Independent Auditor's Report

The Plan Committee
The Premier Brands Group Holdings LLC Retirement Plan
Bristol, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Premier Brands Group Holdings LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the *ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Premier Brands Group Holdings LLC Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of The Premier Brands Group Holdings LLC Retirement Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for the complete information.

General

The Plan is effective January 3, 1983 and is a contributory, defined contribution 401(k) plan available to qualifying employees of Premier Brands Group Holdings LLC (the Company or the Employer) who have completed six months of service within a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated on January 1, 2015 and subsequently amended April 1, 2021 and July 27, 2023. Union, leased and temporary employees, as defined, and non-resident aliens are excluded from participation in the Plan.

Contributions

Each year, employees are entitled to make tax deferred compensation contributions to the Plan of up to 50% of their annual compensation, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. On April 1, 2021, the Plan was amended to allow participants to make Roth elective deferrals. On July 27, 2023, the Plan offered the option to allow participants to have access to a self-direct brokerage account for fixed income securities. Employees may enter into a voluntary automatic deferral escalation agreement for up to three years.

The Plan is a “Safe Harbor Plan” under Section 401(k)(12) of the Internal Revenue Code (Code). As a “Safe Harbor Plan,” the Company makes a fully vested safe harbor matching contribution for all eligible participants amounting to 100% of the first 3% of the participant’s salary deferred and 50% of the next 2% of salary deferred. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Employer may make a discretionary matching and or profit sharing contribution. To receive an allocation of the discretionary profit sharing contribution an eligible participant must work at least 1,000 hours and be employed on the last day of the year. No discretionary matching or profit sharing contributions were made for year ended December 31, 2023.

Participants’ Accounts

Each participant’s account is credited with the participant’s contributions, the Company matching, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

The Premier Brands Group Holdings LLC Retirement Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions, any rollover contributions, safe harbor matching contributions, and any income or loss thereon, made in accordance with the Safe Harbor provisions of the Plan. Discretionary matching and profit sharing contributions vest 20% each year after one year of service, with full vesting after five years.

Forfeitures

Amounts forfeited by withdrawing participants from may be used to pay administrative expenses of the Plan and/or to reduce the amount of Employer contributions, which are to be made by the Company for the current or following Plan year.

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$9,893 and \$35,443, respectively. For 2023, there were additions of \$5,184, related to unclaimed issued checks and earnings. During 2023, \$16,250 was used to pay for Plan expenses or used to reduce Employer contributions and \$14,484 was used to reissue previously identified unclaimed checks.

Payments of Benefits

On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Notes Receivable from Participants

Notes receivable from participants represent participant notes that are recorded at their unpaid principal balance plus any accrued but unpaid interest. A participant may borrow a minimum of \$1,000 and up to 50% (but not greater than \$50,000) of his or her vested interest in his or her account under a Plan loan provision. The notes are secured by the balance in the participant's account and bear interest based on the prime rate plus 1%. At December 31, 2023 and 2022, interest rates range from 4.25% to 9.50%. The notes are repaid ratably through bi-weekly payroll deductions over a period of five years or less, except for the purchase of a principal residence, which may be repaid over a reasonable period of time that may be longer than five years. A participant is allowed one note outstanding at a time.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

The Premier Brands Group Holdings LLC Retirement Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income, and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such

The Premier Brands Group Holdings LLC Retirement Plan

Notes to Financial Statements

certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the ERISA-required supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023 or 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

The Premier Brands Group Holdings LLC Retirement Plan

Notes to Financial Statements

Common Collective Trust

The Plan's common collective trust fund (CCT) is valued at its NAV per unit as a practical expedient for fair value as reported by the fund manager of the collective trust. NAV is calculated based on the fair values of the underlying investments held by the fund less its liabilities as reported by the issuer of the fund. The practical expedient is used for purposes of these statements but is not used in situations when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Additionally, considerations are given to any specific rights or obligations that pertain to the funds in the CCT that could limit the ability to redeem from the CCT. The fund invests in common/collective trust funds, synthetic guaranteed investment contracts (referred to hereafter as wrapper contracts), and a short-term interest fund. The fund's key objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan. The fund accomplishes these objectives through the wrapper contracts, which guarantee the contract value to the extent the fair value of the underlying investments in the common/collective trust funds is less than contract value. The fund has no unfunded commitments or significant redemption restrictions at December 31, 2023 and 2022.

Participant-Directed Brokerage Account

A self-directed brokerage account allows Plan participants the opportunity to invest up to 50% of their account balance, and no less than \$10,000, in a wide array of fixed income securities. Participants can elect to direct their Plan assets into individual fixed income securities by establishing a Plan level brokerage account. Investments in brokerage accounts are reported at fair value. The Plan receives prices for investments in brokerage accounts from a nationally recognized pricing service that are based on observable market transactions.

The following tables, set forth by level within the fair value hierarchy, summarize investment assets measured at fair value:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 161,897,452	\$ -	\$ -	\$ 161,897,452
Common/collective trust, at NAV*				21,790,177
Participant-directed brokerage account	288,709	-	-	288,709

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 135,210,867	\$ -	\$ -	\$ 135,210,867
Common/collective trust, at NAV*	-	-	-	26,649,425

* The common/collective trust that is measured at fair value using the NAV per share (or its equivalent) practical expedient has not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan

The Premier Brands Group Holdings LLC Retirement Plan

Notes to Financial Statements

believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2023 and 2022.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become or remain 100% vested in their accounts.

6. Related Party and Party-in-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investments.

Participant loan and distribution processing fees are paid to Recordkeeper by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Tax Status

The Plan has adopted a Merrill Lynch Prototype Non-Standardized Profit Sharing Plan with CODA (the Prototype Plan). Merrill Lynch received an opinion letter from the IRS dated June 30, 2020, stating that the form of the adopted Prototype Plan is acceptable in accordance with the provisions of the Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Premier Brands Group Holdings LLC Retirement Plan

Notes to Financial Statements

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to Form 5500:

<i>December 31,</i>	2023	2022
Net Assets Available for Plan Benefits , per the financial statements	\$ 185,177,958	\$ 163,040,676
Less: amounts allocated to withdrawing participants	(350,338)	(21)
Net Assets Available for Plan Benefits , per Form 5500	\$ 184,827,620	\$ 163,040,655

The following is a reconciliation of benefits paid to participants per the financial statements to Form 5500:

Year ended December 31, 2023

Benefits paid to participants, per the financial statements	\$ 14,835,261
Add: amounts allocated to withdrawing participants at December 31, 2023	350,338
Less: amounts allocated to withdrawing participants at December 31, 2022	(21)
Benefits Paid to Participants , per Form 5500	\$ 15,185,578

The following is a reconciliation of net increase in net assets per the financial statements to net income per Form 5500:

Year ended December 31, 2023

Net Increase in Net Assets Available for Benefits , per financial statements	\$ 22,137,282
