the Plan immediately after meeting eligibility requirements. Prior to this date, employees were allowed to enter into the Plan on the first day of the Plan year or the first day of the fourth, seventh, and tenth month of the Plan year following the date on which the eligibility requirements are satisfied.

Effective August 15, 2023, the Plan was amended to allow Roth 401(k) contributions and rollovers.

The Plan has also implemented certain requirements by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, delay the commencement date for required minimum distributions. Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into law on Dec. 29, 2022, as part of the Consolidated Appropriations Act (CAA) of 2023. SECURE 2.0 builds on and expands the SECURE Act of 2019 to improve retirement-savings opportunities. The Plan is in the process of evaluating the effects on the Plan. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

MICROMETALS SECURITY & RETIREMENT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 – Description of plan (continued)

Investment options

The participant contributions and the Plan Sponsor matching contributions are allocated to the various investment options offered by the Plan as directed by the participants. The investment options include funds held in mutual funds and common/collective trusts.

Eligibility and participation

All employees who are employed for six months and have attained the age of 21 are eligible to participate in the Plan. The Plan covers all employees except non-resident aliens who receive no U.S. earned income and employees who are included in a unit of collective bargaining. Effective February 27, 2023, employees are allowed to enter into the Plan immediately after meeting eligibility requirements. Prior to this date, employees were allowed to enter into the Plan on the first day of the Plan year or the first day of the fourth, seventh, and tenth month of the Plan year following the date on which the eligibility requirements are satisfied.

Participant accounts

Each participant's account is credited with the participant's deferrals and an allocation of a) the Plan Sponsor's contribution and b) Plan earnings. Each participant's account is decreased by investment losses and depreciation in the value of investments, as well as withdrawals and distributions from their account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Contributions

The Plan is a contributory plan whereby participants may contribute pre-tax annual compensation from 1% to 60% of their salary, not to exceed \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Participants aged 50 or older may elect to defer up to an additional \$7,500 and \$6,500 for 2023 and 2022, respectively, of "catch up" contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective August 15, 2023, the Plan was amended to allow Roth 401(k) contributions and rollovers. The Plan Sponsor provides a match of 50% on employee contributions up to 15% of the participant's eligible compensation. The Plan Sponsor contributed \$185,919 in matching contributions to the Plan for the year ended December 31, 2023. The Plan Sponsor may also make discretionary profit-sharing contributions to the Plan. No discretionary profit-sharing match was made for 2023.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 10 years if used to purchase the participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. Interest rates on participant loans ranged from 4.25% to 9.50% as of December 31, 2023 and 4.25% to 8.00% as of December 31, 2022. Principal and interest is paid ratably through payroll deductions or participant payments.

MICROMETALS SECURITY & RETIREMENT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 – Description of plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in employer contributions and the earnings thereon is based on years of continuous service and vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service.

Payment of benefits

Upon retirement, death, disability, or termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, or annual or more frequent installments, distributed in accordance with the Plan. Benefits provided under this plan are neither insured nor guaranteed by the Plan Sponsor, by the Pension Benefit Guarantee Corporation, a federal governmental agency, nor under any state or federal law.

In-Service withdrawals

Participants who are at least 59-1/2 years of age are entitled to receive a distribution of all or any portion of their vested account balance.

Hardship withdrawals, which meet a hardship purpose of immediate and heavy financial needs, are permitted as provided in the plan agreement. Such amounts may be drawn from a participant's vested account balance only and may be subjected to certain income tax penalties.

Forfeitures

Forfeited balances of terminated participating non-vested accounts may be used to reduce administrative expenses and Plan Sponsor contributions to the Plan. As of December 31, 2023 and 2022, the amount of forfeitures available is \$2,609 and \$14,636, respectively. During 2023 and 2022, \$20,586 and \$25,905, respectively, was used to reduce Plan Sponsor contributions and administrative expenses.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting as required by accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures. Actual results could differ from those estimates.

MICROMETALS SECURITY & RETIREMENT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 2 – Summary of significant accounting policies (continued)

Investment valuation and income recognition

Investments are measured at quoted prices in an active market and have been certified complete and accurate by Fidelity, the Plan's custodian and trustee. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments. Fees paid by the Plan amounted to \$5,254, offset with a revenue credit of \$7,500, per agreement with Fidelity, resulting in a net credit of fees in the amount of \$(2,246) for the year ended December 31, 2023. Fees paid by the Plan Sponsor for administrative fees amounted to \$9,950 for the year ended December 31, 2023.

Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability in the amount of \$6,112 with a corresponding corrective distributions expense for the year ended December 31, 2023. The Plan distributed the excess contributions to the applicable participants in February 2024.

Subsequent events

Subsequent events have been evaluated by the Sponsor's management through July 3, 2024, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2023 that required recognition or additional disclosure in the current period financial statements.

MICROMETALS SECURITY & RETIREMENT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2: Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Fidelity Managed Income Portfolio Class 1 (MIP CL 1 Fund) is a stable value collective trust fund available to the Plan. The Plan uses the net asset value (NAV) per share of the funds provided by the trustee of the funds as a practical expedient to estimate fair value. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023

Note 4 – Information certified by the trustee

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the trustee that the following information included in the Plan's financial statements is complete and accurate, as of and for the years ended 2023 and 2022:

MICROMETALS SECURITY & RETIREMENT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 5 – Parties-in-interest transactions

Certain Plan investments are managed by Fidelity, the trustee and custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan also holds notes receivable representing participant loans. Therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The IRS has determined and informed the plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Schedule H of Form 5500:
